I'd have a place to put the junk my girl friend brings to dances.

form a new association opposed to annexation until a satisfactory metropolitan authority has been formed. Their group will be known as the Franklin County Citizens Association.

Resolutions adopted by the township officials included (1) going on record as opposed to annexation of any township or parts thereof until a metropolitan authority has been adopted. (2) demanding of a regional water and sewage authority. (3) opposition to the new eight-man advisory board (on annexation problems) as it is presently constituted. (4) continued opposition to any recommendations of the advisory board as long as the townships are represented by only two members on that advisory board and (5) a demand that a new advisory board be organized whereby each township in the county shall be equitably represented.

Speakers for the group in addition to Crandall were Mifflin Twp. Trustee Leland Agler, Madison Twp. Trustee W. R. Dellenbaugh, Marion Twp. Trustee Earl Lupfer, Truro Twp. Trustee C. H. Rummell and George Berry, superintendent of Franklin County schools. With the exception of Beery, each speaker criticised the city attitude on annexation, decrying threats and intimidations.

At City Council meeting on Monday night, Joseph R. Jones, chairman of the council's service committee, declared that legislation will be ready in about two weeks to raise water rates and sewer service charges for non-Columbus customers. Jones advocated only increases for non-Columbus users to raise money the city needs for financing a new sewage treatment plant and a main trunk line which will cost approximately $15 million.

Jones pointed out that the expansion of water and sewer facilities would not be needed at the present time if it were not for non-city users.

Council in a resolution directed no sewer line extensions outside the city unless the area is annexed. Several weeks ago it established a like policy on water main extensions.

TIME OF THEIR LIVES

Two Local Youths Enjoy Trip To New York's 'White Way'

John Morrison

Marc Brown

Two 18-year-old Ohio State University sophomores are just back from the time of their lives. Marc Brown, Leap-rd, Hilliards, and John Morrison, 2964 Crescent-dr, Columbus, spent their Easter vacation touring New York City with special attention centered on the "Great White Way." Both interested in dramatics, radio and television, they concentrated in seeing as many shows and entertainment spots as they could crowd into one week.

Dave Garroway and Arthur Godfrey television shows were visited. The Broadway comedy-hits, "Tea House of the August Moon" and "Solid Gold Cadillac"; John Murray Anderson's musical, "The Almanac," Mary Martin and Charles Boyer in the movie, "Kind Sir" were also attended. Included in their strolls about the metropolis were visits to the Terrace Room at Hotel New Yorker, the Ice Show, Rainbow Room, RCA Building, Radio City, a dinner at Jack Dempsey's and at Lindy's restaurants, visits to China Town, The Bowery, Harlem, Grenwich Village, United Nations Building, Rockefeller Center, the Cathedral of St. John the Divine, Central Park and Grant's Tomb.

With all the excitement and thrills of their tour, Brown says they missed the greatest when police shot and captured right in front of their hotel, three dope peddlers. The two local youths thought the noise was automobiles backfiring in the street beneath their window.

Except for one day when it rained, the youths made all their excursions on foot. There were two good reasons — first, Brown said, because they had more time to take in the city as they went from place to place, and, second, because being on limited budgets the tipping system was a drain on their funds as well as extremely distasteful.

To quote Brown, "New Yorkers surely lived up to their reputation for rudeness" — "but Gee, we had a wonderful time!"

EXTENSIVE TOUR OF THE SOUTHWEST

Retired Hilltop Railroader And Wife Complete Epic Trip

Mr. and Mrs. Grover C. Amrine 180 Binns-blvd, returned to Columbus Wednesday, Mar. 31, after a three and one-half month tour of the Southwest which launched the beginning of a "new life" for the pair.

Amrine, 69-year-old Pennsylvania Railroad employee who retired Dec. 15, 1953, after 49 years and one month of service, said at the time of his retirement that "my wife Lottie and I will readjust ourselves to living again." The long western trip was the first of their plans of enjoying life.

Leaving Columbus, by the Pennsylvania Railroad, of course, the Amrines headed for the home of their son, Harold, and his family in Santa Fe, N. M., by way of Chicago. Amrine said "we mostly just visited among ourselves in Santa Fe, enjoying the company of our granddaughter, Norma Jean Yardman, her husband Eddie, and our great-grandson, Eddie Jr."

Next stop on the itinerary was Los Angeles on Sunday, Jan. 24, where they were met at the station by Ray and May Sullivan and their son, Carl, former Hilltop residents at 331 S. Burgess-av. The Amrines spent the next several days as the houseguests of the Sullivans in their home in Pacoima, some 25 miles from downtown Los Angeles.

Side trips from the Sullivans' home included Simi Valley, Ojai Valley, and Teopa Hot Springs at the southern tip of Death Valley, where they rented a cottage for three days and enjoyed the hot mineral water baths.

They visited Death Valley Scotty's castle, Furnace Creek Ranch (an irrigated oasis shaded by date palm trees established in 1870), thrilled to being at Badwater, the lowest point in America — 279.8 feet below sea level, and toured Twenty Mule Team Canyon.

Next day took them to Pahrump Valley, lying between California and Nevada, to Shoshone and its nearby volcanic cinder cones.

Next trip took the Amrines to Zuma Beach and included a stop at the world-famed International Airport, where passenger planes are either landing or taking off every two minutes.

At Red Rock Canyon, near the High Sierras, the Amrines saw three motion pictures being shot on location including one in which live jungle animals were being used.

The next trip, by Pullman, was to San Francisco, where the Amrines rode the cable cars, visited Fisherman's Wharf, and took a speed boat sight trip around the bay, seeing Alcatraz and the Golden Gate Bridge.

Next on the itinerary was Los Angeles, with more sightseeing in company with the Sullivans. Other highlights of the trip included a three-day trip to Hollywood.

Amrine said he was thrilled when he had the opportunity to sit in the chair in a restaurant at Hollywood and Vine that Will Rogers had occupied many times in his discussions with Wiley Post.

Considered as part of their Hollywood adventure, the Amrines saw the world-renowned Farmers' Market, visited the new NBC television studios in Burbank and were able to watch the Soike Jones Show with Margaret Truman as guest star. Other sights enjoyed in the film capital were "The Tex Williams Show," and a telecast of "Ladies Always Win."

The Amrines bade goodby to the Sullivans on Sunday evening, Mar. 28, as they boarded the California Limited Santa Fe on the first leg of their long trip home.

PIANIST—Rev. Russell Hughes, pastor of the Evergreen Holiness Chapel, near New Rome, just couldn't resist bringing in this picture of his granddaughter seven - month - old Cathy Fellows (pictured above) who apparently has a natural "leaning" toward the piano. Cathy Kay is the daughter of Mr. and Mrs. Robert Fellows, 187 Pasadena-av, New Rome.

NEWS OF HILLIARDS

Mayor Patterson Names April As 'Clean-UP Month' In Hilliards

April has been designated Clean-up Month by Mayor Patterson. Mayor Patterson announced Saturday that the village has begun using the garbage dump on Roberts-rd on a trial basis. Residents are advised that daily coverage of the village streets is being made by the pickup crew and all that is necessary to insure quick removal of rubbish and other by-products of spring cleaning is to have the material out where it can be seen and readily loaded onto the truck.

The Hilliards Junior Police will organize a baseball team at their next meeting Saturday afternoon at the grade school. Junior Police are taking a lively interest in community and civic affairs and are purchasing some "Keep-Our-Town-Clean" equipment out of their own funds, to be installed this week.

Mrs. James Meeker, Cub Scout mother, entertained the Brownie group Friday afternoon, at her home, 103 N. Norwich-st.

Mrs. Hazel Arndt of Roberts-rd, who recently returned from a month's stay in Florida, visited with Mrs. Walter Arndt, Monday afternoon.

A number of parents accompanied members of the Hilliards High School Band to the festival at Groveport, Friday evening. The work of the All-County Band was warmly praised by Director Simon, whose words tempered the disappointment of local youth in failing to make top rating in the contest. Lack of sufficient instrumentation, in other words, need of greater diversity of instruments, was a factor in rating received, A-2 being the award of the Hilliards group.

Junior Methodist Youth Fellowship met Sunday evening at the home of Nellie Lou Gardella, 4248 Dublin-rd. . . . Ted and Charles Arthur Smith of Godown-rd, were overnight guests of their grandparents, Mr. and Mrs. Charles Spring Tuesday of last week . . . McCann attended the funeral of Charles Hoofstetter at the Egan-Ryan Funeral Home, Sunday afternoon.

The late spring and continued cold weather have had a noticeable effect on seasonal sales, Hilliards merchants report. Mgr. Leo Shade of Hilliards Lumber Co. said that after a long slow-up, sales of building materials of all types have just recently begun to pick up. . . . Mrs. McMillen of The McMillen Hardware Co. reported that usual sales of spring decorating materials have been very slow, up to now.

Adjutant John Penfield, Hilliards Post, American Legion, advised that the proposed purchase of the McAfee Building on S. Franklin-st, to be used as a Legion Hall is approaching a successful conclusion. The post, aided by the Ladies' Auxiliary, performed a stupendous task by raising $7000 in two months, thus exceeding somewhat the amount required to swing the deal. Everything is now in abeyance, pending a favorable report on title and issuance of a title insurance policy. When acquired, which is expected very shortly, the Legion plans a grand opening for about the first of June. The Hall will be open to any and all groups of the community needing a meeting place to hold various programs. It is the Legion plan to serve the entire community rather than being an exclusively membership facility.

Farmers and gardeners are warned this will be another insect year. Agricultural Extension Bulletin dated Mar. 29 advises that spittlebug infestation will be as bad as last year. Pasture treatment dates for this area are from May 1 to 20.

The 26th anniversary of the founding of Hilliards Chapter, Future Farmers of America, was celebrated with a banquet Tuesday evening at the high school. Dinner was prepared by home economics department students.

The next regular business meeting of the chapter will be Apr. 13 at the Temple and will be followed by initiation. Mr. and Mrs. M. D. Knick entertained at dinner, Sunday evening, Mr. and Mrs. Jim Knick and daughters and Mr. and Mrs. Jim Dougherty . . . Mr. and Mrs. Albert Knick called on Mrs. Knick's brother, M. D. Knick, Saturday evening.

Observed: Sunday morning, Apr. 4th, looked out to see the ground smoothly covered with snow; fifteen minutes later literally dozens of small birds, juncods, chickadees, various species of sparrows wallowing in the white stuff and picking up, greedily, grass seeds sown on the lawn the day before. Literally a demonstration of the Biblical reference to food abundantly supplied—how else would birds know that beneath that blanket of snow was provision for their urgent need.

Seen at Seiller's

by Sue Fredendall

Hey Dad, do you have your new Easter suit purchased yet? Can't let mother outshine you. I know she'll look awfully pretty in her new bonnet, but you'll make quite a dashing appearance yourself in one of the good looking single breasted suits from Seiller's. They are the latest word in men's fashions this spring, and the coat can double as a sport coat.

The new styles are very slimming to that waistline of yours, and the trousers really hold the crease. This new mixture of Dacron and wool is the most wonderful thing that has happened to man's clothes. Even if someone spills refreshments in your lap, the crease will stay. A friend tells us he was wearing a pair of slacks made from this blend of Dacron and wool one day while fishing from the lake shore near his cottage. He got quite wet from the breakers splashing on the rocks. By the time he had decided he had had enough fishing and walked back to the cottage his trousers were dry and the crease was still there.

You'll love these comfortable lightweight suits, in the latest solid and fancy weaves for spring, and in the color that looks best on you.

So-long, I'll be watching for you in the Easter Parade. If you get your suit at Seiller's I'll recognize you immediately, for you'll be the handsomest man on the avenue.

The sale, held throughout March in the Westgate Electric Co. 2655 W. Broad-st where Rice is manager, totaled 6676 sets of plates—989 more than in 1953—and 6000 nuts and bolts. A total of 150 volunteer workers staffed the branch, which scheduled many late hours for the convenience of customers. The 25-cent fee collected on each set of plates will benefit youth activities and other projects of the Kiwanis Club on the Hilltop. (Hilltop Record Photo)

Recipe For "Stuffed Macaroni" Is Submitted By Mrs. Gregory

"Stuffed Macaroni" a hearty, main-course dish that is really "different," has been suggested this week by Mrs. Helen Gregory, 112 N. Wayne-av.

The donor is a member of St. Aloysius parish and is active in the school and church organizations. She belongs to the PTA, Christian Mothers and DCCW.

Mrs. Helen Gregory

Her husband, Joseph, is the proprietor of a gunsmith shop and the family has resided at the same address for the past 14 years. Their son, Thomas, is a student at Aquinas, Rose Marie and Michael are enrolled at St. Aloysuis and the youngest is two-year-old Mary Jane.

Mrs. Gregory tells us that "Stuffed Macaroni" accompanied with a favorite gelatin salad-dessert, rolls and coffee, has long been a favorite menu of her family and guests.

STUFFED MACARONI

½ Lb. beef
¼ Lb. veal
¼ Lb. pork

Cooked and ground together. Save the meat broth for sauce.

• • •

1 egg
½ cup bread crumbs
1½ tsp salt
¼ clove chopped garlic (optional)
1 medium onion minced fine
⅛ tsp pepper
1 lb. manicotti No. 66 or 1 lb. tufoli No. 44 or 1 lb. rigatoni No. 36

Mix egg, garlic, bread crumbs and seasonings thoroughly.

Cook macaroni about ten minutes, drain and rinse with tepid water to make it easier to handle.

Roll the meat mixture into small stick shapes and stuff into the macaroni. Place in a casserole dish, pour sauce over it, and sprinkle with the cheese. Bake in moderate oven, for about 25 or 30 minutes. Makes six generous servings.

SAUCE

1 chopped onion
4 tblsp salad oil
1 can tomato paste
¼ tsp pepper
1 clove chopped garlic (optional)
1 can tomatoes
1 tsp salt
Broth from meat

Brown onion and garlic in salad oil. Strain tomatoes and add. Mix in tomato paste, seasonings and meat broth, 1 bay leaf, simmer for about 30 minutes until slightly thick. Pour over stuffed macaroni.

Any left over meat may be ground and used in the same manner with left over gravy used in the sauce. Mix one can of cream of mushroom soup with enough milk or water to make 3 cups and add to the gravy. Heat to boiling point and pour over macaroni.

For variation, stuff the macaroni with American cheese, cut in sticks to fit the macaroni. Also use cheese stuffing if you do not have enough meat to fill all of the macaroni.

Trotting Assn. Offers $1000 To Aid Hilliards Sewerage Expansion

Hilliards Village Council met in regular session Monday evening, Mar. 29, with all members and village officials present. Mayor Patterson presided over the lengthy session during which a number of topics were concluded.

The [illegible] over sewage disposal from the Franklin County Fair Grounds appeared resolved by the offer of the Trotting Association to advance $1000 to help finance a proposed survey and expansion of the village sewage system in return for permission to connect it to the facilities of the fairgrounds, which offer was accepted by unanimous vote of council.

The Trotting Association conducts night racing meets here every summer and numbers of horses are housed in the barns the year around, requiring a considerable personnel; living in a trailer camp on the fair grounds.

In connection with the sewage expansion programs, the council adopted a resolution presented by the board of public affairs providing for laying a direct sewage line from the trailer camp to the sewage plant. This action between council on the one hand and the trotting association in cooperation with the Franklin County Agricultural Society on the other opens the way to improvement and expansion of facilities of the village.

In connection with the sewage problem, council approved a resolution authorizing a survey of existing and anticipated needs of the village relative to expanding the plant and extending the service to outlying areas. The engineering firm of Burgess & Niple received the authorization.

In other civic matters, council received information that top-dressing of various streets was being considered by the county engineering department with an early decision promised.

The petition of annexation of the Connor, McDavid and Hoffman Addition to the village was presented and passed as an emergency measure on unanimous roll call vote.

A letter from the Pennsylvania Railroad reporting the council's request for repair of the three crossings in the village and been complied with was considered and discussed. In view of the fact that the improvement leaves much to be desired, Clerk Jeanne Feldpausch was directed to write the division superintendent of the Pennsylvania, setting forth objections to existing crossings and requesting that all be put into proper grade levels and that present hazards be eliminated.

Council also discussed the garbage disposal system now in use. Garbage collected from Hilliards has been hauled to the Alum Creek dr dump operated by the county, necessitating a long and costly trip. Grandview Heights offered rights to use its dump on Roberts-rd, a few miles southeast of Hilliards, for a tentative price of $900 per year. No final action was taken on this matter.

Other matters concluded were the appointment of Albert Blain as Deputy Marshall, effective Mar. 1; allowance of two weeks' pay to Clayton Wilcox in lieu of his one-week vacation during which he elected to work because no one was available to take his place while off. Authorization to Wilcox to purchase for the garbage truck additional equipment, necessary to comply with safety requirements of the state highway patrol, also was voted.

Other miscellaneous topics for discussion were carried over to an adjourned meeting held Friday evening at which various proposals were presented but on which no definite action was taken.

Pilate permitted Christ to be crucified for fear of public opinion, though he admitted he could "find no fault in this man."

Sunday Sermonette

By Rev. Delbert R. Krumm
Pastor of Hilltonia Evangelical United Brethren Church

A New Creation

The Apostle Paul wrote to the Church at Corinth saying, "If anyone is in Christ, he is a new creation; the old has passed away, behold the new has come." What a joy is ours when we look about in the early Springtime and see again the newness of life.

The maple trees on our lawns will soon be in leaf. The tulips are breaking the crust of the earth.

Rev. Krumm

The robins and cardinals fill the early morning hours with their musical notes. Not only can there be a springtime in nature, but there can be a springtime within our lives as well. "If any man be in Christ he is a new creature." Jesus told Nicodemus, "Ye must be born again."

In this wonderful pre-Easter season, our souls can be set to singing and our lives to blooming if we allow God to make us new creatures in Christ Jesus. The old things which hinder and defeat us will pass away. The new things of spiritual peace and power will surely come.

God wants to make a new creation of our lives today—let Him do it now!

Selecting The Burial Estate Together

The prospect of death is, of course, not a pleasant one. Yet it comes to all of us—we cannot escape the fact. So it is good wisdom to be prepared—and one detail of this preparation is the selection of a family burial estate beforehand. With forethought, you can acquire the type of permanent resting place you think appropriate. You can do this under the best possible conditions—you, your wife, your whole family if you wish, can inspect available burial estates—and select at leisure a resting place that will be a constant source of satisfaction.

CONSOLATION

In days of bereavement and sorrow, it is a consolation to those left behind to know that a place of repose—one selected by loved ones when they were together—has been provided. At such a time, the urgency of finding a burial estate can add undue anguish. Too, a suitable location often cannot be had—and, in the rush and stress of the moment an undesirable one may be accepted. FORETHOUGHT CAN AVERT ALL THIS—insure a site of lasting beauty.

TAKE THIS IMPORTANT STEP TODAY.

GOING TO TAKE IT EASY?

Hilltop Police Sgt. Will Retire Apr. 30 After 26 Years Service

A living paradox is Columbus Police Sgt. Paul "P.D." Hinton, 603 Woodbury-av, who announces plans to wrap up nearly 26 years when he retires from the force on Apr. 30.

In the next breath, he tells of his retirement plans — plans that are so charged with ambition it makes you wonder whether he is retiring or starting all over again.

"P. D." Hinton

"Just to keep myself busy," as Hinton tells it, he bought himself a tractor and plans to farm a one-acre lot in the 1400 block of Frebis-av. He says he'll also be available for garden plowing and grading. Besides all that, Hinton plans to spend a lot of time fishing, visiting, puttering around in his basement woodworking shop, and engaging in photography, his favorite hobby.

A native of Pickaway County, "P.D." joined the Columbus force on May 23, 1928, some three years after his brother, now Capt. H. B. Hinton joined the department. Of the six who joined the department at the same time as "P.D.", only one other is still a member of the force. One was shot to death, two died, and another became disabled.

"P.D." explains he's done a little bit of everything from pounding a beat to riding a cruiser. For the past three and one-half years, he has been in charge of the police garage in the rear of police headquarters. Under his supervision have come the 123 automobiles and trucks and 52 motorcycles of the force and the 35 employees of the garage.

Married to the former Jessie Thomas of Circleville, "P.D." is extremely proud of three grandchildren and hopes a trip to their home will also be worked into his early retirement plans.

The Hintons have a daughter, Dorothy, who is married to Air Force Major E. E. Tinkham of O'Hara Field, Park Ridge, Ill. His daughter is a registered nurse and graduate of training at Mt. Carmel Hospital.

Their son, Robert T. Hinton, is a graduate of Ohio State University and is associated with General Motors at Defiance.

"P.D." is a member of the Fraternal Order of Police and has been active in the Masonic Lodge for 31 years.

He admits his yen to do a little farming while at the same time enjoying living in the city can be traced back to the success he had during the war raising more foodstuffs than his family could use.

"Besides, the seasonal aspect of the job appeals to me," he adds.

Valleyview Council Discusses Number Of Improvements

Valleyview Village Council approved the letting of a contract for blacktopping a basketball court in the village park and discussed a number of village improvements at its monthly session Tuesday night.

Mayor Charles Ringer said council discussed resurfacing village streets that had not been resurfaced in the past year and passed a resolution to ask for estimates. Council also appointed a committee for getting estimates on the cleaning of the village's two open storm ditches and discussed the improvement and cleaning up of a portion of the village park.

Council directed the clerk to write a letter of thanks to the county engineers' office for the recent erection of a guard rail around the Hilltop Swimming Pool on Valleyview-dr. Last summer, a car crashed through the swim pool fence but fortunately no one was in its path.

Hilltoppers Not Too Impressed With Cut In Federal Excise Tax

Hilltoppers queried in this week's poll weren't "deliriously happy" about the recent cut in federal excise tax. Two of your neighbors resented the fact that the cuts would mean lowered prices only on luxuries. A third was of the opinion that the tax cut was long overdue. None expected a buying spree as a result of this cut.

The question was "What do you think about the recent cut in federal excise tax?" Every person who answered thought carefully on the issue before volunteering an opinion.

Why not toss the question about for a moment in your mind, see how you feel about it, then read the answers of your neighbors below.

"I did it and I'm glad!"

Trying to put words into the mouth of six-months-old Stephen Ritchie to match the mood of the above picture was difficult. Slightly smug, overwhelmingly joyous, you might say he's just gotten into some sort of mischief and is crowing over it. His parents, Mr. and Mrs. James Ritchie, 202 Letchworth-av, however, assure us that Stephen is an ideal baby, so perhaps you can supply your own catchy phrase to describe one of the cutest tykes we've seen in a long time.

Through The Garden Gate

By Members of Highland Garden Club
A COMPLETE GARDEN
By Mrs. D. L. McCready

We usually think of a flower garden in terms of its beauty and fragrance which pleases only two of the five senses, sight and smell, but to be complete a garden should have something to offer the other three as well. This can be accomplished with little effort and the garden will give so much more in return.

The sense of sight is abundantly provided for with flowers that bloom from early spring until late fall. With careful planning for special color interest, by planting many of the same shades together to make a distinct splash instead of a dot here and there, the effect will be more striking and beautiful. Border plants of prolific bloomers such as dwarf ageratum, alisyum, candy tuft, creeping phlox, verbena, and petunias will add to the effect. Always include plenty of white shades in both low and tall plants to accent the colors by day and to glamorize the garden at night when all other shades blend into one dark outline.

White climbing roses, giant white bloomers and moon vines on tall shrubs or trellis are both beautiful and fragrant in the moonlight. White furniture will brighten a dark lawn and invite you to linger on and enjoy the elusive charm and fragrance of your garden at night as well as day.

For the sense of hearing, a bird bath, food and shelter will attract our feathered friends. Trees in which to build their nests and shrubbery with berries to eat will help to keep them with us, and their joyous songs will repay us many times a day. A picnic table for outdoor meals, for friends as well as family, will add the sound of happy voices and laughter. There are other pleasant sounds if we quietly listen, such as the combined chorus of insects at night, many of which are beneficial to our gardens.

Something for the sense of taste can be supplied by tucking a few edibles among our flowers, a few tomatoes can be staked at the back of the garden, a small bed of early lettuce and onions, to be replaced later with annuals or mums, and a bed of herbs to add zest to our meals. These may be in a bed of their own or placed here and there wherever we have room. A few of the best herbs are thyme, tarragon, chives, parsley, sweet basil, oregano, summer savory and sage. Some are annuals, some perennials.

The sense of smell has many offering of perfume in flowers, shrubs and vines in various odors, beginning early with the old fashioned clove bush. In about this order come the mock orange, lilacs, sweet shrub, verbenas, lilies of the valley, pinks, roses, lilies, honeysuckle, sweet peas, petunia, nicotiana, cinnamon vine, tuberoses, moon vine and many others. Be sure to always include the nicotiana or tobacco plant for just a few will make your whole garden fragrant.

For the sense of feeling, our lawns are an outdoor carpet like velvet to walk on, where children love to play or lie in its cool soft grasses and rest or dream. The cool breezes from shade trees are a haven on a hot day, where you will enjoy doing many tasks as well as entertaining your friends.

A well kept garden will also give you an inner feeling of joy in its beauty, pride in your achievements, happiness in sharing and a closeness to the Master Gardener, Creator Of All.

Mail—From Columbus: Spring is the first crocus in the backyard, kites, women looking at new hats, their husbands trying to hurry them on to the sporting goods department so they can look at golf clubs, kids rebelling at wearing heavy winter coats, newspapers advertising trips to Washington for the cherry blossoms, smell of paint, housewives cleaning windows, little baby chicks and everybody hoping winter has finally gone . . . From Howard Chamberlain (WLW, Cincinnati): Some time I hope you can catch my All In A Day program on WLW, 9:45 a.m. It is unique as it uses only original material; has a great listening audience even among men, because of the down-to-earth philosophy in the simple lines submitted by the listeners. I make personal appearances for Kiwanis Clubs, churches and schools over the state and they always ask for more poetry. Oddly enough the men are more receptive to poetry than the women . . . And wisdom holds them dear—
A tender smile, the hands' brief touch—
A lovely word to hear.

That keep its beauty strong.

Peter Grant (WLW-C) said a small boy and his dog went home and the kid was asked the usual question: "Where have you been?" He said they had been down to the railroad station and to the second question "What did you do there?" he said he had seen two old ladies who weren't going to catch their train because they couldn't run fast enough, so he nicked the dog onto them and made them run faster and they made it. And the verb "nick" is in the dictionary, which [illegible] an argument.

Local Firm Has Low Bid On Athens County Project

H. W. Holt & Son of 3150 Valleyview-dr last week submitted the low bid $1,012,473 to the state highway department for improving 5.47 miles of U.S. 50 in Rome and Carthage Twps. of Athens County, by paving with reinforced cement concrete. Highway department estimate on the cost of the project, which will include construction of a concrete slab bridge over Green Run, originally was $1,247,000.

These Eyes—
How Well Do You Know Them?

C. H. "Doc" Campbell, executive secretary of the Hilltop Business Association, is the owner of the mystery eyes shown last week in this test-your-powers-of-observation [illegible].

His title of "Mr. Secretary" is one richly deserved since "Doc" seems to have managed his busy hours over the years to become secretary of more organizations than we care to count. For instance,

C. H. Campbell

at present he's also secretary of the Columbus Druggists Association in addition to his almost-round-the-clock effort with HBA.

"Doc", who lives at 81 S. Westmoor-av, is an active member of the Hilltop Kiwanis Club and a past president of HBA.

Today's mystery eyes are those of a man who is probably just as well known throughout the city, and particularly the West Side, as he is on the Hilltop. You "auto" guess the first thing off the bat, but in case you still need help, he has served in the past as head of both the HBA and Camp Chase Post 98, American Legion.

Your Youth

As "Old Man Winter" made his cold exit, so did the Hilltop YMCA Gra-Y Basketball Leagues. The season was brought to an official close last week at Glenwood Methodist Church as West Broad won the Class A Championship and Westgate won the Class B Championship. Both teams had perfect records by winning eight games and losing none. Standings for the second round follow:

Class A

West Broad	4	0
Highland	3	1
West Gate	2	2
John Burroughs	1	3
West Mound	0	4

Class B

The Hilltop YMCA Church League officially closed its season at John Burroughs gym last week with three special games. The Junior League All Stars played the League Coaches; Glenwood Methodist, champs of the Intermediate League played the Intermediate League All Stars; and Hoge Memorial had a playoff game with Westgate EUB for the Junior League championship.

An Awards Night will be held after Easter for the Junior League champs, the Intermediate League champs and all the players in the Gra-Y League. The exact time and place will be announced later in this column.

As the basketball fades, spring activities come to the front in the Hilltop YMCA program. Some of the highlights which are now in progress or are being planned for the near future are the Softball Tournament, movies, and craft classes. For further details come down to the Y at 2002 W. Broad-st and pick up a program schedule which is now off the press for April.

Softball organizational meetings have been among the current events at the Y. Last Friday the "Old Timers" met and made plans for the Looper Slo-Pitch League which will be for men 30 years of age and up. Representatives from the various Hilltop Churches are the various Hilltop Churches met Friday night at 8 p. m. and [illegible] ized Junior and Intermediate Leagues.

In closing this week's column, Bob and I would like to say "thanks a million" to Rev. Joe Shellhaas and Glenwood Church for the use of their gym and to Ken Walter and Jerry Chappell for serving as volunteer leaders to West Broad and West Mound Gra-Y Clubs.

A delicious dinner with all the trimmings, prepared by the ladies of the church, was enjoyed by the guests, with Rev. George J. Taylor, pastor, giving the invocation. Y Coaches, Glenwood Methodist, Westgate EUB Win Final Games

By Dick Wilson

The Hilltop YMCA Church Leagues came to a close last week at John Burroughs gym as three thrillers were presented before a record-breaking crowd.

The Y coaches came from behind in the opening game to edge an All Star aggregation from the Junior League, 59-56. The All Stars jumped into an early lead, and led until the final minutes of the last quarter when the coaches put on a surprising scoring spree climaxed with the game winning goal by George Miller in the final few seconds. Lewis Proper led the Coaches with 21 points and Bob DeWitt of Burgess EUB led the All Stars with 15.

Glenwood Methodist, champions of the Intermediate League blasted an All Star team from their league by 56-39. The game was close for the first three quarters as the All Stars led the first quarter and only a few points separated the two teams when Glenwood took the lead at half time.

A fourth quarter scoring spree by Don Martin and a tight Glenwood defense which held the losers to four points in the last quarter spelled victory for the undefeated Grashel-coached five. Martin led the victors with 23 and Bob Dixon of Church of Christ and Dick Witter of Hoge Memorial played a terrific floor game for the All Stars, while Jack Speakman of Burgess EUB led the losers in scoring with 11 markers. Alva Dixon of Church of Christ managed the All Stars.

The final game of the evening was a real climax to a successful season as Westgate EUB margined Hoge Memorial, 29-28, in a play-off for the Junior Church League Championship. The score in this game was tied at nine different points as both teams played agressive heads-up ball. The Westgate scored one more fielder than the Presbyterians, but Hoge bagged six free throws to five for the EUB five. Don Ireland led the victors in scoring with 13 and John Edwards made 10 for Hoge. Edwards had a chance to throw the game into overtime as he was awarded two free throws with three seconds of playing time remaining. He made both throws but the second one was cancelled when he stepped over the line too soon.

West Track Team Places In Three Events At Denison High Relays

By Woody Owens

West High School's track squad made its 1954 debut Saturday, Apr. 3, at the Denison High School indoor relays and won places in three events.

Ralph Wheaton took third place in the mile run which was won by the 1953 state champion, James of Mansfield. Dan Green captured fifth place in the pole vault, and Dick Furry tied for fourth in the high jump.

This Saturday, April 10, Coach Rufe Glass will take a squad of 15 men to the Springfield relays, to be held at Springfield, O. This annual meet is one of the toughest in the state and draws most of the outstanding high school cinder squads in the Buckeye-land.

On Tuesday, Apr. 13th, the Cowboys will make their first local start when they clash with the always tough Central High Pirates on the riverside track.

The local lads may not capture many events or places in these early meets, but they are getting greatly needed experience, which may make them serious contenders for the city title later on in the season.

Ohio Forestry Assn. To Give Schools Trees

The Ohio Forestry Association will furnish a free tree to each of Ohio's junior and senior high schools for planting on Arbor Day, Friday, Apr. 30.

Already a number of schools have sent in their request for a selected 18- to 24-inch seedling tree, either red or white pine, for this statewide planting which has been suggested by the governor in his vigorous conservation program.

The Ohio Forestry Association is making the trees available in cooperation with the Ohio Reclamation Association, and through the efforts of school authorities all over Ohio, hundreds of Arbor Day ceremonies will be held this month.

Any junior or senior high school principal wishing a free tree should send a postal card now to Ohio Forestry Association, Southern Hotel, Columbus 15, Ohio, asking that a tree, either red or white pine, be shipped in time for Arbor Day.

Hilltoppers Not Too Impressed With Cut In Federal Excise Tax

Hilltoppers queried in this week's poll weren't "deliriously happy" about the recent cut in federal excise tax. Two of your neighbors resented the fact that the cuts would mean lowered prices only on luxuries. A third was of the opinion that the tax cut was long overdue. None expected a buying spree as a result of this cut.

The question was "What do you think about the recent cut in federal excise tax?" Every person who answered thought carefully on the issue before volunteering an opinion.

Why not toss the question about for a moment in your mind, see how you feel about it, then read the answers of your neighbors below.

Trying to put words into the mouth of six-months-old Stephen Ritchie to match the mood of the above picture was difficult. Slightly smug, overwhelmingly joyous, you might say he's just gotten into some sort of mischief and is crowing over it. His parents, Mr. and Mrs. James Ritchie, 202 Letchworth-av, however, assure us that Stephen is an ideal baby, so perhaps you can supply your own catchy phrase to describe one of the cutest tykes we've seen in a long time.

Through The Garden Gate

By Members of Highland Garden Club

A COMPLETE GARDEN

By Mrs. D. L. McCready

We usually think of a flower garden in terms of its beauty and fragrance which pleases only two of the five senses, sight and smell, but to be complete a garden should have something to offer the other three as well. This can be accomplished with little effort and the garden will give so much more in return.

The sense of sight is abundantly provided for with flowers that bloom from early spring until late fall. With careful planning for special color interest, by planting many of the same shades together to make a distinct splash instead of a dot here and there, the effect will be more striking and beautiful. Border plants of prolific bloomers such as dwarf ageratum, allysum, candy tuft, creeping phlox, verbena, and petunias will add to the effect. Always include plenty of white shades in both low and tall plants to accent the colors by day and to glamorize the garden at night when all other shades blend into one dark outline.

White climbing roses, giant white bidomers and moon vines on tall shrubs or trellis are both beautiful and fragrant in the moonlight. White furniture will brighten a dark lawn and invite you to linger on and enjoy the elusive charm and fragrance of your garden at night as well as day.

For the sense of hearing, a bird bath, food and shelter will attract our feathered friends. Trees in which to build their nests and shrubbery with berries to eat will help to keep them with us, and their joyous songs will repay us many times a day. A picnic table for outdoor meals, for friends as well as family, will add the sound of happy voices and laughter. There are other pleasant sounds if we quietly listen, such as the combined chorus of insects at night, many of which are beneficial to our gardens.

Something for the sense of taste can be supplied by tucking a few edibles among our flowers, a few tomatoes can be staked at the back of the garden, a small bed of early lettuce and onions, to be replaced later with annuals or mums, and a bed of herbs to add zest to our meals. These may be in a bed of their own or placed here and there wherever we have room. A few of the best herbs are thyme, tarragon, chives, parsley, sweet basil, oregano, summer savory and sage. Some are annuals, some perennials.

The sense of smell has many offering of perfume in flowers, shrubs and vines in various odors, beginning early with the old fashioned clove bush. In about this order come the mock orange, lilacs, sweet shrub, verbenas, lilies of the valley, pinks, roses, lilies, honeysuckle, sweet pea, petunia, nicotiana, cinnamon vine, tuberoses, moon vine and many others. Be sure to always include the nicotiana or tobacco plant for just a few will make your whole garden fragrant.

For the sense of feeling, our lawns are an outdoor carpet like velvet to walk on, where children love to play or lie in its cool soft grasses and rest or dream. The cool breezes from shade trees are a haven on a hot day, where you will enjoy doing many tasks as well as entertaining your friends.

A well kept garden will also give you an inner feeling of joy in its beauty, pride in your achievements, happiness in sharing and a closeness to the Master Gardener, Creator Of All.

Mail—From Columbus: Spring is the first crocus in the backyard, kites, women looking at new hats, their husbands trying to hurry them on to the sporting goods department so they can look at golf clubs, kids rebelling at wearing heavy winter coats, newspapers advertising trips to Washington for the cherry blossoms, smell of paint, housewives cleaning windows, little baby chicks and everybody hoping winter has finally gone . . . From Howard Chamberlain (WLW, Cincinnati): Some time I hope you can catch my All In A Day program on WLW, 9:45 a.m. It is unique as it uses only original material; has a great listening audience even among men, because of the down-to-earth philosophy in the simple lines submitted by the listeners. I make personal appearances for Kiwanis Clubs, churches and schools over the state and they always ask for more poetry. Oddly enough the men are more receptive to poetry than the women . . . Give Mr. Chamberlain a listen and I'm sure you will join his large circle of enthusiastic fans.) . . . From Marietta: This town is waking up after a long sleep. This is trite, but the town didn't need an alarm clock—we have the birds and the river's roar—but river, stay 'way from our door!

LITTLE THINGS

The heart remembers little things
And wisdom holds them dear—
A tender smile, the hands' brief touch—
A lovely word to hear.

Oh, life's most brilliant tapestry
Would pall, before too long,
Without the simple background threads
That keep its beauty strong.

Peter Grant (WLW-C) said a small boy and his dog went home and the kid was asked the usual question: "Where have you been?" He said they had been down to the railroad station and to the second question "What did you do there?" he said he had seen two old ladies who weren't going to catch their train because they couldn't run fast enough, so he sicked the dog onto them and made them run faster and they made it. And the verb "sick" is in the dictionary, which settles an argument.

From somewhere: First lady—"For months I couldn't discover where my husband spent his evenings." Second lady—"How did you find out?" First lady—"One evening I went home, and there he was." . . . Next to being shot at and missed, nothing is quite so satisfying as an income tax refund . . . The three balls in front of a pawnshop means that two to one you won't get it back . . .

Bear not thy yesterday into tomorrow,
Nor load this week with last week's load of sorrow.
Lift all thy burdens as they come, nor try
To weigh the present with the by-and-by.
One step and then another—take thy way—
Live day by day.

How Well Do You Know Them?

C. H. "Doc" Campbell, executive secretary of the Hilltop Business Association, is the owner of the mystery eyes shown last week in this test-your-powers-of-observation feature.

His title of "Mr. Secretary" is one richly deserved since "Doc" seems to have managed his busy hours over the years to become secretary of more organizations than we care to count. For instance,

at present he's also secretary of the Columbus Druggists Association in addition to his almost-round-the-clock effort with HBA.

Representatives from the various Hilltop Churches are the various Hilltop Churches met Friday night at 8 p. m. and organized Junior and Intermediate Leagues.

In closing this week's column, Bob and I would like to say "thanks a million" to Rev. Joe Shellhaas and Glenwood Church for the use of their gym and to Ken Walter and Jerry Chappell for serving as volunteer leaders to West Broad and West Mound Gra-Y Clubs.

"Doc", who lives at 81 S. Westmoor-av, is an active member of the Hilltop Kiwanis Club and a past president of HBA.

YOUR YOUTH

By Bob Schmidt—Dick Wilson

As "Old Man Winter" made his cold exit, so did the Hilltop YMCA Gra-Y Basketball Leagues. The season was brought to an official close last week at Glenwood Methodist Church as West Broad won the Class A Championship and Westgate won the Class B Championship. Both teams had perfect records by winning eight games and losing none. Standings for the second round follow:

Highland	3	1
West Gate	2	2
John Burroughs	1	3
West Mound	0	4

Class B	W	L

The Junior League All Stars played the League Coaches; Glenwood Methodist, champs of the Intermediate League played the Intermediate League All Stars; and Hoge Memorial had a playoff game with Westgate EUB for the Junior League championship.

An Awards Night will be held after Easter for the Junior League champs, the Intermediate League champs and all the players in the Gra-Y League. The exact time and place will be announced later in this column.

As the basketball fades, spring activities come to the front in the Hilltop YMCA program. Some of the highlights which are now in progress or are being planned for the near future are the Softball Tournament, movies, and craft classes. For further details come down to the Y at 2502 W. Broad-st

Y Coaches, Glenwood Methodist, Westgate EUB Win Final Games

By Dick Wilson

The Hilltop YMCA Church Leagues came to a close last week at John Burroughs gym as three thrillers were presented before a record-breaking crowd.

The Y coaches came from behind in the opening game to edge an All Star aggregation from the Junior League, 59-56. The All Stars jumped into an early lead, and led until the final minutes of the last quarter when the coaches put on a surprising scoring spree climaxed with the game winning goal by George Miller in the final few seconds. Lewis Proper led the Coaches with 21 points and Bob DeWitt of Burgess EUB led the All Stars with 15.

Glenwood Methodist, champions of the Intermediate League blasted an All Star team from their league by 56-39. The game was close for the first three quarters as the All Stars led the first quarter and only a few points separated the two teams when Glenwood took the lead at half time.

A fourth quarter scoring spree by Don Martin and a tight Glenwood defense which held the losers to four points in the last quarter spelled victory for the undefeated Grashel-coached five. Martin led the victors with 23 and Bob Dixon of Church of Christ and Dick Witter of Hoge Memorial played a terrific floor game for the All Stars, while Jack Speakman of Burgess EUB led the losers in scoring with 11 markers. Alva Dixon of Church of Christ managed the All Stars.

The final game of the evening was a real climax to a successful season as Westgate EUB margined Hoge Memorial, 29-28, in a play-off for the Junior Church League Championship. The score in this game was tied at nine different points as both teams played agressive heads-up ball. The Westgate scored one more fielder than the Presbyterians, but Hoge bagged six free throws to five for the EUB five. Don Ireland led the victors in scoring with 13 and John Edwards made 10 for Hoge. Edwards had a chance to throw the game into overtime as he was awarded two free throws with three seconds of playing time remaining. He made both throws but the second one was cancelled when he stepped over the line too soon.

Ohio Forestry Assn. To Give Schools Trees

The Ohio Forestry Association will furnish a free tree to each of Ohio's junior and senior high schools for planting on Arbor Day, Friday, Apr. 30.

Already a number of schools have sent in their request for a selected 18- to 24-inch seedling tree, either red or white pine, for this statewide planting which has been suggested by the governor in his vigorous conservation program.

The Ohio Forestry Association is making the trees available in cooperation with the Ohio Reclamation Association, and through the efforts of school authorities all over Ohio, hundreds of Arbor Day ceremonies will be held this month.

Any junior or senior high school principal wishing a free tree should send a postal card now to Ohio Forestry Association, Southern Hotel, Columbus 15, Ohio, asking that a tree, either red or white pine, be shipped in time for Arbor Day.

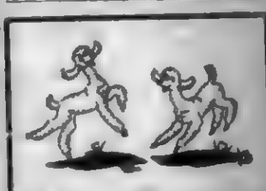
Four Hilltoppers, including two Franklin Twp. volunteer firemen, were among those given first-aid at a special home-burning-fire-fighting demonstration given Sunday in Upper Arlington by the Franklin County Firefighters Association.



Franklin Twp. smoke-eaters who apparently "ate too much" and were given oxygen at the Red Cross trailer for smoke exhaustion were Ronnie Guyton, 2329 Valleyview-dr; and Russell Shoating, 477 Jasenbine-av.

Girls Of West, Holy Family To Take Part In Lily Parade

Girls from West High School and Holy Family High School will take part in the lily parade for the benefit of crippled children on Saturday, Apr. 10. They will sell paper Easter lilies in downtown Columbus and suburban shopping centers as their contribution to the annual Easter Seal campaign conducted by the Franklin Society for Crippled Children.

These girls will be gaily attired and wear special arm bands and bannels identifying them as members of the lily parade. They will also carry baskets of paper Easter lilies, from which their sales will be made.

For the past three years, girls in Columbus have led the entire nation in the sale of lilies. This year they will seek to make a still greater contribution to crippled children by exceeding their previous sales records. Cooperation of all Franklin County residents on Saturday will help the girls achieve their goal.

The hand-made paper Easter lilies are the products of handicapped persons and produced to help crippled children enjoy brighter, happier lives. Proceeds from the lily parade represent 20 per cent of the contributions needed annually for aiding crippled children in Franklin County.

Diane Patton and Jane Lloyd organized the volunteer committee from West High School and Mary Ann Simonin and Helen Trequattrini are heading the group representing Holy Family.

An Englishman was walking along a river bank in Ireland when it started to rain. Presently he found an Irishman fishing with his line under a bridge.

Introducing The 2 New Local Post Office Superintendents

Glenn T. Miesse

Frank C. Evans

Working under terrific handicaps this past week have been Glenn P. Miesse, superintendent of the new Station D post office, Broad-st at Hartford-av, and Frank C. Evans, superintendent of the new Point Station post office at 1458 W. Mound-st.

Fulfilling a pledge made their boss, Columbus Postmaster Allen Rowe, these superintendents opened their branches on Apr. 1 and operated for the following week under the handicap of pounding nails, installation of panelling, and even major finishing-up touches to the exteriors of their buildings.

Miesse, who lives at 622 Racine-av, has been a Hilltopper for 19 years. The 50-year-old native of Lima, O., moved to Columbus in 1924. A veteran of nearly 30 years postal service, Miesse was clerk in charge of the Upper Arlington Post Office branch before his promotion to the present post.

Miesse is perhaps best known throughout the city for his act, "Miesse, the Master Magician," which he has presented before lodges, clubs and other groups for a number of years. His daughter, Pat, who was graduated in January from West High School, assisted her father in many of the appearances as a pantomime singer. He appeared in the Hilltop Business Association Minstrel Shows of 1947 and 1948. Miesse also finds time to play the clarinet in the Shrine Band. He is a member of the West Gate Masonic Lodge.

As superintendent of operations in the new postal zone 22, Miesse will be in charge of five one-trip foot routes and three two-trip foot routes.

Evans, who is 53 and lives at 704 Stanley-av, was clerk in charge of Station F, 500 E. Whittier-st, before his promotion to superintendent of the Point Station. Born in Pennsylvania, he came to Columbus at the age of seven and has lived in the east or the southeast portion of the city since.

An active Mason, Evans is a member of the Agonis Club, the Schultz Club, and the Big Brothers. Working directly under his supervision at the Point Station will be a clerk in charge, two mail clerks, and 15 carriers, including one mounted route for the Briggsdale area and another mounted route for W. Greenlawn-av.

Their teaching in Starling should be enjoyed by Starling boys and girls.

COMMUNITY STUDY
By Dave Rathburn

Mrs. Mentzer's self-contained class went on a few tours to find out the needs of the community. First they visited Richard's Dairy to see how milk was processed. Next they went to the new Health Center. The Gladden Community House was third on the list. The City Hall proved to be of interest since the mayor was there to greet them and to shake hands with them.

Sgt. Foster talked to three of Mrs. Mentzer's classes on the subject of safety.

VOCATIONAL MOVIE
By Barbara Norman

Miss Cherington's 9A general business classes who are studying their future vocations and personality traits, invited Mrs. Dunlap's, Mrs. Dick's, and Mrs. Bolin's seventh grade self-contained classes to view a very good movie, Thursday, Apr. 1, through the courtesy of the Coca Cola Company.

The name of the movie was "He is My Friend". It was about salesmanship and personality traits. The movie showed how one could be a better salesman if he was interested in people instead of just the product he sold. Salesmen are taught not to tell customers their troubles.

The movie was shown by two representatives from the Coca Cola Company.

Two boys in Miss Cherringtons' eighth period class said the men who showed the movie about personality had very good personalities themselves.

There were 138 pupils who saw and thoroughly enjoyed the movie.

16-Year-Old Youth Mysteriously Shot While Playing Tag

William Dean, 37, of 3522 Brookside-dr, was arrested by sheriff's deputies Tuesday night on investigation of shooting to kill and his 12-year-old daughter, Frances, held as a material witness after a 16-year-old boy was wounded alongside their home.

Elmer Richard Thompson, 16, of 3661 Plainview-dr, suffered a flesh wound in his right hip, was treated at Mt. Carmel Hospital and released. He told deputies that he had been playing tag in Plank dr, a cinder alley alongside Dean's home, when he heard a shot and was knocked to the ground by its impact.

Lt. Roosevelt Goode said when he arrived at the Dean home, he found the girl holding a .22 calibre rifle. When Goode ordered the father to produce any other guns, Dean reached behind a heating stove and handed the deputy a .22 calibre pistol. One shot had been fired from the pistol, Goode said.

Dean denied the shooting during preliminary questioning.

Glenwood Meeting Site Of Inter-Center Council

The Inter-Center Teen Council met at Glenwood Recreation Center on Tuesday, Mar. 30. Glenwood's representatives on the council, which is made up of four members of each of the teen clubs at the city's six recreation centers, were Hannah Simpson, Louise Smith, Wayne Robbins, and Mike Wolf.

The group discussed final plans for the city-wide Fun Fair which is being held at Sunshine Recreation Center on Apr. 10. The group also decided to invite someone to speak on job opportunities for teen-agers at the next meeting.

After cokes and potato chips were served by the Glenwood Teen Club, the meeting was adjourned.

ADDED SUMMER SAFETY FACTOR—In the above view, looking east on Valleyview-dr, one can appreciate the value of the 240-foot flex beam metal type guard rail erected beside the Hilltop Swimming Pool last week by the Franklin County Engineer's Office. The rail is expected to forestall a near tragedy such as occurred last Aug. 18 when a car crashed through the steel fence around the pool after hurdling a rock pile built as a barrier. Fortunately, it was late at night at the time of the accident and chilly enough to cause the pool to be almost deserted. Had it been a hot night, Bob Case, proprietor, said the pool would have been packed with people.

Juvenile Authority To Address Hilltop Kiwanis Luncheon

Dr. Newburger

Dr. Maurice Newburger, coordinator of the clinical staff of the Juvenile Diagnostic Center, will speak on "Counsel of Retarded Children" at the noon luncheon meeting of the Hilltop Kiwanis Club today in the Glenwood Methodist Church.

Dr. Newburger, who taught pharmacy while earning his Ph. D. in psychology at the University of Cincinnati, is intensely interested in child welfare because there are so few resources available for treatment of juvenile problems. He holds to the firm belief that there is a reason behind each case of delinquency.

"Treating symptoms of disturbed personalities is our major problem," Dr. Newburger said. "Institutional care is only one phase of this training and treatment and is not needed for all mentally retarded children. We must stress the importance of the future to these children and teach them to create their own goals and to reach them."

Cotton growers will be permitted to plant 3,500,000 more acres this year than last under a bill passed by the House. Acreage allotments for "macaroni-type" durum wheat growers also were increased.

Architect Announced For Lincoln Village's 60-Acre Shopping Center

Claiton Gamble of the firm of Gable, Pownall and Gilroy, Ft. Lauderdale, Fla., has been commissioned to draw the plans for the Lincoln Village Shopping Center, according to an announcement by Carl R. Frye vice-president and general manager of the Peoples Development Co.

The architectural firm designed the famous Sunrise Shopping Center at Ft. Lauderdale and is working on plans for a large expansion to it. It is also planning the Golden Glades center in Miami, Fla.

Frye disclosed that Gamble plans on bringing an innovation in shopping facilities to Central Ohio. He said that the firm had worked out plans so the small merchants will have more available display space and not get "lost" in the network of stores.

Tentative plans call for the multi-million dollar center ultimately to contain some 450,000 square feet of shopping space. It is to be of masonry construction and have a huge parking area.

The location is along W. Broad-st between Old Village and N. Murray Hill-rds. Beacon Hill-rd runs back of it. The shopping center and a commercial district, which is planned for the future, are to embrace over 60 acres. The section which Gamble is to design will extend one quarter mile along Broad-st.

Frye also pointed out that the Austin Company of Cleveland will be the engineers on the project and that shopping center analyst Dr. Homer Hoyt and land planner Steward Mott, have worked on Lincoln Village arrangements.

The shopping center will be part of the 1170-acre Lincoln Village "model city" being built by the Peoples Development Co., a subsidiary of the Farm Bureau Insurance Companies.

Rev. Stalker To Fly To England On Apr. 12

Rev. Charles Stalker, 1936 Floral-av, who is often called the "best-known Friend in the United States," will start his 30th trip to Europe this Friday. The first leg of his trip will take him to New York City, where on the 12th he will depart by TWA for London, England.

In London, Rev. Stalker will attend the Independent Holiness Convention. He will return to his wife and to the Hilltop where he has lived the past 50 years sometime in the latter part of May.

The 78-year-old general evangelist last year flew to London for the coronation. In his many years of evangelism, Rev. Stalker has been three times around the world, eight times to Central America, twice to Palestine, and 50 times across the United States. His duties have taken him to thousands of missions and many thousands of churches throughout the world.

Brotherhood Of Westgate Methodist Church Names Officers For Coming Year

At the annual father-son banquet, sponsored by the Men's Brotherhood of the Westgate Methodist Church last week, new officers for the brotherhood were elected for the coming year. Earl Sisson was named president, Richard Bergman, vice-president, and Robert Case, secretary-treasurer.

More than 100 fathers and sons filled the dining room of the church for the banquet, which was prepared and served by the ladies of the church. It was reported at the meeting that the brotherhood has paid its pledge to the building fund in full. An old-time movie provided the evening's entertainment.

The new officers will announce their plans for the brotherhood in the near future. Edward Morris, the outgoing president, served as the master of ceremonies at the banquet.

Resolve Now To Support Red Birds

With an almost entirely new cast, the Columbus Red Birds will launch their 1954 season against the Minneapolis Millers tonight. The locals need and deserve your wholehearted support.

The Spectator
By C.C.Hartley

The Legend Of The Bluebird

Once a long, long time ago there lived a very plain little gray bird. When this bird was a tiny baby it fell out of its nest, one day. A kind man whose name was Jesus picked the little bird up and put it back in the nest.

The little bird never forgot Jesus. Often he would fly to a tree where Jesus was and would sing to him as he rested. Jesus always was his friend.

One day the little bird flew away and when he came back Jesus was gone. He flew to the city and looked for him but all he saw was a crowd of people going to a green hill outside of the city.

The little bird flew ahead of the people and came to the hill. There he saw his friend Jesus and there was a crown of thorns upon his head. The thorns cut his forehead and the bird wanted to help him.

He flew down close to Jesus and pulled a thorn from his brow. When he flew so close, his little gray breast brushed against Jesus and it was stained red. He flew high into the blue sky. He was happy because he had helped his friend.

God saw what the little bird had done and he blessed him and gave him a breast of red and a back of sky-blue feathers.

Perhaps you will see a blue bird this Easter and remember how much happier you can be if you help a friend.

Date Advanced For Kiwanis Harness Race

It won't necessarily be a fast one, but the date of the first annual West Franklin County Kiwanis Club Matinee Harness Race has been advanced one day sooner than the first announcement two weeks ago.

Dr. R. J. McFarland, chairman of the underprivileged children's committee of the Kiwanis Club, sponsoring body of the harness race, announced yesterday that the exciting sporting event will take place on Saturday afternoon, May 8, instead of Sunday, May 9, as previously planned. Funeral Today For Police Capt. Capretta; Requiem Mass Tuesday

Funeral services for Hilltop career police officer, Capt. Louis J. Capretta, who died in his sleep early Monday at his home, 240 S. Harris-av, have been set for 2 p.m. today in St. John the Baptist Church.

Capt. Capretta

Because of Holy Week, a Requiem High Mass will not be sung until 9:30 a.m. Tuesday, Apr. 20.

Captain Capretta will be buried in uniform in St. Joseph Cemetery by the John Quint and Sons Funeral Home.

Pallbearers will be Lt. Thomas A. Sawyer, Sgt. Tony A. Sylvester, Sgt. John M. Donahue, Sgt. Martin A. Winters and Patrolmen Joseph A. Bruno and Dwight M Andrews.

Captain Capretta, a veteran of 26 years service in the department, was one of eight top officers who took the police chief examination Friday.

He died sometime before 6 a.m., his wife, Mary, said. She had arisen earlier, but heard the alarm go off at 6. When it kept ringing, she went into the bedroom and found Captain Capretta lying on his side in bed.

Finding she could not awaken him, she called police and fire department emergency squadmen. He was dead on their arrival. Dr. Carl E. Tetirick, acting coroner, ruled death was caused by a heart attack. Capt. Capretta was 56.

Respected for his knowledge of basic police work and administrative capabilities, Captain Capretta took pride in his duties. He was praised Monday by Inspector Thomas A. Scully, acting police chief, who said:

"Captain Capretta was a very capable officer from patrolman on up. He was an officer you could always depend upon."

The captain joined the force Feb. 6, 1928, was promoted to corporal on Aug. 1, 1941, temporary sergeant June 15, 1943, and permanent sergeant Mar. 5, 1944. He became a lieutenant Mar. 13, 1945, an emergency captain Mar. 7, 1949, and permanent captain Aug. 25, 1949.

Captain Capretta was due at work at 7 a.m. Monday to assume command of the first platoon.

He was known as an avid golfer and bowler, and was a member of the Police Department's golf team and the American-Italian Golf Association.

A native of Columbus, he attended North High School, and was a member of St. John the Baptist Church and Fraternal Order of Police. He was married in July, 1921, to the former Mary Cospno.

Also surviving are two sons, Joseph of Chicago, and Louis, Jr., of Pittsburgh, a daughter, Mrs Betty Roose of Columbus, three brothers, Carl and Michael, both of Columbus, and Sam of Cleveland, a sister, Mrs. Ann Campisi of Dillonvale, a brother, Frank of Seattle, Wash., and two grandchildren.

Driver Of Hit-Skip Auto That Injured Hilltopper, Gives Up

An East Side man was free on bond today after admitting, police said, that he drove the hit-skip car which struck and painfully injured a 52-year-old Hilltop man late Saturday.

Eugene Doyle Forrest, 32, of 1118 Ruskin-av, told police his car struck Earl P. Carter of 114 S. Powell-av at Broad-st and Hague-av. Carter yesterday was listed in fair condition in Mt. Carmel Hospital with fractures of the back, pelvis, and left ankle, and head injuries.

Police said Forrest told them Monday when he surrendered that he had decided to give himself up after reading newspaper accounts of the accident.

Forest said he stopped his car soon after the accident, but seeing the victim lying on the ground and the gathering crowd "became confused" and drove off, police said.

Following the accident, police had sent out an alert to be on the lookout for a blue Plymouth. Forrest told police he had attempted to cover up the accident by knocking out a dent in his car and painting it over.

Held as evidence is a windshield visor found at scene of the accident. Police believe Carter's body hit the windshield and then was dragged about 100 feet before falling off.

Forrest was slated for hit-skip driving and was ordered to appear in court Apr. 19. He was freed under $100 bond.

Franklin Township To Vote On Incorporation

Only One Voting Place To Be Open Next Tuesday For 3400

The more than 3400 registered voters of Franklin Twp. will be asked to go to the polls in a special election next Tuesday, Apr. 20 to decide if they will continue to live in Franklin Twp. or be incorporated into a village to be known as Franklin Heights.

But one voting place in the entire township will be open that day, it being at the Franklin Twp. Fire House No. 2, at 2195 Frank-rd. Polls will be open from 6:30 a.m. to 6:30 p.m.

Action to place this issue before the voters followed receipt by the township trustees of a petition bearing signatures of about 60 people of the area asking incorporation. The trustees are required to request such an election.

A favorable vote on the issue next Tuesday is almost certain to result in an injunction being brought against the action it was learned. Several persons have indicated that such an injunction would be filed. This would place it in the hands of the courts to correct any irregularities that might be cited.

Should the proposal fail to get the required number of votes for passage, then the matter can be placed on the ballot again soon after if the required 30 or more signatures are secured on a petition.

On Monday evening Columbus city council passed an emergency resolution offering to annex the entire township rather than just the area that has been in question for several weeks. The city auditor has stated that incorporation of this area would mean a loss of over $200,000 per year in income taxes to the city.

Late last week there was talk around city hall of a move on the part of the city that would stop the construction of the 36-inch water main into Franklin Township if the township votes favorably on the issue next Tuesday. The resolution under discussion also stated that Columbus would not supply water and sewer facilities to any village incorporated from now on. It also stated the city would oppose any metropolitan control of water and sewers.

Such a resolution can not come up for a vote Monday night, however and it is felt council will await

Hilltop Kiwanis Club To Aid In Local Egg Hunt

The Hilltop Kiwanis Club, in cooperation with the Hilltop Community Council and the Ohio State Journal, is conducting the annual Easter egg hunt at Glenwood Recreation Center for all boys and girls 4-11 of the Hilltop on Saturday, Apr. 17.

Kiwanians will handle such phases of the hunt as hiding the eggs, policing, and conducting the youthful hunters. The community Council will supply a film and program of entertainment as well as a special treat for all the participants.

Among Kiwanians aiding in the conduct of the hunt will be Howard Trout, Frank Mason, Jim Holroyd, Don Best, Noble Allen, Sr., Don Smith, George Williams, Paul Rausch, Lou Rausch, Jim Foote, Otto Best, and Bob Weaver. Bob Schmidt, Hilltop YMCA director, will supervise the hunt with the able assistance of Walter Bonnell, chairman of the boys and girls committee of the Hilltop Kiwanis Club.

Kiwanians will "aid the Easter Bunny" in hiding eggs at 7 a.m. the day of the hunt and then will guard the hiding places until the hunt begins at 9 a.m. Cash prizes will be given for each of the 250 hardboiled eggs found, according to color.

NEED MORE METERS?

Hilltop Business Assn. Plans Parking Survey

A survey of Broad-st and Sullivant-av will be made soon by the Hilltop Business Association to determine what recommendations can be made to provide more parking facilities for the area. This decision was made at the Tuesday evening meeting of the organization at the Florentine Restaurant.

Some members recommended that parking meters be installed or police asked to enforce the present one-hour parking regulation.

The association also voted that immediate action should be sought to develop some plan whereby left-hand turns can be facilitated in Broad-st at Sandusky-st.

The HBA heard a report from E. O. Melvin that no use of the proposed expressway may be expected for another ten years.

The proposed route "as of today" he stated, would be: Start at the Sandusky-Spring-st interchange, west out Rt. 33 to the waterworks on the north side of the river, across the river at this point (the river to be moved north about 100 feet), the expressway to run between the river and the railroad, west and under Grandview-av, to Valleyview-dr, past the swimming pool, to Wilson-rd, to enter Broad-st about halfway between Wilson and Philippi-rds.

Harold Hayes, director of public relations for the Red Birds, was the speaker. He predicted Columbus would have a good team this year and that the city will regain its enthusiasm for baseball. Whitie Reese and Ben Downs, Red Bird players, were also guests.

Inducted into membership were Cliff Murfin of Auto Club Insurance Co., James Holroyd, architect, John Wile of Wile Motor Sales, and John Hensel of Rosebud Floral Co. Membership was voted to Echelman Grain Co., Martin T. Boyer, and Harold Slyh Roofing Co.

Incorporate Franklin Twp. -- No

—An Editorial

The old expression "haste makes waste" may soon get a workout in Franklin Twp.

Out of a clear sky comes an announcement this past week that residents of the township will be asked to go to the polls next Tuesday, Apr. 20, and vote for or against the incorporation of the area into a village to be known as Franklin Heights.

Those people in the township who belive this is the right step have the right to ask for a vote on the matter. It is our belief, however that such hasty action in bringing the matter to a vote within such a short time after it is announced can mean nothing less than defeat of the issue next Tuesday or what is sure to follow if it passes, an injunction which will throw the matter into the courts.

We have previously expressed the opinion that there is certainly an amicable and equitable manner in which this question of annexation, incorporation and expansion can be settled. People of this territory are capable of thinking for themselves and when they have had the facts properly presented will be in a position to make up their minds without the aid of any threats or hasty proposals.

We do not feel that Franklin Twp. should be a corporation. There is a better solution of the problem. Throwing this area into a corporation will solve no problems. It will merely increase them.

All the many things that people of this section want cannot be provided through incorporation without considerable increase in costs and certainly only after a long period of waiting. The incorporated area of Whitehall and all the problems that have attended it certainly attest that a widespread area such as Franklin Twp. would have even greater problems.

Residents of Franklin Twp. should give this matter serious thought and even though there will be but one voting place where they may vote next Tuesday, should vote against incorporation at this time.

Hilltop Athletic Club Plans Jukebox Dance

The Hilltop Athletic Club will hold a juke box dance from 7 to 11 p.m. Saturday, Apr. 17, in the Westgate Park Shelterhouse for members and their dates and for community youths who are interested in becoming members of the club. There is no admission charge.

A club official said that any boy, age 13-19, member or non-member, is welcome to attend the dance, either with or without a date. A police officer will be on duty at the dance to act as chaperone.

SCOUTS HOLD PAPER DRIVE

Boy Scout Troop 14, sponsored by the Apostolic Gospel Church, will conduct a paper drive the afternoon of Saturday, Apr. 17. Paper donors are asked to call JO. 4825 to arrange pickup of scrap paper. Proceeds will assist the troop in purchasing necessary scouting equipment.

Lower Insurance, Water Rates Due If Area Is Annexed To City

Figures released this week indicated that residents of Franklin Township will be eligible for lower insurance rates if this area is annexed to the city of Columbus. The savings would amount to about 75c per thousand.

Annexation will assure water and sewer services at reduced rates, it has been pointed out. City's first duty is to supply these needs to its citizens. Rates would be reduced from $1.87 per thousand cu. ft. to $1.70 per thousand cu. ft. for water and from $1.20 per thousand cu. ft. to 85c per cu. ft. for sewerage.

Charges for water mains inside the city are $2 per foot front, collected at time of making tap. Tap charge, $60.

Charges for water mains outside the city are $2.20 per foot front, payable when service is furnished, not less, plus tap fee of $60. Limited to 175 feet depth from water mains. Charge for area beyond 175 feet, $50 per acre.

Bicycles To Be Awarded Tuesday At Central Point

Two bicycles—gifts of the Central Point Business Association—will be awarded at a drawing to be held Tuesday evening at 9:15 o'clock in front of the Reeves Bros. Sporting Goods Store, Central Point, W. Mound-st at Central-av.

The winners will be drawn from thousands of slips deposited by shoppers at Central Point during the past several weeks. Slips were issued free of charge by all Central Point business houses. There was no charge of any kind.

3 Hurt In Hilltop Crash

William Hopkins, Jr., son of Mr. and Mrs. William Hopkins of 1354½ Lechner-av, was one of three persons injured in a collision at Fairmont and Lechner-avs last Wednesday afternoon, police reports show. He was taken to Mt. Carmel Hospital suffering a possible skull fracture. The youngster was riding in a car driven north on Lechner by William Rathbone, 20, of 905 Miller-av when it was struck by the car of Gary Thompson, westbound on Fairmont.

Also injured in the crash, but released from the hospital after treatment were Thompson and Mrs. Narcia Hopkins, 43, mother of the injured boy. Police cited Rathbone for failure to yield to the car on the right.

ELEVENTH-HOUR PLANNING for the Silver Anniversary Party of Camp Chase Post 98, American Legion, brought the below-pictured group together in the home of Mr. and Mrs. Moss Williams, 1111 Steele-av, on Monday. County Commissioners Vote No To NYC RR Rezoning Plea

County commissioners Friday unanimously voted against the application of the New York Central Railroad for rezoning of a portion of its 92-acre plot on the north side of Sullivant-av west of Josephine-av from light industrial to heavy manufacturing classification.

The commissioners took this action after conducting a public hearing on Apr. 2 and later viewing the site in Franklin Twp. It was understood that one of the reasons behind the negative findings of the commissioners was failure of the railroad to inform area property owners of the exact nature of industry contemplated for the site.

The rezoning application has been returned to the rural zoning commission with recommendations that it be denied. Both the regional planning commission and the rural zoning commission had earlier concurred in a decision to hold a 1500-foot frontage of the plot along Sullivant-av in the light industrial classification.

The attempt on the part of the railroad to have the zoning classification of the plot changed was the object of a protest meeting attended by some 70 home owners under the auspices of the Camp Chase Civic Association on Feb 18. In mid-March, it was revealed that the civic association's executive board had withdrawn much of its earlier unswerving opposition to the proposed rezoning on the basis of statements by railroad officials at earlier hearings that the industry to be located in the plot would be "an asset to the community."

On Apr. 2, the railroad paid $10,000 for an old two-room schoolhouse and its half-acre site in Franklin Twp. The purchase rounded out the rectangular proportions of the tract owned by the railroad.

Little Want-Ad Packs Big Wallop!

Elmer Hixon, 1766 S. 20th-st, can very well testify that small classified ads in this newspaper carry a big punch.

Last week, Hixon advertised a used car for sale. The calls started early Thursday and continued throughout the week-end. He states that he received more than 25 phone calls—and demonstrated the car to three prospective customers at the same time. Needless to say, the car is sold!

This is just one of the many instances of the super-satisfactory results people are getting with want ads placed in this newspaper which goes into 22,000 homes.

If you have something for sale or rent, a service to offer or want to buy something, just call RA 1123 or GA 9262 to place your ad for next week's paper.

Electrical Network Expanded To Service Lincoln Village

Further expansion of utilities west of Columbus has been completed, according to an announcement by the Columbus and Southern Ohio Electric Company. C&SOE vice-president J. L. McNealey disclosed yesterday that the new facilities will provide electric service for the residential, shopping, commercial, and industrial sections of Lincoln Village.

He said that the Galloway station is located between New Rome and Alton and that it ties into the Wilson-rd substation. A $1,502,000 addition was made to that part of the company's transmission network last year.

The residential service for Lincoln Village will be provided from overhead lines at the rear of the homes. Some three hundred poles have already been installed according to McNealey. They will be used jointly by the electric company and the Ohio Bell Telephone Co.

Service for the shopping center area will be provided by four underground transformers.

The proposed street lighting program will be entirely underground. Installation on this phase is expected to begin in May.

The Lincoln Village electrical facilities now planned will require about 60 miles of electric wire and cable exclusive of customers own wiring.

In connection with the expansion program, McNealey said "We are well pleased with the progress being made on the installation. It is a good example of planning between the Peoples Development Co. and Columbus and Southern which will insure an adequate supply for the users-to-be."

He also pointed out that C&SOE plans on spending over $23 million on expansion this year in the 22 county area which it serves.

Lincoln Village is an 1170-acre "model city" being built along Broad-st, west of Columbus. The builder is the Peoples Development Co., a subsidiary of the Farm Bureau Insurance Companies.

Columbus Area Y-Teens To Have Pigalle Theme In Rainbow Prom, Apr. 24

Once again on Apr. 24 the Y-Teens from the Columbus area will join together to execute plans for the Rainbow prom. This year, under the leadership of Jo Leigh Woodburn of Westerville High School, "April in Paris" has been chosen as the theme and the band of Sammy Hopkins will play from 9 to 12 midnight.

In the shadows of make-believe Archs of Triumph and Eiffel Towers bright-colored formals will lend to the Parisian atmosphere and transform the ballroom of the YWCA into a Pigalle night club. During the intermission outstanding entertainment has been planned and at that time refreshments will be served, too.

A city-wide committee has been responsible for the plans and under Miss Woodburn's leadership has done an excellent job.

Helmar Lipscomb of Central High School has worked with the entertainment committee and Jeanene Davis of West High School assisted in planning the refreshments.

SETTING UP A CORPORATION IS ONE THING . . . performing the services that go with the establishment of a city government are another . . . These are opinions of numerous representatives of Franklin Township who are against the movement to incorporate Franklin Township. They cite such scenes as the above, top, a section of an alley at Whitehall, where they have been unable to make regular refuse collections, and below, a street in Whitehall, where the village has not had sufficient revenues to go ahead with street improvements.

Hilliards Boy Scout Troop No. 148 Holds Investiture Rite

Hilliards Boy Scout Troop 148 held its weekly meeting at the grade school Wednesday evening, Apr. 7. Investiture services formed a major part of the meeting.

Scoutmaster James Weaver, Sr., presented the troop with a beautiful wooden candelabra of his own design and workmanship. The form is oblong with steps notched in on either end, leading upward to one central candleholder at the top, providing space for 12 green candles, representing the 12 parts of the Scout oath. As each pledge of the oath is recited, a candle is lighted, and when the oath has been recited, the 12 candles have all been lit, presenting a beautiful and impressive ceremony.

Hilliards Troop 148 now has 33 members, representing a healthy growth and the source of considerable pride on the part of the men interested in the youth of the community.

Andy Bogen, Tom Mers, Bill Geese and Gary Stevenson were awarded Tenderfoot Badges; Steve Siegfried and Don Yore received Scholarship Merit badges. James Weaver, Jr., was awarded the Surveying Merit badge and Citizenship in the Community badge.

Program Chairman Art Bogen announced arrangements for a swimming party which was held on Tuesday, Apr. 13 at the Columbus Athletic Club.

the outcome of the election to take further steps. In council Monday evening it was emphasized however that incorporation of the area would jeopardize chances of the township to get additional facilities.

Service Director Floyd Redick stated this week that immediate weekly garbage and refuse collections might be made available to Franklin Township if it is annexed to the city. He has asked that $125,000 be spent to place an incinerator in operation north of McKinley-av., near Fisher-rd.

Laying of the 36-inch main in Fisher-rd has reached a point east of Hague-av, where progress is stymied because John Guy, Franklin Twp. trustee and member of the Democratic Executive Committee, has asked $3000 for an easement, although the main is being laid in the road right-of-way.

Many other property-owners have given the city an easement for the nominal fee of $1.

The 36-inch main, which would pour about 15,000,000 gallons of water per day into Franklin Twp., is scheduled to be completed July 31. It parallels Scioto River, then runs in Fisher-rd to Phillipi-rd, then south to Broad-st.

Agents for incorporation of the area are Clyde N. Crandall, 1933 Harrisburg-pk, and Harold Derrer, 117 Derrer-rd. Agents for annexation are Helen B. Jones, 743 Wilson-rd, and Wilma Berger, 681 Joyful-av.

Supt. N. G Fawcett of the Columbus Public Schools, issued this statement this week regarding what would happen in the township if it is annexed to the city:

"Wherever large sections of territory are annexed to the city of Columbus, it will be necessary for the Columbus Board of Education to continue to a very large degree the policies of the annexed territory for a period of six months to a year, or until such time as it is possible for the schools in the new territory to be integrated into the total Columbus Public School system," he said.

City Attorney Chalmers Wylie stated this week that in event of annexation farms in the area would not be affected. Upon annexation to Columbus the farm would be listed as non-conforming which status would continue until the farm should be abandoned for farm purposes.

IX CORPS, KOREA — Cpl. Richard A. Staat, whose wife, Jo Ann, lives at 374 S. Eureka-av, recently took part in an irrigation project which produced an additional 16,000 acres of farm land in Korea.

His unit, Company B of the 378th Engineer Combat Battalion, helped build an aqueduct carrying water to the fields which are expected to yield 20,580 bushels of rice annually, enough to feed 3000 Koreans.

NEVER TO WORK AGAIN

Suffering From Cancer, Hilltop Man Lauds Aid Of United Appeal

VALIANT VICTIM—Elmer C. Crowell, his life supported by a piece of backbone about the size of a little finger, because of the ravages of cancer, takes time out to praise the work of the Cancer Clinic—a United Appeal agency. (Hilltop Record Photo)

In 1949 Elmer C. Crowell, 48 N. Sylvan-av, had a good job as an economist. He had a nice home and prospects for the future were rosy. Today he knows that he will never be able to work again. Why? Crowell has become a victim of America's No. 2 killer—cancer.

The currently increasing odds are that one person in six will get cancer sometime during his life. Crowell is one of the one in six, but he is alive because of funds raised for cancer research—perhaps part of the same funds raised through the United Appeal.

Crowell first noticed that his back hurt in 1950. After the pain became more severe he went to the Cancer Clinic—a United Appeal—Cancer Society organization. It was there he found that he had a malignant tumor on his spine.

He was operated on immediately. In time he recovered and eventually returned to work. But then he noticed the same symptoms returning. It was cancer again.

Crowell's first operation had failed to remove all the cancerous tissue so a second operation was necessary. All three methods known in combating cancer were used this time—surgery, x-ray and the killing of tissue by a radio-active substance, which in his case was radio-active gold wire from Oak Ridge, Tenn.

Trussed and braced by metal and canvas (to reduce the weight of his head and body on his spine), Crowell is now awaiting the regeneration of tissue from the surgery and x-ray burning.

But the part of his spine cut away by the surgeons will never grow back. At present Crowell's life is supported by a piece of back-bone about the size of a little finger.

"I think I'll recover after sufficient time," said Crowell, "and I'm certainly very grateful for all the United Appeals—through the Cancer Clinic—has done for me."

Last year the American Cancer Society—aided through the United Appeal—allocated more than $4,000,000 for its national research, some of which was spent at Ohio State University.

Only constant research will destroy today's greatest killer of children between the ages of three and 15, and reduce the present number of daily deaths due to cancer: 600.

And know the joy of pains that follows pain.

THE EASTER CALL

Easter morning . . . years ago,
Abundant faith began to show,
Shining from the resurrection
That revealed to prove perfection.
Ever since that Easter call,
Righteousness has guided all.

EASTER MORNING

Here is the stone that closed the door,
Here are the robes He meekly wore,
Here is the grave that held His clay—
But Christ, my Christ, was far away!

"Be not afraid," they heard Him say;
"Be not afraid," He says today,
For Christ is still beyond the sky.
Our Christ still reigns in Heaven on high.

When Easter Morn dawns dark or clear,
Remember still: "Be of good cheer."
For He Who came from out the grave
Has still the power, the world to save!

ANOTHER LITTLE BOY

He really was so small that day
When He was nestled on the hay,
He did not need a Christmas tree
With candles burning steadily.
He never had a tiny train
With switch and track; then, again,
Perhaps the other boys He knew,
Seeing that His wisdom grew,
Said He wasn't any fun!
(I guess He is the only One
Who has a birthday all the years

With candles on a tree.) He knew Soon dried when Joseph said He could
Carve a little ball from wood.

When He grew tired of playing toys,
Do you think He carved a little cross?

Easter is in the Air

ALWAYS AN EASTER

Always there is springtime,
always the flowers come;
always a dew-pearled morning
kissed by the rising sun.
Always the bud and blossom,
the tender leaf and blade
bursting the tomb of winter,
triumphant and unafraid.

Always a new day of life
to greet out of an eastern sky;
always a changing sunset
to chart our courses by.
Always lives undefeated
where faith is the star to guide,
defiling the crimson shadows
where Jesus was crucified.

Always a song from sorrow;
always the day from night;
Always ideals and longings,
a questing for love and right.
Always an Easter morning
revealing the glory of God—
[illegible] on the hills,
and morning dresses friendly
sod.

HYMN FOR MOTHERS

Jesus was but a little Boy,
As mine is now. And Mary's feet
Went many errands with great joy
To make His hours more sweet.

And Mary's hands were hands of good,
Toiling for husband and for Son;
The holy angels understood
And blessed each service done.

And Jesus, looking from the cross,
Knowing what was at last to be,
Comforted Mary for her loss
With all eternity.

Marguerite Janvrin Adams,
in Ted Malone's Scrapbook.

CROSSES

We think of crosses as bright, glittering things,
Hung lightly on some slender, golden chain,
Or lifted high in temples, where there rings
To muted music some dear, loved refrain
But this I know — no soul can ever see
The dazzling glory of eternal skies,
Until it kneels in dark Gethsemane,
And falls beneath a cross . . . no more to rise.

Will D. Muse,
in Adventures in Poetry.

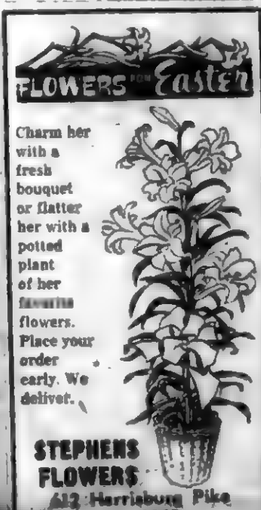
PONTIUS PILATE TO HIS WIFE

You warned me that this Man was innocent.
I knew about the dreams that terrified
And would not let you rest — when darkness cried
Aloud to you, and you said, "Oh, repent,
My lord, your judgment!" Would that I had heed,
Before it was too late, my pompous pride!
Would I had never seen Him crucified!
He had no fault. Such hours as I have spent!



I held unquestioned power to change His fate,
But feared that I be called not Caesar's friend.
Almost I envy the poor thief that lies
With broken bones, whose trusting at the end
Won him the promise that a blessed estate
Awaited him that day in Paradise.

Mabel Posegate, in her book, Once When Arcturus Shone.

EASTER PETITION

May timely showers, whose touch adorns the earth,
Refresh us well: each prostrate heart,
And may each dawn that brings a day's new birth,
To jaded minds its joyous lilt impart.
May we like streams, be loosed from winter's thrall,
And sense the rhythm of the dancing rills;
Now may we feel the pulse that moves through all
Our world, and clothes with green the distant hills
May soothing skies their soft serenity instill
As mothers hush a fretful child to sleep;
And let us drink at beauty's fount until
Something of life newborn is ours to keep.
So shall a winter-torn world be healed again

Seen at Seiller's

by Sue Prudendall

Easter will soon be here and gone; then comes balmy days and serious house cleaning. Shorts are even appearing on the display counters at Seiller's. But let's not jump into summer just yet, we don't even have our Easter outfit complete. If you are in the same spot, dash down to Seiller's to-day and finish getting your Easter finery. You'll find everything and anything you need. Lovely spring hats, purses, gloves, and those dreamy blouses to go with the beautiful suits you'll find at Seiller's.

The nice thing about buying your clothes at Seiller's, you don't have to be in the know about the newest fashions. Seiller's have the latest styles on the market, and whatever you choose will be the last word, because Seiller's carry only well known brands which speak for themselves.

If you find that a financial situation is making it a little difficult to outfit the whole family at one time, open a charge account at Seiller's. It's mighty handy and what a life saver at times! Happy Easter. Ads.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Editor:

We have come to the place where our way of life must be better defined, and its privileges and responsibilities proportionately shared.

Boys and girls of this generation who hold a favored position in life should not be led to believe that their positions entitle them to a passport and protection against the hazards of our common responsibility.

We are told that we face a common danger, in which if we lose, we lose all. Those who have more to lose should feel they have more to give, not less or nothing. If the price tag of our inheritance is based upon money and influence, the ingredients of our education lose their moral fabric and intrinsic worth.

If the grist mill of our colleges must be kept full for the sole purpose of providing employment to its teachers and professors, or to provide an out for the boys against military service, whose parents are financially able to buy them a passport to favor and security, our conception of a common heritage is wrong; every boy is precious to his parents, be he college student, filling station operator or truck driver, and picked at random, given the same opportunity, would show the same average degree of adaptability in any given field of his choice.

If those who are charged with the responsibility of national leadership are convinced that we must stand prepared to defend ourselves militarily, then every mother's son, at the close of his high school year, should serve his time and no exception. If he is physically unfit to bear arms, then there are other places where he can serve.

There is entirely too much talk about deferments, and more printer's ink spilled on college deferments than all others combined.

We have heard some sad things recently about the tie between gamblers and politicians. It might be found that the tie between educators and politicians is also vicious and detrimental to good government. Job classification in government work is invariably based upon the closed shop process of title or dubious degree, rather than merit.

It was through this route that complete control was taken of our government function in high places resulting in complete demoralization from within, involving legal dishonesty and moral turpitude.

We now find ourselves in a position where we have to fight to regain what our intellectuals lost for us. Now that enough young men have done their military stretch and are returning in sufficient numbers to replenish the college rolls, every young man should be required to assume his share of the common responsibility.

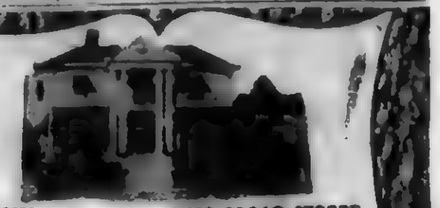
CUTS THUMB HELPING MOTHER

Four-year-old Diane cut her right thumb while aiding her mother, Mrs. Marilyn Buchanan, clean up the basement of their home at 250 N. Harris-av, Saturday morning. Mrs. Buchanan, who had been told previously by her family doctor when one of her other children injured herself that she had not summoned aid quickly enough, called the fire emergency squad to her home. Members of the squad bandaged the cut. No stitches were necessary.

WRONG ADDRESS!



An article in one of the Record's columns on Apr. 1 turned out to be an April Fool story. It pertained to the moving of the E. A. Chapmans (he's manager of the Central Point Kresge store). Turns out that the Chapmans have moved to 2713 St. Joseph-av, not to Eakin-rd as our Apr. 1 story had it.

Lift Your Heart With The Glory Of . . .

EASTER

Easter Sunday dawns . . . and, all over the world, hearts are lifted, lives brightened! In commemorating the miracle of the Resurrection, faith is confirmed, hope renewed, courage fortified. The deep and abiding joy of the Day finds its most inspiring expression in Church services on Easter Sunday. In the profusion of flowers, all may see the wonder of spiritual rebirth beautifully symbolized. And, as voices are lifted in hymns of praise . . . and prayers of gratitude . . . families, friends and neighbors become as one in their sharing of Easter's shining glory. Departing, each takes with him a sense of rededication to the teachings of Him who brought into this world the spirit of peace and good will . . . and who, in leaving it, gave to all the promise of life everlasting.

Sunday Sermonette

By Rev. J. L. Dean, Pastor
Pastor Of The Hilltop Community Church
Watch Your Step
(Text: Romans 8:1)

The greatest degree of peace, happiness, contentment and satisfaction is to live with no condemnation. The apostle Paul said, "Happy is he that condemneth not himself in the things which he alloweth." Contrariwise, the greatest degree of unrest, unhappiness, discontentment and dissatisfaction in life is found where there is condemnation for the sins committed against God and our fellowman.

Our subject is a practical one and should be of vital importance to all.

Rev. J. L. Dean

Men usually walk in the direction they are looking. Our steps will lead us toward God, or away from Him.

We are not left without instructions as to our steps, or our walk in life. Paul in writing to the Church at Rome, said, "Even so we also should walk in newness of life." Jesus also said, "Are there not 12 hours in the day? If any man walk in the day, he stumbleth not, . . . if a man walketh in the night, he stumbleth." "Watch Your Step."

Paul speaks to the gentile Christians of a line of demarkation. "Come ye out from among them, and be ye separate, saith the Lord, and touch not the unclean thing." "See then that ye walk (step) circumspectly, not as fools, (foolishly) but as wise, redeeming the time, because the days are evil." "Watch Your Step."

May your steps lead you to the Church of your choice next Sunday.

1900 YEARS

Up a "Green Hill far away," pilgrims have been journeying for nineteen hundred years. The way to Golgotha was hard and His cross was heavy ... but *there is a cross for everyone*. He cursed not those who tortured Him but prayed the most gracious prayer history has recorded, "Father Forgive Them, they know not what they do." – *His journey to Golgotha transfigured the cross forever, turning a symbol of suffering into a symbol of triumphant life*. Terrible is any cross a weary man must carry alone, but God of Calvary waits to help carry every man's burden. *He was crucified for us ... may we live for Him?*

PAST MASTERS' NIGHT was observed at Avery Lodge of Masons No. 493 at the Hilliards Masonic Temple, Tuesday evening, Apr. 6. Eighteen past masters were among the 75 members present: The Master's Degree was put on by past masters of Avery Lodge. After the regular work, six 25-year pins were presented, Claude McCann, Gilbert Holcomb, Chase Guy, Jack Alder, Lafe Wheeler, and Richard Williams being 25-year members. Clarence Wilcox, who died the Sunday preceding the awards, would also have been eligible to receive a 25-year pin. A pot-luck dinner, described as "sumptuous" by a member, preceded the work. It featured a mammoth cake presented by Arch Alder. The concoction was about two feet wide by two and one-half feet long and bore the Masonic emblem and was inscribed with the words: "Avery Lodge No. 493. Arch A. Alder, 50-year member. Jack Alder, 25-year member." The covered dishes composing the dinner were prepared by the wives of the members, this being in a field in which the men were willing to let the ladies take over. Past masters pictured above are, front row, Amos Funk, Frank Maugans, Donald Sifrit, Raymond Furrow, Joseph Davis, Harold McCullough, and Clarence Bettinger; second row, Edgar Davis, S. E. Gard, M. D. Hartsook, Eugene McBrayer, Walter Latham, and back row, R. A. Bennett, William Conner and Arch Alder. Kneeling in front is the present master, Fred McBrayer. (Reed Bidwell Photo)

The first regular meeting of Bethel UD Hilliards International Order of Job's Daughters was held at Masonic Hall Monday, Apr. 5. S. E. Gard, secretary of Hilliards Avery Lodge 493 addressed the group. The theme of his talk was the spiritual values inherent in the teachings of their order and he stressed the importance of being on guard against events and experiences which could in one days time destroy spiritual gains of the past. A special vocal number was sung by Jeanne Perry. Initiatory work was put on for the first time.

Mrs. Ursula Lehman, grand secretary of the order, entertained the members at her home Tuesday evening of this week. Next regular meeting will be at the Masonic Hall, Monday evening, Apr. 19. (Patty Gard, reporter.)

Just six weeks more of school remain in the 1953-54 school year at Hilliards, and events are crowding thick and fast into the rapidly fading time for faculty and student bodies.

Rev. G. F. Peters of New Rome Methodist Church will deliver the baccalaureate sermon on May 23. The service will be held in the high school auditorium, beginning at 8 o'clock.

Other upcoming events are the Sinclair Talent Show to be presented at the high school auditorium on Apr 21. On Apr. 22, the high school will be the scene of the All-Sports Supper.

Commencement on May 26 will take place at 6:30 in the High school stadium.

OSU Music Opportunities Conference Slated For High School Talent May 1

Plans are under way at the Ohio State University School of Music for the annual music opportunities conference, scheduled for Saturday, May 1, on the campus.

The event is held each year as a public service to high school students interested in exploring the possibility of a career in music.

During the conference, the entire staff of the school of music will be available to these students. Each participant will have an audition and an interview with a qualified person in voice, piano and instrumental music. Tests will be given to help determine the advisability of seeking a career in music.

General co-chairmen for this event will be Jeanette Sexton and Wayne Ramsey, instructors in the school of music. For information on the conference, write or call Prof. Eugene J. Weigel, director of the school of music, Hughes Hall, Ohio State University, Columbus 10, O.

City Will Sponsor Its Annual Junior Kegling Contest

The annual junior bowling tournament will be held at Olentangy Bowlings Alleys on Monday, Apr. 19, beginning at 10 a.m., for boys and girls between the ages of 10 and 15. Five-man teams will compete for the championship. A $1.25 charge covers the total cost for bowling, shoes, sanction fee and trophies.

Registration blanks can be found in most bowling areas or from the Columbus Recreation Department. All teams may register at Olentangy the day of the event. Trophies will be given for single high with handicap and a single high scratch for both boys and girls in the junior division and in the bantam division. Team trophies will be given for teams with the highest average as well as three-series games.

This tournament is sanctioned by the American Junior Bowling Congress and is sponsored by the city recreation department and the Bowling Proprietors' Association.

NEWS OF HILLIARDS

Holy Week Rites At Methodist Church Include Easter Broadcast

A completely redecorated sanctuary greeted Palm Sunday worshippers at Hilliards Methodist Church at the beginning of impressive Holy Week services. The Youth Membership Class of 13 members, averaging 12 years of age, was admitted to full membership at this service.

Worship services are being held every evening through Friday. The Easter Cantata, "Eastertide," will be presented by the church choir under the direction of Carolyn Yardley on Thursday.

At the sacrament of the Lord's Supper on Good Friday evening, the rite will be administered first to the youth class received on Palm Sunday before the general congregation. Music at the Good Friday service will be by the Senior Choir of the church.

Radio Station WCOL will broadcast the Easter Sunrise Service from the church at 6:30 Easter morning. This broadcast is the contribution of the Russell Grain Company. The service is open to the public. Those attending are asked to arrive in time that all may be seated by 6:15 a. m., Rev. Clyde C. Pinnell said, as the broadcast will start promptly at 6:30.

Sunday school at 9:30 will be followed by the regular worship service at 10:30. The adult membership class will be received at this service and the rite of baptism of infants celebrated.

The Junior Department of Hilliards Methodist Church will have Easter breakfast at 7:30, Sunday morning, at the home of Mrs. Alford Walker. Mrs. Walker is the mother of Kenneth Swepston, Sr., and resides at 57 S. Norwich-st.

Mr. and Mrs. J. F. Tudor have purchased the Robert Gard property at 79 E. Main-st and will move into Hilliards as soon as the new home being built on Cemetery-rd for the Gard's is completed.

Curfew Only Partial Delinquency Answer, 4 Hilltoppers Believe

Comment on this week's question—"Do you think stricter enforcement of the curfew law would aid in solving the juvenile delinquency problem?"—was largely in the negative. But your Hilltop neighbors thought carefully before they answered and came up with some remedies they thought would be of assistance.

Mrs. W. J. Berle, 86 S. Roys-av: "My opinion is that these youngsters need closer supervision and curfew enforcement would surely help. I have never actually been in contact with the problem but I can see there is definitely a need for some solution."

Mrs. A. J. Robbins, 401 S. Powell-av: "It certainly is a problem that must be dealt with. I do feel the fault lies as much with parents as with the children. The curfew would keep them off the streets but wouldn't prevent them from gathering at other places. The working situation as it is, with so many parents working nights, makes the problem a difficult one."

Mrs. Irvin Underwood, 787 S. Harris-av: "I have never seen a curfew work. I came from a small town where a curfew was in effect and I don't believe any true solution to delinquency comes from such a law. It's true that young people are forced to be off the streets but when no substitute activity is offered young people rebel at such a law. I believe community efforts such as the new Hilltop Athletic Club offer the most constructive help."

Mrs. C. E. Price, 513 S. Powell-av: "Yes, I believe it would help. I do think that some parents don't concern themselves enough with their children. Parents must take the time to talk things over with their youngsters."

Answers were inadvertently omitted in last week's opinion poll on the subject: "What do you think about the recent cut in federal excise tax?" They are presented below:

Mrs. Frank Kozman, 786 S. Richardson-av: "I'm glad to see the tax cut but I don't feel it will result in a lot of buying. Too many industries are laying off people for folks to be doing much luxury buying."

Mrs. Wilbur Lorch, 2823 Sullivant-av: "It would have been so much better to have had taxes cut on some of the necessities instead of luxury items. These are all things we can do without. There are other tax reductions possible which would have benefited the people more."

Mrs. Earl Mongold, 769 S. Harris-av: "The tax reduction is a very good thing. Many people will buy things now that they have been wanting and needing and, I believe, they will buy extras with the money saved on taxes. The increased volume of business will surely be a good thing."

Mrs. S. J. Andreas, 167 Holly-av: "It is not only very good, but long overdue. This excise tax reduction should have come a long time ago."

THE LEGEND OF THE DOGWOOD TREE

At the time of the crucifixion, the dogwood tree was as large and strong as the oak, and was chosen as the timber for the Cross.

To be used for this purpose distressed the tree, and Jesus, in His pity, promised: "Never again shall you grow large enough to be used for a cross. Henceforth, the dogwood tree shall be slender and twisted; its blossoms in the form of a cross, two long and two short petals. At the edge of each petal there shall be nail prints; in the center of the flower, a crown of thorns. And this tree shall be cherished as a reminder of My cross."

So it has been. The springtime flowering of the dogwood tree has remained a symbol of divine sacrifice, and the triumph of eternal life.

She has been bedfast for the past five years, and the doctors in practically every state in the U. S. have told her she will never walk again. It was polio with complications. When stricken she was about 24, a vivacious, friendly, charming girl who had never held a mean or petty thought in her lovely head. She is still like that. Her grueling life these past almost-six years would have beaten most of us, but not my favorite shutin. She has been an inspiration to all of us who know her, and her friends are legion. They write to her for advice, and cry on her shoulder about their troubles—which are not half as heavy as hers. She was headed for a brilliant career. She is a writer of no mean ability, and has a remarkable sense of humor. When asked what Easter means to her, she quoted these lines from Grace Noll Crowell:

Life out of death!
The straight shoots, green and tender.
Climb upward through the night;
Young as the morning,
Young and sweet and slender,
To flower in dazzling light.
Here is a resurrection—
Here is glory—
Quick are my tears to start.
Here is the repetition of a story
A world holds to its heart.

Mrs. George W. Noland, 76 Belvidere-av: "I think the reduction will be of help to us all. With employment so low and taxes taking such a large portion of the working people's wages, any reduction would help."

In Passing

By Esther Weakley

Just before Pearl Harbor, he graduated from a southern university, the youngest man ever to graduate from the college's medical school. He was young and enthusiastic and a fine, upstandin' lad, with a face like the map of Ireland itself (his words). After graduation he immediately enlisted in the navy. During the war he contracted TB while serving in the South Pacific, and since then has had more than 20 operations. He has parts of both lungs left. He was thrilled when the staff of the university hospital from which he graduated, last year permitted him to do lab work two hours a day. Now he has to undergo surgery again. But is he discouraged? Not little Irish. He and my favorite shutin write to each other each week, and sometimes she allows me to read parts of his letters. You would never believe that the writer is a young man, cut down in his prime (I know that's trite, but it's true) and just when the future looked a little brighter, it had to be dimmed again. He and my f.s. have a sort of pact. They have a special star that they keep polished with wishes on it, for each other. I know their star is bright just now. She does not depend upon the star altogether. She also prays for him, and he for her. If those two young people are not Americanism, they will do so far as I am concerned. When asked what Easter means to him, he said "Hope and re-birth after a hard winter."

* * *

Here are some quotations about Easter: From First E.U.B. Church "Messenger", Newark, Ohio — "Make Easter really mean something to you this year. There's a thrill in dressing up in the new spring clothes but the day after there is a let-down feeling. Why not, along with the new bonnet, put on a new dress within and make a new commitment to God and experience a thrill that never passes away?" . . . From Katharine Neal Smith's booklet of Easter poems—"We commemorate Easter as the Day of Triumph Over Death, and we revere the memory of the One Who sacrificed His life on the cross, that we might believe in immorality, and be relieved of all doubt of the futurity of life. Because of these greatest events of life, Easter has become, I would say, the happiest day of life, having given answer to humanity's most important question: 'If a man die, shall he live again?'"

Through The Garden Gate

By Members of Highland Garden Club

I REMEMBER

By Mrs. Elmer D. Myers

In the first verse of Bryant's Thanatopsis are these lines, "To him who in love of nature holds communion, with her visible forms, she speaks a various language; for his gayer hours she has a voice of gladness. She glides into his darker musings, with a mild and healing sympathy that steals away their sharpness ere he is aware."

I believe that these words become very real to most gardeners. Time passes so quickly while working in the garden, that what has seemed like minutes may easily have been hours. Back in 1937 the desire to belong to a garden club became very important to two Hilltop women. Since there was no garden club on the Hilltop, they set about to organize one.

Many hours were spent calling friends, trying to interest them in their project. They met discouragement and many times wondered if it would be possible to obtain a sufficient number to organize. About that time, we met Mrs. G. G. Thornburg, who was an officer in Garden Center. She was encouraging and promised to help the club get a good start. So it was that on that April day we met in the home of Mrs. W. R. Hamilton, on N. Hague-av. and she and Mrs. Thornburg helped to make our dream a reality and Highland Garden Club was born.

The name Highland was suggested by Mrs. Hamilton, because we are on high land. Most of our guest days were held in Mrs. Hamilton's lovely home and gardens. Since our goal of 35 members has long since been attained, we no longer have guest days, but have instead a waiting lis of folks who desire to become members. Each year on our anniversary we have a luncheon at a down-town hotel or party house, when we have election of officers, and annual reports are read.

From the beginning, we have been interested in community affairs and have contributed jam and jelly each Christmas to the West Side Day Nursery, small gifts and decorations for the patients at Columbus State Hospital, and accomplished numerous other projects during the year.

Our first planting was when we were four years old. At that time, the late Floyd Green was mayor of Columbus. He and the late Ray Hauntz, city councilman and husband of one of our members, together with Johnny Jones, Dispatch columnist, assisted us in planting a group of crab-apple trees on the Broad-st slope of Glenwood Park. We have participated in a number of flower shows and take pride in the prize winning ribbons that some of our members have won for arrangements they have made.

Mrs. C. E. Sharp was our first president and is still our councilor and adviser. These lines from a very old quotation, entitled "Gardening For Ladies", could well be our motto: "Do not rake any grievances; protect the young and tender branches of your family; plant a smile of good temper on your face, and carefully root out all angry feelings, and expect a good crop of happiness."

These Eyes — How Well Do You Know Them?

Edgar G. Planck, president of West Side Motors, Inc. at 1350 W. Broad-st, is the owner of last week's set of mystery eyes. Several subscribers who have had great fortune in the past with the eyes in this strictly-for-fun feature aimed at testing your powers of observation had to admit they were stumped this time.

Key clue was the pun, "You auto guess . . ." Planck, who lives at 2984 Crescent-dr, is certainly wrapped up in automobiles. In addition to being at the helm of the huge West Side automobile agency, he is secretary of the Ohio State Auto Dealers Association and a past vice-president of the Columbus Auto Dealers Association. He is also a former head of the Hilltop Kiwanis Club, the Hilltop Business Association, and Camp Chase Post of the American Legion.

Today's mystery eyes belong to one of the original members of the Hilltop YMCA board of directors. More clues would pinpoint his identity, but we will add that his manipulations add up to his livelihood.

Camp Chase Post Will Send Six Youths To Buckeye Boys' State

Camp Chase Post 98, American Legion, in cooperation with the Hilltop Lions Club, Hilltop Kiwanis Club, the 13 Club, and the Hilltop Business Association, will send six local 11th grade boys to the 16th annual American Legion Buckeye Boys' State at Camp Perry, Fort Clinton, O., June 11-20.

Chet Wagner

Chet Wagner, chairman of the Legion post's buckeye state committee again for about the dozenth time, announced Monday that five of the boys would be selected from West High School and one from Holy Family High School.

For eligibility, each boy must have a scholastic record of "C" or above, he must have demonstrated a preference for civics, public speaking, or debate. He must have self-reliance, personality, and an ability to compete with others of like standing, and must be informed of the character and purpose of Boys' State training and be willing to conform to the rules of the school.

Wagner said that a committee composed of himself, two members of the Legion post, and two members of the other cooperating organizations, was scheduled to meet yesterday evening to select the delegates. Previously, the faculty and principal of West High will have named 10 candidates for the honor and the faculty and principal of Holy Family will have named two youths for the honor. The committee Wednesday night was scheduled to select half of these youths as delegates and the other half as alternate delegates.

Were it not for a wartime government ban on conventions in 1944 and flooding of the Boys' State grounds by Lake Erie waters in 1952, this year's Boys' State would have been the 18th in Ohio.

Every youth attending Boys' State is assigned to one of the make-believe political parties — either the Nationalists or the Federalists. Forty to 50 youths at the camp comprise a city and four or five cities comprise a county. An all, about 1100 boys attend the yearly Boys' State under the sponsorship of the Ohio Department of the American Legion. All the counties comprise the state.

Within a couple of days after arrival at Boys' State, the youths have conducted campaigns and held elections for everything from governor of the state to city clerk and have appointed offices down to and including dog catcher. A highlight of the first few days is invariably the inaugural speech of the new governor.

While affording the youths practical training in citizenship and civics, the camp also offers a number of athletic and cultural activities. A band, formed among the delegates, practically always proves to be of excellent calibre.

45 Candidates Will Attend Pre-Primary Democratic Rally

Forty-five state and local candidates whose names will appear on the Democratic ballot in the May 4 primary election have been invited to appear at the pre-primary rally of the Franklin County Young Democratic Club at 8 p.m. today.

The meeting, which will be held in the Columbus Auditorium at 581 S. High-st, is expected to bring together candidates sparring for the same office.

The office of lieutenant governor is being sought by George D. Nye of Waverly, who formerly held the post, Herbert S. Duffy of Columbus and by John Taylor of Salem.

Seeking the office of treasurer of state are former State Auditor Joseph T. Ferguson, John W. Donahey of Hudson and John J. Gallagher of Cleveland.

Two men, Paul F. Ward of Columbus and Walter U. Bolton of Newark, will run for the post of attorney-general.

Said A. W. Mininni, president of the group, "The club is composed of 1300 members and a large attendance is anticipated."

West Drops 7-2 Diamond Decision To Grandview, Wallop Aquinas By 16-7

By Woody Owen

West High School's baseball squad opened its 1954 campaign last week by breaking even in two contests.

Wednesday, Apr. 7, the Grandview Bobcats, defending CBL champions, handed the Powell-av crew a 7-2 setback as Bob Peters turned in a mid-season pitching performance by handcuffing the locals with three safeties, as Carter, Coonfare and Sutterfield led the winning attack with two safeties each.

Grandview	300 031 0	—7	11	2
West	002 000 0	—2	3	2

Friday, Apr. 9, the Cowboys displayed great improvement over their season's opener, as they walloped Aquinas by the score of 16-7 in the City League opener for both squads.

The contest was marred by poor fielding on the part of the Irish. Jim Mentel, a Hilltopper, pitched all the way for the green and gold and, although touched for 13 safeties, several of which were of the scratch variety, the contest would have been much closer had he been accorded better support afield.

The Irish scored three times in the first after two men had been retired. Two bases on balls, Deshler's error and Reiser's single and Cobb's error did the damage.

The Cowboys retaliated with five in their turn in the first on a single by Davis, Williams, Walker, singles by Hughes and Vincent, an error on Nebinger's roller, who later scored all the way from second base on Watkins' infield roller.

An error, a sacrifice and another error gave the Cowboys an unearned run in the second.

Two errors and two singles gave the Irish three more scores in the top of the third.

In the Cowboy fourth, Davis singled, Cobb was hit by pitched ball, Williams walked, Vincent singled and Watkins' squeeze bun scored three more.

Aquinas in the fifth loaded the bases with none out, but could score only once as young Dana Deshler turned in a fine bit of clutch pitching.

The locals scored two more in the fifth on a single by Hughes, his steal of the keystone sack, an error on Deshler's roller and a single by Davis.

The Cowboys tallied five more in the sixth, singles by Davis and Nebinger, a fielder's choice on Watkins, a single by Converse, an error and Courtney's single.

Karl Davis led the locals at the plate with four safeties, while Watkins and Williams stood out defensively. Both Deshler and Courtney turned in good mound performances.

The Cowboys were scheduled for a non-league contest with Upper Arlington on Tuesday and a City League contest at South Thursday this week.

Two Exciting Slugfests Launch Hilltop Y Gra-Y Softball Play

By Dick Wilson

The Hilltop YMCA Gra-Y softball tournament got under way last week at John Burroughs playground with two exciting slugfests.

John Burroughs Gra-Y edged the Gra-Y Club from West Mound School in the opening game 6-3. The boys from Sullivant-av jumped into an early lead by scoring five runs in the first inning. The Mounders settled down after their jumpy start but they couldn't overcome the handicap of the opening inning.

The batteries for John Burroughs were Eric Marlow and Bruce Harmon. Glen McClure pitched for the losers and was received by Jim Colliflower. Marlow led the victors at bat with one home run in two times up. Fred Frank led the losers with a home run and a fielder's choice in two times at bat.

By innings

West Mound	101 001
John Burroughs	510 000

Highland Gra-Y pulled the surprise of the day by allowing Westgate Gra-Y a 14-run lead and then winning the contest by 19-14. The Highlanders had run rallies in the fourth and sixth innings of eight tallies for each after allowing the Westgaters three in the first, four in the second, and seven in the third.

Errors on the part of the entire infield for Westgate was the main reason for the loss as they committed a total of 12 miscues. Thurman Edmonds was credited with the win and Stuart Randall was the losing pitcher. Billy Dildine caught for the victors and smashed out a home run and two singles in four times at bat. Dick Steele and Frank Tippett shared the catching duties for the losers.

Glenwood All Stars Drop Invitational Cage Clash To Beatty Troopers, 68-58

The Glenwood All Stars reached the final round of the Beatty Class B invitational consolation basketball tournament before losing to the Beatty Troopers by a 68-58 score. Previously, the All Stars had lost to the Big Seven by a 48-42 score in the championship playoff game.

In the consolation first-round game, the All Stars defeated the Pizza 5 by a 75-55 score. Bill Winnestaffer led the All Star attack with 21 points and Bill Voss garnered 13 points. The All Stars jumped off to an early first quarter lead of 24-8 and was never seriously threatened throughout.

All Stars	24	7	20	24—75

In the final round of the consolation tournament, the All Stars fell beneath a second-half onslaught by the Troopers and were defeated by a 68-58 score. Bill Voss of the All Stars scored 16 points in this period of play.

The Troopers began to score with rapidity near the close of the third period and the exhausted All Stars slowly fell behind in the scoring race. Bill Voss led the offensive attack for the All Stars with 27 points and was the game's high point man. His defensive rebounding was also one of the brighter aspects of the game. Ken Metzler of the All Stars was the next high scorer for the team with 12 points. Jim Bond and Bill Winnestaffer had nine points apiece for the losers.

Troopers	14	19	14	21—68

YOUR YOUTH

By Bob Schmidt—Dick Wilson

Spring is really here when you can hear the Y boys shouting "Play Ball!"

Saturday morning was the opening day for Hilltop Y Gra-Y Softball League. They are playing at the John Burroughs Grade School diamond. Many of the parents were on hand to support their favorite player and team. The spirit of competition was keen but sportsmanship which many of the boys displayed Saturday was also of a superior caliber.

All Big and Little Braves must be on the lookout now since the girl members of the Hilltop Y have now organized the Y Indian Maidens. These mothers and daughters are organizing their groups and are now securing their tribal name and individual Indian names. This program will be a mother and daughter program and all girls (5-9 years) and their mothers on the Hilltop are invited to join this new group. For additional information call the Y office, JO. 4641, and ask for Bob Schmidt.

Our Junior and Senior Hi-Y are continuing their community service projects this Good Friday. In cooperation with the Council of Hilltop Churches, these Hi-Y members will usher during the Good Friday service at the Burgess EUB and Hillcrest Baptist Churches. The Senior Hi-Y is also sponsoring an Easter program for West High students today.

Say, gang, don't forget to pick up your April schedule at the Y office. It is really packed full of events for all boys and girls on the Hilltop. Free movies, boys' and girls' craft classes, clubs, special events and free splash parties for the boys.

Erlenbach's 'True Value' Hdwe. In Biggest Merchandising Event

COME IN AND BROWSE AROUND is the invitation of Harold W. Erlenbach, Sr. (above), proprietor of Erlenbach's "True Value" Hardware, 2409 W. Broad-st, during IRHA Hardware Week, Apr 16-24. (Hilltop Record Photo)

Erlenbach's "True Value" Hardware, 2409 W. Broad-st, will participate in one of the biggest promotions ever staged in the nation, it was announced today.

The event will be known as IRHA Hardware Week and will involve the biggest advertising and merchandising campaign ever conceived.

IRHA means Independent Retail Hardwaremen of America and is the symbol that identifies member stores, including Erlenbach's Hardware of Columbus, O.

Hardware Week will be observed coast-to-coast Apr. 16 to 24 by the 23,000 independent hardware stores, all members of the National Retail Hardware Association.

A total of 585 wholesalers and more than 100 manufacturers, including some of the industry's top names, will support the IRHA stores in the gigantic selling drive.

As part of the promotion, Erlenbach's Hardware has stocked up on the latest power tools, new precision-built home workshop gear, Do-It-Yourself gadgets, sports equipment, kitchen needs, garden tools, as well as the every-day line of hammers and saws, and nuts and bolts.

Many hardware items will be marked down or offered at amazing bargain prices in an effort to lure customers into the store.

Erlenbach's Hardware will be decked out in its Sunday best for the occasion, including colorful pennants and gay eye-catching display posters.

Patrons will be given free of charge, informative booklets on "Bright Ideas for the Home" which are aimed at the morning Do-It-to be completed by the end of summer vacation.

Yourself market.

In that connection, Erlenbach's will feature items designed especially for the home putterer and the hobbyist. Shelves will be well stocked with things like paint rollers, brushes, quick-drying paints, cabinet hardware and home craftsmen's kits.

Erlenbach said Hardware Week means "open house" and urged folks "to come in and browse around even though you don't need anything in the hardware line at this time."

Strike Might Mean Local Schoolrooms Not Ready For Fall

A continuation of the strike by five AFL building unions could make it impossible to complete a desperately needed two-room addition to Westgate School by September, F. T. Rudi, director of administrative research for the Columbus school board indicated late last week.

The school board will receive bids on the addition, to be constructed opposite the multipurpose room at Westgate, at 12 noon on May 14. This addition must be completed by September in order to handle the additional enrollment we already know will be seeking admission to the school in the fall, Rudi said.

Rudi said that the school board also hoped to start a six-room addition to Westgate School sometime before summer. This latter project, he said, would not have

Mayor Declares He Has No Intent To Ram Annexation Down Throats

"I have never advocated, nor has anyone in my office, that annexation be rammed down your throats," Mayor Sensenbrenner told more than 100 persons attending at a meeting of the Wilson Heights Civic Association in Franklin Twp, Tuesday night.

The mayor, along with Service Director Floyd C. Redick and Clyde Crandall, agent for the incorporation of the 22-square-mile township, appeared at a discussion of the incorporation proposal in the Wilson Heights School on Ransburg-av.

"If the heart of Columbus caves in," the mayor added, "you cave in with it, whether you incorporate or not. I'm vitally interested in the future of Columbus and of the people around it. Think soundly and pray diligently over it. It's your future.

The mayor appeared as a private citizen at the meeting.

Crandall, a member of the township school board, told the audience that a vote for incorporation will not mean that the village of Franklin Heights will be set up immediately. "Columbus won't let us become a separate corporation and it'll be in the courts for five years," he declared. "Until a program is offered, let's stay intact as a township.

"That program will be offered in five years, by the time they allow us to become a corporation."

Director Redick declared that he was convinced that a system of sewer and water districts, such as advocated by Crandall will not work. He also added, "If we don't square up the city to provide services more efficiently, we are through as a city."

Work, Columbus; 10 grandchildren; two sisters, Irene Metcalf, and Mrs. Charles Lafferty, both of Columbus; three brothers, B. C. Metcalf, Arlington, Va.; C. W. Metcalf, Des Moines, Iowa, and Walker Metcalf, of Orient.

Funeral services were held Friday in Stockport.

Golf Course At Trabue, Wilson Rds., Not Ready

The city's new municipal golf course at Wilson and Trabue-rds will not be ready for play Saturday, as previously announced, City Recreation Director M. J. Barack said Tuesday.

Barack, who has been under fire for lack of progress in the course, was scheduled to "face his accusers" in an open meeting at 7:30 p.m. yesterday in city hall council chambers. The mayor originally called the meeting as a rebuff to Barack for the slowness with which work has progressed. However, earlier this week, the mayor expressed the opinion that weather will decide whether the grass grows rapidly enough to permit early opening.

Barack has declined to say when the course will open, saying use of the course depends on how fast new grass reaches the correct level.

Reserve Decision On Valleyview Annexation Plea

County commissioners have reserved decision on the proposed annexation of 185 acres of Franklin Twp. to Valleyview following a public hearing of the case Tuesday morning at the court house.

Thomas Applegate represented the Franklin Twp. Citizens' Committee in opposition to the petition. Attorney Robert Draper represented Irene Lewis, property owner, in opposition to the petition. H. F. Cunningham, 3115 Valleyview-dr, also appeared against the

Cunningham has complicated the entire issue by the introduction of a counter-proposal signed by eight freeholders who live on 161 of the 185 acres asking for exemption from such annexation and a second petition signed by five of the eight freeholders seeking annexation of their 191 acres to the city of Columbus.

The original petition for which the hearing was called involves 185 acres between Powell-av and Wilson-rd and north of the Columbus corporation limits to the Pennsylvania Railroad. Gale King represented the original petitioners seeking annexation to Valleyview.

Hilliards FFA Holds Father & Son Banquet

The Hilliards FFA Chapter held its annual father and son banquet on Apr. 6. A delicious dinner was served by the home economics class of the high school.

Former Vo-Ag director at Hilliards, A. E. Ritchie, was presented the honorary chapter farmer degree.

Guest speaker was Howard Watkins, sectional vice-president of the northwest region. His emphasis was on the leadership taught to Future Farmers and the eligibility of any boy to become an officer, from sentinel to national president of the organization.

One hundred and sixty-three attended the banquet, including the members and their parents, former teachers and business men of the community.

Considerable interest and a great deal of activity highlighted the selection of the new FFA queen. Sandra Sichol was chosen over Donna McBrayer, Helen Patton and Marlene Casey. HEY POGNER!

Plan Now To Go To Western Round-Up At West High School Eve. Of May 14

Come one, come all to the Western Round-up to be held on Friday evening, May 14, at West High School!

Many amazing sights will greet your eyes as you walk through West's halls.

To begin your tour, be sure to watch the faculty skit directed by Mr. Miller. All fishermen will be interested in the PTA fish pond, while through the air will waft the delicious smell of baked goods from the PTA stand. To quench your thirst the Alumni Association will furnish soft drinks. Many voices raised in cheers will be heard from the Hilltop Athletic Club's boxing exhibition. Again the smell of food as we reach the PTA-sponsored refreshment stand.

Caricatures by the Art Club and novelties from the French Club will entertain you. For those with good aim a "Hit the Target" will be set up by the Equestrian Club. A boy and girl, no one knows who, will be crowned king and queen of the frolic by the VAC. A most interesting sport, "Target — Hit the Principals," will be sponsored by Allied Youth. To end a perfect evening you can go to the gym for the Student Council-sponsored Jitney Dance. Remember, May 14 is the Western Round-up!

All the money from the Western Round-up will be used towards the completion of the school's public address system.

Wife Persuaded Carl Schwab To Leave Ironton For Columbus

(This is the first of a series of articles about the men who head the used car departments of eight of Columbus' West Side automobile agencies.)

As is so often the case, a member of the weaker sex plays a dominant role in shaping the events of

Carl Schwab

with the Carl Schwabs, who are a family, and this has been true rently make their home at 614 Pierce-av, Whitehall.

Carl, who has been manager of the used car department at the Beasley-Grove Ford Agency, 770 W. Broad-st, began his affiliation with that firm five years ago, although his automotive sales experience dates back to 1938 in his home town of Ironton.

However, to illustrate the point previously made concerning the weaker sex, it's necessary to go back to 1933. That was the year Carl met Helen Allen of Columbus, who was visiting an aunt in Ironton at the time. Apparently he decided there were no gals in Ironton her equal, so he persuaded her to marry him and settle down there.

But after five years at the southern Ohio river town, Mrs. Schwab longed for her native Columbus and "sold" Carl on the idea that the Capital City was indeed a place of rare opportunity. He now would be the first to praise her foresight.

The couple has two sons, Michael, ten, and Ronald, 19.

Since becoming head of the used car department at Beasley-Grove four years ago, Mr. Schwab has played an important role in the rapid growth of the organization. The firm now boasts one of the finest and largest used car lots in the city, only recently completed, as well as expanded facilities for automotive reconditioning.

Mr. Schwab is of the opinion that, to a great extent, his success in the used car field is due to his code of ethics which, he says, ac-

tually is the Golden Rule.

"I am emphatic that we handle our customers as we would want to be treated ourselves," he said, "and our salesmen are constantly reminded of this. This insures satisfaction on the part of a buyer."

Among those assisting Mr. Schwab as salesmen are Van Houten of the Hilltop and Joe Haskinson of New Rome. Others are Dewey Vukovich, Emil Mart, Fred Faires and Pete Burcu. A well known "fixture" at the lot is Ernest Clyburn, who sees that the exterior of the cars on display is kept in shining condition.

* * *

Many outstanding used cars are now available, according to officials of many of the West Side's new car agencies.

Merle Brewer of Rodenfels Chevrolet Company put his "best buy" stamp on a one-owner 1950 Stylemaster Chevrolet two-door sedan, which has a light brown finish.

A 1951 Buick Special sedan is the top value reported by Dewey Korn of the Saeger Buick Company. "It has all the fine qualities to make it a real treat to drive," he says.

"The cleanest Packard in town is the comment made by P. A. Jackson of Hilltop Motors regarding an outstanding car value offered by his firm.

Only the price would indicate that the 1954 "88" Super DeLuxe convertible at Berlin-Wolf Oldsmobile is a used car, according to Earl Lutz. "It has everything—including a new car title."

Several 1954 Studebaker officials' cars are available at appreciable discounts at the Wile Studebaker Company. "They are real buys," is the comment made by Fred Wile.

Howard "Gibby" Gibson, well known Hilltopper, residing at 806 S. Richardson, has recently joined the used car sales staff at Earl Sarver, Inc., according to John Orebaugh, manager of that department.

A New City Is Voted By People

Results of the Tuesday special election in Franklin Township show that by a two to one vote residents of the area who went to the polls were favorable to the creation of a new city to be known as Franklin Heights.

Many of those who were favorable to the incorporation program have expressed their views that such a move was necessary to postpone annexation of the industrial area of the township to the city which would have left the school problem and other related problems to the township and with little money left to work with.

Two weeks ago we expressed the opinion in this column that it was not desirable that the township should be split up. It was and still is our belief that the city should not be allowed to take just a part of the township. It should be either all or nothing.

Actually we have stood for the same thing that the proponents of incorporation have stood for. We did not, however, believe that a new city should be established.

There are many who predict a series of conflicts that will prevent the actual establishment of the new corporation for quite some time. We join the entire area in saying that we do not look with any pleasure on a long series of squabbles and court cases over the matter.

It certainly seems that the people of Franklin County realize that the welfare of the entire community is a cooperative matter and as such it would seem that there still could be an amicable solution of the matter.

Closing our minds to any new ideas or refusal to try to resolve this problem on the part of anyone will only mean that the entire community will suffer. Progress will be halted, schools, water, sewer problems will remain unsolved and the community will be getting nowhere.

First things should come first. We believe the most important thing is for all of us to say to ourselves and to everyone else and sincerely so, "I ain't mad at nobody," and then sit down with open minds to solve our problems.

Both Sides Welcomed

In the current controversy over incorporation of Franklin Twp. a story was circulated last week that those favoring incorporation had been refused space in The Hilltop Record in which to tell their side of the story.

At no time has any group in this community ever been denied space in this paper. It is true that a call was received last Wednesday asking that space be reserved but the person was unable to get the desired copy to this office before the normal deadline for acceptance of copy.

City National Bank To Construct New Hilltop Branch On W. Broad

A new branch bank, complete with convenient drive-in facilities, will be constructed on the north side of W. Broad-st, between Brinker and Westgate-aves, by the City National Bank and Trust Company, it was announced today by J. H. McCoy, president.

Consent for the building of a branch that will be easily accessible to Hilltop area banking customers was obtained from the comptroller of currency at Washington, D. C., McCoy added.

"Many customers and friends of the bank who live or have their businesses on the west side of the city have asked us from time to time to provide banking facilities for them in that area," McCoy said.

"We also have been impressed with the rapid growth of that section of the city and the need for a conveniently located drive-in branch bank," he added.

Present offices are located at 20 E. Broad-st, 9 E. Long-st, and 1245 Olentangy River-rd.

Title to all land on the north side of W. Broad-st between N. Westgate and Brinker and extending northward to the alley was acquired Wednesday morning.

Bepham, Richards and Armstrong, Columbus architects, are working on plans for an attractive bank building for the new branch.

The City National Bank and Trust Company was the first bank in Columbus to provide drive-in banking facilities when it built the branch on the Olentangy River-rd, in 1950.

"The popularity of this means of auto-banking is well known," McCoy said. "That is why we plan to include this feature in the new west side branch. Plans now call also for parking space on the bank's lot for more than 30 cars."

All banking services and safe deposit box facilities will be available at the new branch, McCoy said.

"We look forward to the opportunity of serving the people in the western part of the city more conveniently," McCoy said. "We propose to operate the new office with a staff of officers and employees who are experienced and well trained and who will give the public the prompt, courteous and efficient service that is traditional with us at the City National Bank and Trust Company."

As of Apr. 15, the condensed statement of condition published by City National showed that the bank's resources totaled $118,113,242.19. Capital stock, surplus and undivided profits totaled $7,464,730.20.

Ronald Klein and Fred Lanch Named To Model Legislature

Ronald Klein and Fred Lanch are representatives from the West Sr. Hi-Y Club, under the auspices of the Hilltop YMCA, who are taking part in the YMCA Youth and government programs in Columbus Apr. 23, 24 and 25.

Lanch

Klein

C. William O'Neil, state attorney general and chairman of this program announced yesterday that more than 400 high boys and girls representing the Hi-Y and Tri-Hi-Y Clubs in the state are registered for this big annual model legislature. The program is sponsored by the Ohio-West Virginia Area Council of YMCA's.

The youths have been trained for this forthcoming session at pre-legislative training conferences that were held earlier in the year at Berea College, University of Toledo, Capital University, Wilmington University, and Muskingum College. Klein and Lanch attended the sessions at Capital and were elected to the offices of senator and representative respectively.

The elected boys and girls who have been selected as senators and representatives will take their assigned seats in the State Capital Building on Friday afternoon. There the youths will elect their state officers and enact legislation which they have prepared. Over 50 bills have been prepared by the Hi-Y and Tri-Hi-Y Clubs over the state.

Ohio State University will play host to the group for the annual Governor's Banquet to be held on Friday evening. It is at this occasion that the elected officials are formally introduced with Kingsley A. Taft administering the oath of office. Governor Frank J. Lausche will be the speaker.

Following the banquet, the group will reassemble for committee work which often extends into the early morning hours so that legislation will be ready for the house and senate which will be in session again on Saturday morning, afternoon, and evening, and Sunday morning. The session will adjourn Sunday noon.

Columbus State Hospital Plans Public Program

The Columbus State Hospital, 1960 W. Broad-st, will join with the other psychiatric hospitals of our country in observing Mental Health Week, May 2-8.

Open house will be held from Monday, May. 3, to Friday, May 7.

Visitors will be taken on a tour of wards, various departments and treatment areas, and will be given the opportunity of discussing the program of the hospital with members of the staff.

Special hospital events to which all visitors are invited will include a showing of the film "Feelings of Hostility," in the hospital auditorium at 1 p. m. daily. An exhibit of arts and crafts will be presented by the therapy departments.

West Cowboys Upset East High Tigers, 10-8

West High School's fast-improving baseball squad remained undefeated in City League competition Tuesday afternoon on the home lot as it came from behind after trailing at one time 8-0 to defeat the defending league champs, the East High Tigers, by a score of 10-8.

The Tigers counted twice in the initial inning on a double, a walk, a double steal, and an error, then added another run in the second on a single and a long double. They then scored five unearned runs in the third to take a seemingly safe 8-0 lead.

In the home half of the third the Cowboys began their comeback by scoring six runs.

Davis, Cobb, Williams, and Vincent hit successive singles. Nehinger was safe on a fielder's choice and Converse hit a long home run

Funeral Rites Held For Mayor's Father

Funeral services for Edward E. Sensenbrenner, 76, father of Mayor Sensenbrenner and a retired jeweler, who died Saturday in his Circleville home, were held at 3 p.m. Wednesday in Trinity Lutheran Church, Circleville, where he was a member.

He was also a member of the Circleville Chamber of Commerce and helped organize the Circleville Athletic Club.

Survivors also include his wife, Anna; another son, Marion of Ft. Lauderdale, Fla.; a daughter, Mrs. Genevieve Emmons, and a sister, Emma Sensenbrenner, both of Columbus; 11 grandchildren and two great-grandchildren.

Burial was made in Forest Cemetery, Circleville by the Mader Funeral Home, of Circleville.

PAINFUL PUMPING—That's what Scott, 1½, and Terry, 3, were reminded of Monday by their mother, Mrs. Phil Tindall (right), of 968 S. Harris-av, when she showed them an empty aspirin bottle as she posed them for the photographer. On Saturday morning, the two youngsters tobether swallowed 50 children's aspirin tablets and were rushed to Mt. Carmel Hospital, where their stomachs were pumped and washed out. Fortunately, doctors discovered that most of the pills were still undissolved, and, inside of an hour the youngsters were back home with their painful memories. Mrs. Tindall, whose husband is a social worker for the Franklin County Children's Home, said all medicines are usually kept locked up around the house but that the aspirin was left out overnight because the children both had bad colds.

Franklin Twp. Citizens Vote To Establish New City Of Franklin Heights In Special Election

EARLY VOTERS—First man in line and the first Franklin Twp. citizen to cast a vote for incorporation at 6:30 a. m. Tuesday when the polls opened at Franklin Twp. Firehouse 3, Frank-rd at Harrisburg-pk was Robert Jahn, left, of 781 Stimmel-rd, member of the township school board and a volunteer fireman. John arrived at the station at 6:30 a. m. to shift the fire apparatus to make way for the booths. He is an engineer for the New York Central Railroad. Mrs. Ellis Jones, right, 745 Wilson-rd, who is a school teacher in the Rooth Avenue School, served as one of the precinct judges. She has been one of the major workers in behalf of incorporation.

Vote 1138 To 625 In Favor Of Incorporation Proposal Tuesday

By a vote of 1138 to 625 those who went to the polls on Tuesday in the special election in Franklin Twp. elected to establish the city of Franklin Heights and thus eliminate Franklin Twp.

Boundary of the new corporation will encompass all the area of the present Franklin Twp.

What the next steps will be in establishing the new corporation have not been made clear and it was indicated last week and again this week in some quarters that court cases can be expected from those who opposed incorporation.

When contacted Wednesday morning, county commissioners stated they believed such action on the part of the voters would automatically kill the petition for annexation of the large area west of the city which includes G.M. and Westinghouse plants. Such belief was based on the fact that the petition was received after the request for the incorporation vote had been filed.

The commissioners stated that there would be a hearing as scheduled on the petition for the annexation of the Miriam Heights addition. It will be held this Friday at 10 a.m. at the commissioners' office in the court house. Opinion has been expressed that under the circumstances it is hardly logical to believe that this area could be annexed to the city in the face of the Tuesday vote.

There were 3300 people in the area eligible to vote at the Tuesday election according to board of election officials and 1763 of these turned out to vote.

Two earlier corporations created by such a vote, Linden and Lanview, have not as yet materialized due to court actions.

Frank H. Kearns, county prosecutor, is out of town and will not return before Friday, according to Assistant County Prosecutor Lawrence Ramey. It is to Kearns that the complicated legal issue of determining the status of the petitioners filed prior to the incorporation election will fall.

Ramey said that he believes the current situation is without precedence in this part of the country.

"This office would be assuming the role of fortune tellers if we attempted any sort of a statement at this time before we see what suits grow out of the tangle," he declared. "It is even possible," he added, "that the annexation petitions may be withdrawn in the face of the incorporation."

"Undoubtedly," he said, "the county commissioners will ask the county attorney's office to prepare some sort of background material as to whether the petitions or the elections have precedence. "It could turn into a long and unfortunate battle," Ramey concluded.

Late Tuesday afternoon City Attorney Chalmers Wylie stated, "I have another plan if we are stymied on the township level. I think it would be quite possible to gain support in the state legislature for incorporation plans for the whole county."

Wylie said that convincing farmers that they will be permitted to continue "business as usual" in the event of such a county move would be among the major problems in seeking countywide incorporation.

"The so-called law of conforming use," he declared, "makes it quite positive that farmers annexed or incorporated either would be permitted to continue their activities without interference from zoning or board of health authorities just as long as their farms were not abandoned for agricultural purposes. They could sell them to others for farming purposes or transfer deeds to heirs or other assignees. So long as the farms remain in farm use, the farmers are exempt from any laws or regulations which would hamper their livelihood," Wylie concluded.

Charles Davies, chief clerk of the board of elections, said voting ran well beyond the 6:30 closing time because of the large number of people still in line when the polls officially closed. A policeman stepped to the rear of the lines at closing time to keep others from getting into line, but booth workers had to accommodate those already in line.

Sixteen paid booth workers staffed the voting place. The ballots were counted on the scene.

Davies said the official count might take only one day. "It is simply a matter of comparison of poll books with ballots," he explained.

Here Are Next Steps In Incorporation!

What are the next steps necessary to the actual formation of the Village or City of Franklin Heights?

Following the official count of the vote on Wednesday, it will be certified to the county recorder and he, in turn, will certify it to the secretary of state if everything is found to be in order.

The secretary of state will, after examination of the matter, then certify back to the county board of elections that the area is eligible to incorporation and the matter is then in the hands of the township trustees.

Trustees will be required to set up the form of government under which the corporation will operate and call an election thereafter at which time anyone in the area can run for office. The number of elected officials will be determined by trustees.

Following the election of these officials, necessary salaries will be determined by the new city council. Other matters pertaining to the establishment of various city services will be determined by the newly elected council and mayor.

THE OLD ORDER CHANGETH

Starling Plans Open House Apr. 27

"The old order changeth giving place to the new."

West High students of 40 years ago who read this line from Tennyson's "The Passing of Arthur" (and we all read it then) regarded themselves as a part of the new order. For were they not in a brand new building erected especially for students of the West Side? And did not each section of the city now have its own high school — North, East, South, and West?

Two generations later students of today in the same building are in the midst of another change. Much of it has already been accomplished.

An opportunity will be given to former pupils and other interested persons to visit the newly remodeld Starling building on Tuesday, Apr. 27. At that time, open house will be held from 7:30 to 9:30 p.m.

The entire building has been renovated and remodeled. Outside, the building looks much the same, but once inside a person gasps in wonder. Walls of corridors and class rooms glow with lovely pastel colors — soft grays, cool green, warm tans and rich yellows. New tile floors in the passage ways and hardwood floors in the class rooms. On cloudy days florescent lighting almost equals daylight and winter's chill is tempered by a new heating system with temperature regulations arranged for each room individually.

The offices have been remodeled so that in addition to having more space for the general office there is a private room for the principal, the vice-principal and the guidance teacher. Most of the small class rooms have been combined with others so that classes have adequate space and in most cases much needed book shelves and storage accomodations for teaching materials have been provided.

On the basement floor near Central Avenue there are enlarged quarters for metal and wood shops. Also there is a "graphic arts" room. Here is taught the mechanical drawing with facilities for printing with type and silk screen as well as a dark room for photography. A general purpose room seating about 100 pupils can be used for movies, games and meetings is also located on this floor, to say nothing of the room for the special class, which is also an innovation. Modern toilets have been installed. On the Brehl-av side of the building is the enlarged cafeteria kitchen and dining room.

But the really big change is in what was the auditorium of the old West High School or the gymnasium of the past 25 years. Here, a new floor at the level of the second story has been installed and a new corridor from the old building to the addition that was new in 1926 is in use. On

West High Cast Of 61 To Present 'Hoosier Schoolmaster' On May 7

In the period of 1870 and thereabouts, it was the custom in parts of America to bind out orphaned children as servants to a family who were to keep them in servitude, until these charges reached their majority.

In the main, it was a very inhumane practice which left the children in many instances at the mercy of callous people who felt free to exact the utmost toil from these unfortunates and to inflict upon them no end of abuses. A victim of this system is embodied in Hannah Thomson, one of the outstanding characters in Edward Eggleston's celebrated folk-story, "The Hoosier Schoolmaster."

Bound out to the barbarous Means family, Hannah submits stoically to her fate, but never once is her proud spirit broken nor her fine sensibilities dulled by her gross surroundings. That this brave and lovely creature should arouse the admiration and affection of Ralph Hartsook, the young schoolmaster was, of course, inevitable.

His romantic interest in Hannah quickly excites the jealousy of Mirandy Means who had "set her cap" for the schoolmaster; and to frustrate the budding romance she maliciously leads Ralph into believing that Hannah is being courted by Bud Means, her brother. This deception accomplishes its purpose. The schoolmaster is rudely awakened from his dream and finds himself cruelly restrained from making any open declaration of his love to Hannah.

Just how Mirandy's malicious lie is uncovered and Ralph and Hannah are ultimately brought together again provides one of the most touching scenes in the dramatic adaptation of "The Hoosier Schoolmaster" which is to be presented by the Senior Dramatics Class, at West High on May 7. Tickets will go one sale next week. General admission will be 40 cents while reserved seats will be on sale at 60 cents.

Directed by Mrs. Evelyn Hall, the cast of 61 has already demonstrated a professional grasp of the subtle nuances of the now immortal comedy-drama.

Hilltoppers Learn "Hard Way" Of Enforcement Of One-Hour Parking Rules

Scores of Hilltoppers learned "the hard way" the past several days that stricter enforcement of the one-hour parking limitation along much of W. Broad-st had been ordered of cruising squad and motorcycle policemen.

A check at one time Monday showed 10 cars bearing the yellow $2 overtime parking slips in the 2400 block of W. Broad-st alone.

Police headquarters spokesmen reported that an interdepartmental letter had gone out from the chief's office to the enforcement division calling for stricter observance of the timed parking on W. Broad-st and Sullivant-av alike.

Valleyview Annexation Petition Is Rejected

Annexation of a 185-acre tract to the Village of Valleyview in Franklin Township was rejected Friday by the Franklin County commissioners. They held the project was "unreasonably large."

To Give Gladden American Flag

Presentation of an American flag by Camp Chase Post 98, American Legion, will be among the highlights of the formal dedication program of the Gladden Community House which will begin at 2:30 p. m. Sunday, Apr. 25.

Ewing T. Boles, president of the board of trustees of Gladden, will preside during the one-hour ceremony, which will begin with invocation by Rev. Royston Bevan, pastor of the First Congregational Church and member of the Gladden board. In the flag presentation which follows, Richard Martin, third vice-commander of Camp Chase Legion post in charge of Americanism matters, will be in charge, with Commander George Levisay and a color guard of seven from the post also participating.

Sells Three Homes Through Want-Ads

Three homes were sold during the past week by Mrs. Florence Long through classified ads in this newspaper, which is received and read in more than 2,000 homes every week.

Mrs. Long, who lives at 3089½ W. Broad-st and who is associated with the Paul J. Falco Realtors, has utilized the want-ad columns of this newspaper for quite a few years — and always with good results, she tells us.

The homes she sold through the "Real Estate for Sale" section of our want-ads last week were located at 771 and 981 Joyful-av and at 186 Lechner-av.

If you want to cash in on the tremendous "buy-power" of these tiny but tremendous salesmen, merely dial RA. 1128 or GA. 9266 for skilled, courteous assistance in the best wording of your want-ad.

HONORED—Proudly displaying plaques awarded them at the Silver Anniversary Dinner of Camp Chase Post 98, American Legion, last Saturday at Henke's Provincial House are Larry Scates and Mrs. Mary Thompson, general chairman and co-chairman of the affair. They were surprised at the presentation which was made by Esther and Mike Austin, program chairman. Mike Austin is Franklin County Council Legion commander and a past commander of Camp Chase Post. Larry Scates was commander of the post in 1945-46. Mrs. Thompson was auxiliary commander the same year. (Hilltop Record Photo)

West Cowboys—

to centerfield to account for the scoring.

The Cowboys wrapped up the contest in the bottom of the sixth after two men had been retired. Cobb, Williams and Vincent singled in succession. R. Nebinger's Texas leaguer fell safe just inside the left field foul line, scoring Cobb and Williams. Vincent then came home with what proved to be the winning run, although Converse followed by singling home Nebinger with an insurance run.

Vincent, Cobb and Converse with three safeties each, led the Cowboy assault, but it was the superb relief twirling of Bill Spratley that seemed to inspire the team in its comeback, as he allowed but four safeties in the last four and two-thirds innings.

At present, St. Mary Magdalene has an enrollment of about 450. Nine classrooms are in use, two of which are located on the second floor of the parish shelter house, recently converted into classrooms, because of the crowded conditions.

The school is staffed by the sisters of St. Francis of Mary Immaculate from Joliet, Ill. The sisters have dedicated themselves to the education of youth. They are guided in their work by Franciscan ideals that have come down to them through the centuries of time. They believe:

"That knowledge may never be divorced from personal holiness; that the universe may be sacramentalized, whereby all creation will lead to the Creator; that happiness does not lie in material goods; that simplicity is the daughter of truth; that the great spirit of joy, a mark of every Franciscan, can be everyone's who will hold Christ as the center of all being."

The present staff includes eight sisters of St. Francis, and one lay teacher.

The Ohio Turnpike will cross over four major rivers and 38 other streams.

Hilliards Legion Acquires New Post Home

PRIDE OF POSSESSION—Hilliards Post 614, American Legion, took title on Friday, Apr. 9, to the McAfee Building on S. Franklin-st. Shown in the picture standing in front of the newly acquired Legion Hall are, left to right, Post Commander Clarence Weeks, Col. H. E. Sandusky (USA Ret.); Post Adjutant John Penfield; Harry B. Sheafer, the attorney who represented the Hilliards Post in closing the transaction; Ralph Geese of the Hilliards Post, sergeant-at-arms for the 12th district of the Legion, and past commander of the local post, Norman Distelhorse. (Photo by John Russell)

As soon as the lower floor of the building can be vacated, work of remodeling will begin. A new ceiling of acoustic tile will be installed as will be a kitchen for preparing meals and an additional lavatory room for women.

It is the Legion's intention to make the hall available to all youth organizations of the community free of charge. Persons in charge of such groups are requested to contact Ralph Geese, chairman of the house committee, because the Legion wishes to set up a schedule for the use of the rooms and allow free access to all desiring the same.

Adjutant John Penfield stated that the hall will be at the disposal of all community organizations but that only the youth groups can be accommodated free of charge. Adults wishing to rent the premises for parties or other gatherings will have the privilege of doing so for a nominal fee. It was emphasized that in keeping with its program of youth development, the various young folks' organizations will have first claim on the facilities of the new building when not engaged for official meetings of the local post.

Although Penfield said a formal opening date cannot be set because so much of the work to be done must be accomplished by volunteers among the members, it was hoped to be ready for the Memorial Day observance.

Hilliards Schools Wrapping Up Academic Year With Honors

Hilliards schools, which have been bringing home laurels in one department after another year after year, in scholarships, sports and arts, are about to end another school year with banners flying.

Among the departments bringing new honors to the local school system is the home economics group, supervised by Mary Kohler, which has four girls receiving the Future Homemakers of America degree at West High School this week.

Rarely does one school have four representatives attain this highest FHA honor; more rarely is a junior student selected. Three of the four Hilliards girls, Janice Brown, Bessie Eckard and Sandra Sichol, are juniors. The fourth, Joan Woodin, is a senior. Janice's sister, Doris, was one of the first FHA members from Hilliards to win state homemaker degree. Mrs. C. H. Brown, their mother, is one of the chapter mothers, of whom there are two, Mrs. Richard Kellogg being the second.

Joan Woodin and Janice Brown are chapter pianists. The Hilliards chapter has 84 members and for the past five years has won the "award of merit" for outstanding service.

Sandra Sichol was elected queen of the Hilliards Future Farmers of America at the FFA father-son banquet, Apr. 13.

The Hilliards home economics department had two teachers-in-training in April. Shirley Smith of Millersburg, O., worked with sophomore girls and Carol Smith of Hilliards with 7-8th grade and freshman girls. The advanced class was being taught the course in mother and infant care by Mrs Milhon, director of home nursing for the American Red Cross. Girls finishing the home nursing course will receive certificates for their work at the annual state meeting Apr. 23-24 at which the state homemaker degree is awarded.

Hilliards High School music department, under the direction of Mr. White, is completing preparations for the annual spring festival of music to be presented at the high school auditorium at 8 p.m. Friday, May 7. At this event the junior band will make its debut.

Numbers and sections of the music department rendering them offer a wide range of theme and form. The first section will be presented by the junior band which will offer three selections: "Chorale", "Waltz" and "Eastport March."

The girls' chorus will sing "Kitchenette" and "Love Is the Wind" and the boys' chorus repertoire includes "Stout Hearted Men" and "Nothing Like a Dame."

Three numbers to be rendered by the mixed chorus prior to intermission are "Lord God of Sabaoth", "Rest in the Lord My Soul", and "Battle Hymn of the Republic".

During the intermission will take place the ceremony of presentation of awards when the mixed chorus will conclude its section of the concert with "This Is My Country", "Comin' Thru' the Rye", "Serenade", and "Give Me Your Tired, Your Poor".

The senior band will conclude the program with "Fidelity March", "Deep Purple", "Scenic West", "Showboat Selections" and "Entry of the Gladiators".

A group from the vocal department accompanied by Mr. White traveled to Cleveland on Monday, Apr. 19, to attend the Metropolitan Opera Company's rendition of "Lucia di Lammermoor" . . . The German Band from Hilliards High will participate in the Scout-o-rama at the state fairgrounds May 8 and 9 . . . Lowell Johnson and David Snider participated in the music education state finals on Apr. 10 and received the highest rating possible in the competition.

Hilliards Elementary School had 35 pupils, selected from the sixth, seventh and eighth grades, in the first round of the spelling bee contest sponsored by the Columbus Citizen. Nine of this group won the right to participate in the second contest which was held at Dublin, in competition with six other schools from Franklin County, in written tests. There were 31 contestants in this round from which 16 high scoring spellers took part in the oral lineup. Seven of these 16 were from Hilliards.

Martha Ann MacCarthy, Grade 8, ranked first; Stanley Robinson, Grade 8, was second, and Linda Griffith, also from Grade 8, ranked third in this test. In order, the four other Hilliards pupils finishing the contest were Patty Hartley from the sixth grade; Jean Grener, Caryl Carpenter and Steve Vourlous, all from the seventh grade. David Robinson and Charlotte Weldon, both sixth graders, were eliminated in the written test at the Dublin meet.

Clifford E. Garwick, Democratic Candidate For 11th Ward Committeeman in May 4 Primary

Hilltopper Clifford E. Garwick, a former member of the political science faculty at Ohio State University, is a candidate for Democratic committeeman of the 11th Ward.

Backed by the insurgent group of the Democratic Party, the candidate has organized a group of precinct workers who are distributing literature in his behalf among their neighbors.

Garwick, 666 Chestershire-rd, earned his bachelor's and master's degrees at Ohio State University and became a member of Phi Beta Kappa honorary fraternity. During the early years of World War II, Garwick worked at the Ravenna Ordnance Plant and later served with the Merchant Marines in the Pacific. He saw action at Okinawa.

Since 1942, he has been connected with the Ohio Farm Bureau Federation, first in the legislative department and later as research analyst. He is married and has been a Hilltopper about five years.

Clifford E. Garwick

Of the 16 pupils appearing in the oral test, eight winners and three alternates are to participate in the final county meet. Martha Ann MacCarthy, Stanley Robinson and Linda Griffith will represent Hilliards in the first eight; the three seventh graders have won alternates' places.

Winners from the South Mifflin meet will enter the state contest finals.

Two sessions of an inspiring and entertaining Easter program were presented at the elementary school on Thursday afternoon by the second and sixth grades under the direction of Betty Fultz, second grade teacher, Carrie Kidwell, sixth grade teacher, and Mary G. Duncan, director of vocal music.

David Snider rendered the organ prelude, followed by "All Things Bright and Beautiful", sung by the sixth grade. Charlotte Weldon read the scripture lesson of the season.

The second graders sang "At Easter Time", "Easter Bells in Churches Ring", and "Springtime Surprise"; and recited "Legend of the Dogwood" and "Legend of the Bluebird" and presented in costume "Dance of the Flowers and Easter Bunny". The children were costumed as tulips and little David Ormerod was the bunny intrigued by the spring flowers.

The sixth grade led the singing by all the pupils, "Christ the Lord Is Risen Today" and joined in choral reading of "The Twenty-Third Psalm". Patty Hartley of the sixth grade was piano accompanist for the song "The Lord's Prayer". David Snider closed with an organ postlude.

Two performances were necessary to accommodate the many visitors who came to view the program, since the auditorium at the grade school has limited seating capacity.

In order to facilitate communication from the principal's office to the classrooms at the Hilliards grade school building, there is being installed a public address system which will connect the office with all classrooms. The system was expected to be in operation this week.

In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 8 a.m. Tuesday.

Deadline for the arrival of news of clubs and other women's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 8x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

Selecting The Burial Estate Together

The prospect of death is, of course, not a pleasant one. Yet it comes to all of us—we cannot escape the fact. So it is good wisdom to be prepared—and one detail of this preparation is the selection of a family burial estate beforehand. With forethought, you can acquire the type of permanent resting place you think appropriate. You can do this under the best possible conditions—you, your wife, your whole family if you wish, can inspect available burial estates—and select at leisure a resting place that will be a constant source of satisfaction.

CONSOLATION

In days of bereavement and sorrow, it is a consolation to those left behind to know that a place of repose—one selected by loved ones when they were together—has been provided. At such a time, the urgency of finding a burial estate can add undue anguish. Too, a suitable location often cannot be had—and, in the rush and stress of the moment an undesirable one may be accepted. FORETHOUGHT CAN AVERT ALL THIS—insure a site of lasting beauty.

Sunday Sermonette

WHAT IS A CHRISTIAN?

By Rev. John E. Hydinger
Pastor Of Hilltop Evangelical Lutheran Church

He is one who believes in the Lord Jesus Christ, who sees in Christ his Lord and God, who looks to Christ for forgiveness of sins, for deliverance from all evil and for a salvation which includes eternal life in the perfect presence of God.

Many other truths revealed through scripture will be part of his faith, but the essential truth

Rev. John E. Hydinger

to which he clings is the gospel, "God so loved the world that He gave His Only Begotten Son, that whosoever believeth in Him should not perish but have everlasting life. (John 3:16)"

Also, he is one who because he believes in Christ as Lord and Savior, has for Him an undying love and devotion which inevitably moves him to seek fuller fellowship with God, and to serve God by doing the things God asks of him. Christ has well summed-up the laws of God in the sentence, "Thou shalt love the Lord thy God with all thy heart, with all thy soul, with all thy strength, and with all thy mind . . . and thy neighbor as thyself. (Mark 12:30-31)"

He who in love reads the Scriptures or looks upon the world about him, finds readily more God-given tasks than can be done in a lifetime. The time he gives to doing these is, of course, in proportion to his faith and love. If his Christian service is slight, you can know his faith and love are slight also.

The Christian life is always the outward expression of that inner affection which the believer has for the Lord God. It is never the mere doing of popular, helpful or even heroic deeds just to be seen and praised of men. Nor is it ever the doing of these same deeds simply because the deeds ought to be done. What makes deeds Christian is the fact that Christ is the motivating power behind them. All else is but vanity.

That Christians may worship God for His wonderful goodness to all men, that they may have fellowship with Him through Word and Sacraments, that they may learn His will and find strength to do it, that they may keep alive a strong outgoing witness to all men and especially to those who know not God, Christians build and support the Christian Church and attend its services regularly. For all who would enjoy these privileges and fulfill these God-given responsibilities, The Church is indeed essential, and it stands waiting with outstretched arms. Why not become a part of that Christian Church this Sunday?

New Hilltop And Grove City Catholic Parishes Receive Heads

Announcement has been made of the appointment of administrators for the newly founded Catholic parishes on the Hilltop and in Grove City. Appointed by Bishop Ready, they are Rev. Bennett Applegate, diocesan superintendent of schools, and Rev. Harold O'Donnell, assistant chancellor of the diocese. They will direct the organization of the parishes until plans for new churches are definite.

Rev. O'Donnell will schedule masses in Grove City at the Community Theatre, 3651 Broadway, which has been purchased by the new parish under the title of Our Lady of Perpetual Help. The first mass has been scheduled for Apr. 25, at 9:30 a. m.

Rev. Applegate will have charge of Saint Agnes Parish on W. Mound-st at Wheatland-av. Sunday masses will be offered at the new West Mound Street school, beginning Sunday, May 2.

Catholics in the Grove City area were formerly members of Holy Family Parish, and St. Cecilia's in New Rome. Until the publication of the official decree the proposed boundaries for Our Lady of Perpetual Help Parish in Grove City have been delineated by Bishop Ready as follows:

Northern boundary: Alkire-rd from Franklin-Madison County line on the west to Demorest-rd on the east; Demorest-rd to the intersection of Clime-rd; Clime-rd to U.S. Rte. 62 on the east, Frank-rd from U.S. Rte. 62 on the west to State Rte. 104 on the east.

Eastern boundary: State Route 104 from Frank-rd on the north to the Franklin-Pickaway County line on the south.

Southern boundard: the Franklin Pickaway County line from State Rts. 104 on the east to the Franklin-Madison County line on the west.

Western boundary: The Franklin-Madison County line from the Franklin-Pickaway County line on the south to Alkire-rd on the north.

The area designated for St. Agnes Parish on the Hilltop was formerly divided among St. Aloysius, St. Mary Magdalene and Holy Family Parishes. The boundaries for the new parish are:

Northern boundary: the south side of Sullivant-av from Ogden-av on the west to State Rte. 3 (Central-av) on the east.

Eastern boundary: State Rte. 3 (Central-av) from Sullivant-av on the north to its intersection with Brown-rd; then south on Brown-rd to Frank-rd on the south.

Southern boundary: beginning at a point on Clime-rd, directly south of Ogden-av, then east to State Rts. 3; Frank-rd from State Rte 3 on the west to Brown-rd on the east.

Western boundary: both sides of Ogden-av from Sullivant-av on the north to Eakin-rd on the south, then south to Clime-rd.

YOUTHFUL CYCLIST—Pretty, three-year-old Teresa Lee Rose, is the center of attraction as she gets her first glimpse and ride on her new Schwinn Excelsior bicycle in the shoe department of Seiler's Department Store. At left is Harry Graham, shoe department manager, and at far right is Paul Leighninger, co-owner of the store. Teresa's mother, Mrs. Norma Rose, 84 Woodlawn-av, who deposited the lucky ticket drawn Saturday night, steadies the bicycle. More than 2,000 tickets were deposited for the drawing for which there was no charge to register. Seiler's gave away the bicycle in a local observance of a national Buster Brown Shoe promotion which featured the give-away of a $1200 gold-plated bicycle and 126 of the nationally famous bicycles. AN ARTIST'S DREAM—Above is an artist's conception of how the new addition planned for the front of the Camp Chase Post Memorial Home at 3211 W. Broad-st, might look. The sketch was first presented by Lynn C. Baker, chairman of the permanent home committee, at the Silver Anniversary party of the Legion post Saturday night at Ilenka's Provincial House. The new addition would include a meeting room and a Memorial Hall in which the names of some 2300 Hilltoppers who served honorably in World War II would be "suitably enshrined."

LETTERS TO THE EDITOR

Editor:

The writer feels that Columbus and the Hilltop section have lost a good man in the death of Police Captain Louis J. Capretta.

His unstinting, unselfish devotion to the public service was recognized by all who knew him. The Columbus Police Department as well as the city of Columbus in general will miss him.

Captain Capretta was a Hilltop resident for many years. I know that his wife and family can take great consolation in the fact that he did his job well.

Sincerely,
Sam Fusco

Youthful Cook Submits Recipe For "Chewy Oatmeal Squares"

Although not yet in her teens, the culinary accomplishments of the donor of this week's recipe have already proves her a competent cook. Mary Margaret Schackart, 12, has submitted a recipe for "Chewy Oatmeal Squares."

Mary Margaret Schackart

The donor is an honor student in the sixth grade at St. Aloysius School, plays the piano, and lists cooking as her hobby. She is also a member of Girl Scout Troop 387, of St. Aloysius School.

She is the daughter of Mrs. Ruth H. Schackart, underwriter for Automobile Club Insurance Co., 3181 W. Broad-st.

Mary Margaret's contribution of these cookies at the last St. Aloysius PTA bake sale inspired officers of the organization to encourage other young bakers by offering a "junior pitcher prize" to a young contributor each month.

Her recipe was obtained from her Girl Scout cookbook.

Chewy Oatmeal Squares

½ c. shortening
1 egg
¾ tsp. salt
½ tsp. vanilla
½ c. sugar
¼ c. flour
¾ c. uncooked rolled oats
¾ c. shredded coconut
¼ c. broken nutmeats.

Heat oven to 350 degrees.
Melt shortening in 8x8x2 in. pan in oven.
Break egg into bowl; beat with fork.
Add salt, vanilla, sugar and melted shortening to egg; beat well.
Add remaining ingredients and blend.
Spread in pan in which shortening was melted.
Bake 30 minutes or until lightly browned in 350 degree oven.
Cut into squares while warm. Cool on waxed paper.

LIFE OF ADVENTURE—Even Jules Verne would have difficulty developing a more adventure-filled life than that of 72-year-old George W. Gaines (above), balloonist, parachutist, circus-owner, tent-maker, and carnival pitchman. Gaines, who lives at 439 Josephine-av, is especially proud of the quality of the tents he makes himself and boasts will withstand 80-mile gales. (Hilltop Record Photo)

CHECK AND DOUBLE CHECK—Knute Rittman, left, treasurer of the Prairie Dogs, hands a $300 check to Paul S. Noblitt, principal of Prairie Local School, as Harold Ringo, secretary of the Prairie Dogs, looks on. The check will be used to pay for the new stage cyclorama (huge circular curtains) in the background. All together, the Prairie Dogs, an organization of local boosters, made up of Prairie Twp. businessmen, have contributed some $1400 toward equipping the stage at the school. The latest gift was made last Thursday. (Hilltop Record Photo)

HAS FLYING SAUCER THEORY

72-Year-Old Hilltop Balloonist, 'Carny' Man, Plans To Retire

At last we've run across someone who has a believable theory about all this flying saucer stuff.

He is 72-year-old George W. Gaines, 439 Josephine-av, and his theory goes something like this:

"Three years ago in Springfield, I lost seven tents in a rousing windstorm. Some went 200 feet up in the air. When they came down, the tent-poles went clear through the stock building at the fairgrounds. Some of the tent pieces I never did find; so, as far as I'm concerned, that's where flying saucers came from."

Before you snort in disbelief, let me tell you a little more about George. When it comes to tales of flying and flight, George is a man you want to listen to.

The native of London, got interested in flying while still a kid and he used to hang around the London fair, where the late Al Talbert, then his ideal, made scores of balloon ascensions.

George and his older brother, M. E. (now 86 and still living in London) built several balloons and parachutes of their own modelled after those used by the dashing Mr. Talbert.

They got so good with their balloon races, flying dogs, monkeys, and parachute tricks that they became much in demand at fairs and carnivals.

The two enterprising lads finally decided to make a business out of attracting crowds for lot sales in Kentucky, Indiana, and Ohio and threw in with the Black Lot Co. of near Zanesville.

Brother M. E. still has one of the old 60 by 40 foot muslin balloons at his home in London.

Exultant with their success in the balloon business, the two lads assembled the Gaines Brothers Circus in 1906. The one-ringer circus — featuring the Gaines boys in high dives, twisting on the single trapeze, and in all the other acts — lasted just 30 days.

"The sheriff sold us out," George admitted, still a little sheepishly just the other day. "It rained at least three weeks out of our glorious period as show-owners."

George is in the process right now of selling his tent business to a nephew. "We have one-third of the fairs in Ohio booked for the coming season," he said, declaring it still to be a good business.

The equipment he has in the huge buildings to the rear of his home on Josephine-av includes tents from 12 by 12 feet to 60 by 270 feet, bleachers, rodeo equipment, generators, trailers, traveling concessions, and scores of items of outdoor equipment. And most of it he has made himself.

"Last year, with five trucks and stake drivers, I was able to put up 500 tents during the short carnival season," George volunteers. "This next season, with 10 trucks, my nephew will put up 1000 tents."

Married twice, George is twice a widower. "There's nothing to hold me down, so I think I'll sell out and just travel the rest of my life."

The last time George was up in a balloon was some 15 years ago when he allowed the huge cambric gas bag to blow off a hill at Sewellsville, near Senaca Lake.

"I look back on my life and see nothing but adventure," George remarked. "I've made $100,000 several times and given it away or lost it the same number of times. I've always been generous with people who needed help. There's only one secret to success and that is to keep plugging away."

"My mother asked me to learn carpentry when I was a kid. And I picked up my own such additional skills as tent-making, wiring, and metal work. The only thing I can't do in the line of handcraft is plastering. And I just can't make it stick."

One concession he has made more money with than any single other one, he admits, is the trailer that has several hundred knives (pocket, hunting, and utility) merely stuck point down in soft wood on it.

"During the war, when knives were scarce, I made as high as $400 a week on my knife board. Kids and grownups alike would pitch dozens of rings in an effort to win one of the knives that they just couldn't buy in the stores because of wartime shortages."

Another one of his perenial moneymakers at fairs and carnivals has been a special cage that spills a monkey when a target is hit. George not only built the cage, but also trained the monkey.

It's not all carny business that keeps his tents in use, though. Church revival meetings and stock sales also keep him hitting "the sawdust trail."

"Come this July 4, though, and I'm retiring. My nephew can have the business after then. He'll have between 200 and 300 tents to keep repaired and to worry about. I'm going to take it easy," George declares.

George Gaines has furnished the show tents at the Circleville Pumpkin Show for the past 10 years.

The tent business is largely a four-month-out-of-the-year business. As a result, George has managed to become retired on a pension as a yard conductor for the New York Central Railroad.

"Flash gets the cash!" is a sample of the philosophy that he has worked up over the years. "Stop and study if you are not making a success" is another of his favorite bits of philosophy. "I never cheated a kid or a cripple in my life" is another statement he's proud to be able to make.

George reckons that there are more tents around his property on Josephine-av than in any single spot in Columbus. "And those tents I make will stand an eighty-mile gale."

Once nearly a half century ago at Troy, on the 4th of July George was making a balloon ascension from the old 150-foot tower in the center of town. The balloon caught on the telephone wires and knocked the town's entire telephone system out of commission. George finally burdled over to the telephone pole and made it safely to the ground.

"Oh yeah, that's something else I forgot to tell you," George added. "You need a heap of luck in this business, too."

Hilltop's Parking Situation Arouses Varying Viewpoints

Five Hilltoppers had varying answers to this week's question based on the parking situation along W. Broad-st and Sullivant-av. Here's the way the question was asked:

"The Hilltop Business Association in a recent meeting decided to conduct a survey to determine what can be done to improve parking facilities along these two 'Main Streets' of the Hilltop and two preliminary suggestions were made by members that parking meters be installed and that police be asked to enforce one-hour parking limits. What do you think of these proposals?"

And here were their answers:

Mrs. Myrle Pennell, 2242 Sullivant-av, "I think that one-hour parking and parking meters are both good suggestions and that either of them would relieve the parking difficulties around Hilltop stores."

Mrs. H. F. Smalley, 862 S. Wayne-av, "It really is a bad situation when parking overflows from Broad and Sullivant onto these narrow Hilltop streets; streets that are just not wide enough for parking on both sides. We have often driven to Broad-st to shop and, unable to find a satisfactory parking place, have come back home. We would surely be willing to pay for a satisfactory parking place and I do believe meters have helped downtown parking.

Howard Windland, 58 Midlend-av, "I don't believe that either parking meters or one-hour parking is ever successful and provides an answer to parking difficulties. I do think there are entirely too many 'no parking' areas and that many of these zones are unnecessarily restricted."

Mrs. Ralph Slane, 330 S. Chassen, "I think a one-hour parking limitation is the best and easiest solution. It is certainly cheaper for the city than installing all those parking meters. I do believe that parking near Hilltop business places is becoming more difficult."

Mrs. Raymond D. Slaughter, 323 N. Harris-av, "I surely agree that the parking problem is serious. Although many people are not in favor of spending money in parking meters, I believe it is the most practical solution. It is certainly true that people would get back to their cars more quickly if it was costing them money to park."

John Foster Dulles, secretary of state: "Unrest in Soviet occupied areas is so great they (Soviet leaders) do not dare give greater freedom for fear it will be used against them."

In Passing

Kind words produce their own image in men's souls.
And a beautiful image it is.

SPRING HEADLINES

A newspaper flies on the wind
To the spirea bush.
Oh, what is the news
the spirea bush
wishes to know?
Whether the grass is
going to come green?
Whether the maple will leaf?
Or whether the cat
will catch the squirrel
Are the robins back again?
What are the headlines
The spirea bush wishes to see—
That spring is on the offensive?

A letter from my favorite shutin suggests that I write something about one of our favorite friends, who is having a birthday today. She is Marie Spaith of Cincinnati. My f. a. can say it better than I can, so here is a part of her letter: "Even though Marie Spaith does not live in Columbus, I'm sure that readers of your column would like to know about her for they all know people just like her, or I hope they do. Everybody should know at least one person like Marie, to help make living more enjoyable. No matter how many troubles this gal has, and she has had some kingsize troubles, she never inflicts them upon her friends. When we hear about them through somebody else, and mention them to her, she laughs them off and tells us we have good imaginations. And her laugh would cure anything from the blues to bunions. Her house is like Grand Central Station is supposed to be—full of people, some of them strays like myself, whom she has taken in and mothered. My name for her is 'Mama Mia,' and it suits her although she is a bit young to be my mother. Her letters are masterpieces of good humor and warm friendliness, but now and than the mother-love that she feels for her own two children and her daughter's husband who is in the Army; for all the boys in all the services, and for everyone who needs mothering, is shown clearly. I wish every orphan had a Marie Spaith to make him feel wanted and loved, and I wish I could send her a yacht or Cadillac for her birthday."

Here are some items solely mine, for what they're worth: If you really must dry clean with naphthalene or gasoline, you'd better be safe, and do these chores in the great big out-of-doors. Let the garments dry outside so the fumes will die outside. Remember what I have said to you—you don't want to be dead, do you? . . . It's all right to pile boxes and books on a rocking chair and then stand on them to hang your drapes—that is, if you're a trapeze artist . . . Have forgotten the exact figures, but there are almost as many fatal accidents in the home as on the highway, so I guess it's up to us gals. We might spout some elocution on the theme of electrocution during the family's abolution—in other words, tell the family they should not turn on a light while standing or sitting in the bath tub.

Mail—From Powell: "The song 'When My Baby Smiles At Me' takes on a different meaning for me since my two-month-old granddaughter smiles at me". (I know what she means, for my own three-month-old grandson smiles at me!) . . . From Columbus: "Suggest to your readers that they read 'Not As a Stranger' if they enjoy good reading. I could hardly lay the book down and all that spring-cleaning kept bothering my conscience, but I read on anyway."

From somewhere: Don't depend on the other fellow to stop. An accident will hurt just as much whether you are right or wrong . . . Most people's problem is having too much month left over at the end of the money . . . In America, many positions as company presidents have been filled through "Boy Wanted" ads . . . Texan—"Oklahoma is an outlying province of Texas." Oklahoman—"That isn't true. No state can outlie Texas." . . . Caryle said it: "Make yourself an honest man, and they you may be sure there is one rascal less in the world" . . . If you want friendship to last, don't put yourself first . . . When success turns a person's head, he is facing failure . . . The employer to his new secretary: "You told me how good you were when I hired you two weeks ago. Now tell me all over again, I'm getting discouraged."

GLIMPSE INTO THE PAST
By Mrs. R. L. Underwood

Leafing thru a booklet put out by Standard Oil Co. of Kentucky, I was much interested in a picture depicting the "First Gardan Club of America." This meeting was held in January 1891 in the parlor of Lumpkin House, 973 Prince-av, Athens, Ga.

The beautiful Founders Memorial Garden on Georgia Campus at Athens honors these women who organized "The Ladies Garden Club." Around a sundial in this garden are boxwood outlines of four symbols of Georgia — — a Cherokee rose, peach, watermelon, and cotton boll.

With thoughts tuned to the past, it was natural for me to wonder what these lady gardeners of that period thought and did.

I was lucky to have some old magazines dating back to 1879, which I now perused with real interest. I found that Hellebore and whale-oil soap were both excellent destroyers of the insects that infect fuchsias and rose bushes and that charcoal in water will keep flowers fresh a longer space of time.

In a Ladies Home Journal of 1896, it offered to send seeds, free of charge to any one that would grow them and give them away to the poor and to the sick. Truly this was floral missionary work!

In an issue of the Home Magazine, 1891, I read "He who [illegible] beautiful roses in his garden, must have beautiful roses in his heart."

The mailman just left some garden magazines, 1954 issues, and as I compared them with their beautiful covers, their up-to-the-minute advertisements for up-to-the-minute garden tools, their articles on "follo feeding" and other scientific discoveries—I have the feeling that fifty years from now lady gardeners will be amused at some of our articles but like our friends of 1891 will "have roses in their hearts."

These Eyes —
How Well Do You Know Them?

Chief clue to the identity of last week's mystery eyes was that "his manipulations add up to his livelihood." And that adds up to Dr. Raymond J. Miller, whose chiropractic office and residence are at 2493 W. Broad-st.

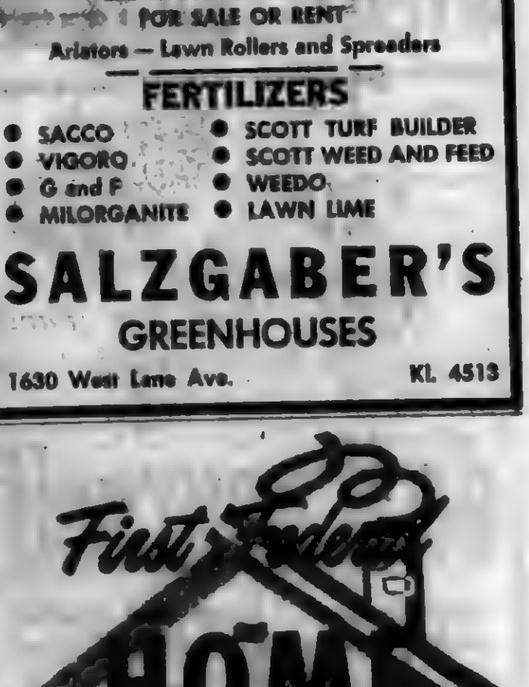
Dr. R. J. Miller

Dr. Miller was 1948 president of the Hilltop Kiwanis Club. He is one of the original members of the Hilltop YMCA board of directors, a past-president of the West High School Parent-Teachers Association and the Hilltop Shrine Club. His name has been associated with countless civic endeavors over the years.

For our mystery eyes in this strictly-to-test-your-powers-of-observation feature of this week, we turn once again to the distaff side. Our top hint to her identity is one word — COURAGE! Eleven years ago she had a misfortune that would embitter all but the very nobelest of sons, yet bounced back to become even more of an inspiration because of that tragedy.

Much of her service to the community and to those in need of cheer lies in her own cheery telephone technique.

Rec. Dept. To Sponsor 2nd Int'l Folk Festival



The second International Folk Festival sponsored by the Columbus recreation department will be held at 8 p.m. Friday, Apr. 30, at Memorial Hall. Free to the public, the program offers entertaining and educational features, complete with authentic dances and songs from 25 different countries.

Included will be an exhibit of priceless treasures from various countries — costumes, jewelry, needlework, woodwork, dolls and other works of art. This exhibit will open at 6 p. m.

Earl Lutz Deserted Engineering Career For Automobile Sales Work

(This is the second in a series of articles about the men who head the used car departments of eight of Columbus' West Side automotive agencies.)

Because he likes to meet and talk to people, Earl Lutz, head of the used car department of Berlin-Wolf Oldsmobile, Inc., 1385 W. Broad-st, deserted an engineering career. He gave up his engineering studies at Ohio State University and entered the sales end of the automotive field some seven years ago.

Earl Lutz

Born and raised on the Hilltop and a 1940 graduate of West High School, Mr. Lutz now resides with his wife and two children, Tonita, 5, a kindergarten student at Dana School, and 15-month-old Earl, Jr., at 1345 Sullivant-av.

His parents, Mr. and Mrs. Walter R. Lutz, 70 S. Terrace-av, are numbered among the Hilltop's "old-timers." The senior Mr. Lutz now retired, will be remembered as one of the area's pioneer garagemen.

Earl is proud of his affiliation with the Berlin-Wolf Oldsmobile Co., where he says emphasis is placed upon the product, rather than the price.

"Every car taken in trade is given a thorough check-up and we have no fear of giving a guarantee to back up the reconditioning each one undergoes," Mr. Lutz says.

"It sometimes costs us a considerable amount of money to place a car in tiptop shape, but we feel that the expenditure is justified. We are sure that every used car customer wants a vehicle that will give complete satisfaction."

Outstanding used car "buys" reported at seven West Side lots of new car dealers this week were as follows:

A 1952 Plymouth club coupe with radio and heater was "the used car of the week" at Rodenfels, according to Dell Sayre, salesman, who also pointed out that the car has very low mileage.

John Orebaugh's selection of the week as the best buy at the Earl Sarver, Inc., lot was a 1932 Studebaker Commander V8, a four-door job with heater and automatic drive. "It's hard to believe it can be priced so low," he said.

"One of the cleanest cars we have ever had" is the way Mr. Bentley of West Side Motors describes a 1949 Lincoln just acquired by his company. "It's really in immaculate condition and priced extremely low for such a fine car," he declared.

Wile Studebaker has a 1952 Dodge two-door sedan which Fred Wile recommends as his "buy of the week."

For a discriminating buyer, P. A. Jackson of Hilltop Motors recommends a 1951 Packard "200" with Ultramatic drive, radio and heater.

Carl Schwab of Beasley-Grove was of the opinion that a 1953 Ford Mainliner "6" at his lot would qualify as an outstanding bargain.

"It has carried its years lightly," is the way Dewey Corn describes an extremely "sharp" 1949 Oldsmobile "88" at the Saeger Buick Company's lot, "and," he added, "it won't stay here long at our price."

'This Is Your City' Exhibition Planned To Open On May 3

Mayor Sensenbrenner yesterday praised the "This Is Your City" exhibition planned to open May 3 at the Columbus Public Library, 96 S. Grant-av.

"Municipal government, with its great responsibilities and intricate operations, is sometimes taken for granted," said the mayor. "The exhibits representing the various departments of the Columbus municipal government should help to educate the public on the important services rendered by our city."

The public will get a chance to ask any and every sort of question in a personal chat with the mayor when the exhibition opens May 3. The exhibition will be composed of displays and exhibits representing 11 branches of the city government.

The municipal departments were invited to contribute displays by the library in the belief that people would welcome a chance to learn more about government in their own city.

One or more top Columbus heads of departments, will be present from 3 to 4:30 each Monday while the exhibition lasts.

Any citizen will be welcome to chat and ask questions in informal democracy-in-action meetings.

The civic departments represented will be fire, police, slum clearance, water, traffic, engineering, zoo, parks and forestry, planning commission, smoke abatement, and city council.

Tape recordings will be made by radio station WCOL, and portions of the interviews broadcast in special radio shows.

If the "This Is Your City" exhibition turns out to be a success it may become the first of a series of annual exhibitions to acquaint the public with city government, industry and other activities, said Will Collins, librarian.

Camp Fire Girls receive a Freedoms Foundation Award for one of their international friendship projects, "Dolls to Foster Friendship." The dolls were sent to orphaned children overseas.

West High Tracksters Finish 5th In Relays At Huntington, W. Va.

By Woody Owens

Coach Rufe Glass and his West High track squad traveled to Huntington, W. Va., last week-end to participate in the Huntington relays, in which they scored 20 1/5 points to finish fifth in an 18-team field.

The Cowboys two-mile relay team of Wheaton, Madden, Walton, and Coffman took first in that event.

Dan Green tied for third in the pole-vault.

The locals also took fifth place in both the sprint medley and distance relays.

The Cowboys will participate in the Ohio Wesleyan relays Saturday, Apr. 24, at Delaware, and will open their home season Tuesday May 4, with power-packed East High School as the opposition.

The Skyliners won 29-21 over the Sharpshooters in the second game of the evening. Skyliners led 13-9 at halftime and outpointed the Sharpshooters 16-12 to win 29-21.

The Cowboys forfeited to the Crazy Kids. The Gophers and Blue Sockers also both forfeited.

Glenwood Center Will Hold First Baseball Practice Next Tuesday

The Glenwood Recreation Center will hold its initial baseball practice for all boys ages 8-13 years on Tuesday, Apr. 27, at 4 p. m. All boys who are interested in playing on organized teams this summer should report and sign up now.

The group will be organized later into Little League and Junior League teams and team practices will then be organized. All teams that are already organized should report for these initial practices so they can be entered into one of the leagues.

These initial practices will be organized to illustrate and teach all the fundamentals of baseball so as to enable the boys to play better. All boys should bring their own gloves but not balls or bats as these will be furnished.

Practices will be held later for intermediate and senior boys who are interested in playing baseball this summer. These boys should contact Ron Cox at the center this week so these practice periods can be organized and started as soon as possible. These teams will be entered in the Knothole Baseball league this summer.

Cowboys Drop 2d Decision In Three Starts

West High's baseball squad dropped its second decision in three starts Tuesday, Apr. 13, on the home lot as Upper Arlington took an 8-5 win.

Both losses suffered by the Cowboys were non-league affairs and were meted out by members of the CBL. Paul Longmeier, local moundsman, twirled better ball than the score indicated as faulty fielding got him in trouble several times.

Clark Woolpert, Arlington twirler, was forced to survive a Cowboy uprising into the final frame to get the verdict.

Jim Vincent was the locals' top hitter, with a single and a triple, while Birlimacher and Cudy each knocked in two of the winner's runs.

The Powell-av nine will play at Linden Friday, in what may be a battle for undisputed possession of first-place in the City League as both will be the only undefeated teams in the circuit, providing they get by their scheduled game of Tuesday unscathed.

Ruffy Silverstein Faces Buddy 'Nature Boy' Roger At Memorial Hall Tonight

Ruffy Silverstein, named the "number one challenger" by the National Wrestling Association, faces Buddy "Nature Boy" Rogers, the Eastern Heavyweight Champion, tonight at Memorial Hall.

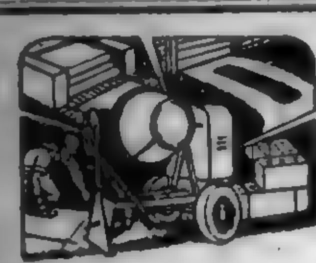
There should be a lot of "fireworks" when these two mat rivals trade holds and counters. On the same card Neil Stewart will take on Carol Cook of Toledo in a girl's match and Carl Engstrom will meet Whitey Walberg.

An exciting tag team match is promised when Big Bill Miller and Oyama Kato team up against Ray Thunder and Frankie Talaber.

Call the Clock Restaurant at 163 N. High-st for reservations, telephone AD. 3030.

'54 Season Against Everett West Jr. High To Open Its

West Junior High school's baseball squad will open its 1954 season next Tuesday afternoon, Apr. 27, when it opposes Everett Junior High at Gowdy Field.



Coach Carl Brenning has a fine group of prospects and, if the practice seasons are any indication of things to come, the Buckaroo's should have a very successful campaign.

The starting line-up for the opener will be South-paw Larry Goodin or right-hander Al Nichols on the mound, with the latter playing in the outfield should Goodin draw the starting assignment. Parker Brigner or Gene Brobeck will be on the receiving end.

Other probable positions are: First Base — Dennis McDonald; Second Base — Gary Link; Short Stop — Kenny Clapsaddle; Third Base — Lary Price; Outfield — Ronnie Benton, Tom Lewis, or Doug Andrews, with Dick Glass, Joe Bowman and Bill Guffey in utility roles.

Other members of the squad are Dave Mack, Dave Francis, Dick Distelhorst, Paul Hosler, Cliff Shoemaker, Jim Callard, Gary Fullerton, Mike Engle, Jerry Hummell, Billy Ingle, John Barnes, Phil Buchannan, Jerry Spears, Jr., and David Brady.

The doctrine of equality seldom embraces those who are worse off than its exponents.—E. A. Fieldingston.

Starling Plans—

(Continued from Page 1)

one side is a larger library room and on the other a large class room and an alcove for lockers. On the first floor level is also a new corridor with the foods laboratory on the north side and quarters for clothing classes on the south. Here also is a room for the use of the school nurse.

In process of construction is a new addition to the south of the building which will contain a new gymnasium arranged so that a collapsible partition can divide it so that boys and girls classes in physical education may be carried on simultaneously. In this building will also be accomodations for band and orchestra, including storage space for instruments.

Plans for construction of an auditorium have been made and financing provided in the bond issue passed last year. Actual building will probably start in 1955. It is definitely on the way.

Old West High occupied the main building under the principalship of Otto Magly until February, 1929. At that time the senior high school moved to the new West High building and a part of the West Junior High and all of Highland Avenue Junior High joined them. At the same time, Starling Junior High School moved from the new Central Building to the old West High Building. Starling Junior High originally had been known as Avondale Junior High. Starling was the new name chosen to honor Dr. Lynn Starling, a prominent physician of Columbus for whom Starling-st and Starling Medical School were named.

Board Of Honor Selects 6 Youths As Delegates To Legion Buckeye Boys State, June 11 - 20

William Gill — Eddie Brobeck — Douglas Bana — Fred Lanch — Dana Deshler — Ralph Wheaton

Six local 11th grade high school boys — five from West High and one from Holy Family — were selected by a special Hilltop board of honor last Wednesday night, Apr. 14, at the Camp Chase Post Memorial Home as delegates to the 16th annual American Legion Buckeye Boys State at Camp Perry, Port Clinton, June 11-20.

Chet Wagner, chairman of the Camp Chase Post 98, American Legion, Buckeye state committee, declared that in his some dozen years at the job he had never seen a more able qualified group selected for the honor.

Out of a field of 10 pre-selected entrants from West, the following were selected as delegates: Douglas Bana, 126 N. Eureka-av; Eddie Brobeck, 146 S. Powell-av; Dana Deshler, 2961 Sullivant-av; Fred Lanch, 25 N. Hague-av; and Ralph Wheaton, 103 Demorest-av. Named from Holy Family was William Gill of 837 Campbell-av.

Comprising the selection board were representatives of Hilltop organizations who are cooperating with Camp Chase Post in the annual project. Representing the 13 Club were William Krause, 125 N. Terrace-av, and Lee Weigand, 3181 W. Broad-st; Hilltop Lions, Al McFarland, 4709 E. Broad-st, and Dick Wilson, 279 N. Oakley-av; Hilltop Business Association, J. Curtis Allen, 2375½ W. Broad-st; and Camp Chase Post, Roger Myers, 97 N. Chase-av; and Richard Martin, 199 N. Eureka-av.

Comments by teachers and principals played a large role in the selection as did the answers to interviews conducted by the board. All of the boys interviewed were required to have a scholastic record of "C" or above demonstrated interest and ability in civics, public speaking, or debate, and indicated a high degree of self-reliance and ability to compete with others of like standing.

Within a couple of days after arrival at Boys' State, the 1100 boys from all over the state participating in the program, will have organized into a make-believe city, county, and state government. Under the banners of the "Nationalists" and the "Federalists" political parties, they will have elected everything from local dog-catchers

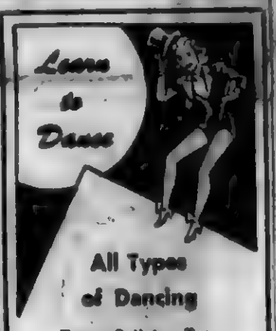
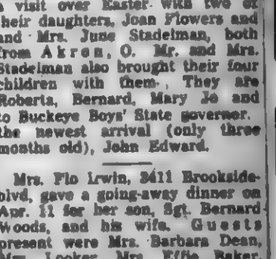
YOUR YOUTH

By Dick Wilson
by Bob Schmidt and Dick Wilson

First of all, I want to remind the Gra-Y Softball Players that league play will resume at John Burroughs playground on Saturday at 9 a. m. Westgate will face West Mound in the opener and Highland will play West Broad the second game. The losers of the West Mound-Westgate game will be eliminated from the tournament. West Broad has not played any game to date because of a bye. Highland was victorious in its first game; therefore both teams will still be in the play regardless of the outcome.



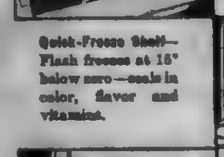
The Hilltop Lions and Kiwanis are to be congratulated along with the Ohio State Journal for the very successful Easter Egg Hunt which they sponsored at Glenwood Recreation and Westgate Park. It was a privilege for Bob and me to work along with these service clubs to help make it a bigger and better Easter for approximately 2,000 Hilltop youth.

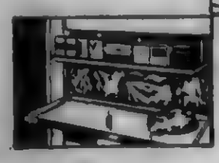


The Hilltop YMCA Basketball Awards Night will be held on Tuesday, Apr. 27 at 7:30 p. m. at Westgate Shelter House. Awards will be presented to Glenwood Methodist, the Intermediate Church champs; West Park Methodist, Intermediate Sportsmanship; Westgate EUB, Junior Church champs; Westgate Methodist, Junior Sportsmanship; West Broad Gra-Y, Class A champs; Westgate Gra-Y, Class B champs; and all Gra-Y players.

A sports film will be shown after the awards and the evening will be closed with refreshments, courtesy of the Gra-Y clubs.

Put this down in your appointment book NOW; and parents and boys can enjoy the evening together.





In closing, the Y staff wishes to say "Good Luck" to Ron Klein and Fred Lanch of the West Sr. Hi-Y. These two boys are two representatives from West High School who will be taking part in the YMCA State Youth and Government program. This will be a three-day event starting Friday, Apr. 23. It will be held at the Neil House, State Capital, and Ohio State Student Union Building.

Flowers of the Week

This week a fine bouquet from Rosebud Floral goes to Rev. A. J. Weld, pastor of Hoge Memorial Presbyterian Church on the occasion of the completion of the fine new church building. For many years Rev. Weld has had the vision of the day when his congregation would move into this new edifice. Through these years he has worked hard to make his dream come true. His effor's have been backed by excellent cooperation of his congregation. The community extends sincere greetings to Rev. Weld and the entire Hoge congregation.

Starting 38th Year

This week marks the start of the 38th year of continuous publication of The Hilltop Record.

We are proud of the fact that we are privileged to serve such a fine community and again express our sincere appreciation for all the cooperation we have had from Hilltop people over the years.

Today the Hilltop is growing rapidly and as publisher of the community newspaper serving this area we pledge our efforts toward keeping up with this growth through the type of newspaper we publish. We invite your continued participation in the use of our columns.

EVERYBODY WELCOME!

Entire Hilltop Gets Invitation To Civic Assn.'s Square Dance

The entire Hilltop community is invited to turn out for a gala square dance at the Westgate Park Shelterhouse starting at 8:30 p. m. Saturday, May 1, under the sponsorship of the Camp Chase Civic Association, according to R. E. Parrish, recently elected president of the association. Admission is free.

"We hope that at least 2,000 Hilltoppers turn out to enjoy square-dancing to the music of the Rhythm Five until 11:30," declared Parrish. "Soft drinks will be available and I know everyone will have a wonderful time."

The Rhythm Five is a well-known square dance musical aggregation and has played frequently at dances in the West Gate Masonic Temple.

Preceeding the dance, installation of civic association officers, elected on Feb. 18, will be held.

Taking office in formal ceremonies, in addition to President Parrish, will be Frank Greer, vice-president; Esther Jones, secretary; Mrs. Mary Fenner, treasurer; Richard M. Gubch, sergeant-at-arms, and the following members of the board of directors:

Immediate Past-President William E. Jones, Carl Popp, Eddie Walker, Ben Barr, Joe Beittel, J. Harold Wills, Melvin M. Scherlin, Charles L. Buchanan, Herman J. Fortkamp, Elvin E. Brookey, and C. D. Lee.

If the more than 300 members of the association bring their neighbors and friends, the hopes of a large crowd should be realized, Parrish said. "I'd like to emphasize that everybody is invited," he concluded.

2 West High Girls To Attend Buckeye Girls' State Here

Two West High School students have been selected to attend the eighth annual Buckeye Girls' State when it meets on the campus of Capital University, June 19-27, under the sponsorship of the American Legion Auxiliary, department of Ohio.

Bernice Uhl, daughter of Mr. and Mrs. R. A. Uhl, at 244 N. Hague-av, is one of the 1954 representatives. She is president of Future Home Makers of America (FHA) and a member of the French Club at West. Bernice has an older sister, Nancy, and a younger brother, Bobby.

Darlene Large, second West delegate, lives with her mother, Mrs. Louise Large, at 49 S. Hague-av. She is president of Future Teachers of America (FTA) and on the cabinet of Y-Teens for next year. This year Darlene has been vice-president of VAC.

Alternates are Lois Moran and Nancy Halloway.

Last year, Kay Glass and Joan Courtney were selected to attend Girls' State. Kay was superintendent of public instruction of Girls' State and was elected along with the governor as one of the two girls to attend Girls' Nation at Washington, D.C.

Eligibility for attendance is limited to approximately 500 11th grade girls, who must have the approval of their principals or superintendents. Such approval certifies that the selected girl possesses high standards of scholarship, a definite interest in American government, good moral character, courage, mental alertness and willingness to take initiative and assume responsibility.

City Council Likely To Keep Its Ban On Water Extensions

It appeared this week that Columbus City Council will maintain its stand that there shall be no further extensions of water and sewer lines outside the city corporation limits.

Following a letter from the Columbus Chamber of Commerce asking that the freeze be lifted, council members individually expressed their reluctance to lift the ban at this time.

Councilman Albert Gregg was very outspoken in his statement that "while of immediate benefit to certain individuals, it would merely add to the sum of the mistakes of the past and harm the city of Columbus and the entire county."

Mayor Jack Sensenbrenner this week stated that he wanted the people of the areas adjacent to Columbus to become a part of Columbus. "We want them to see the benefits of being a part of the city. Any bad effects resulting from them staying outside the city will not only be reflected on the city but on their own areas."

Want-Ads Bring Him Three Home Sales

Since joining Larry Wade and Co., realtors, little more than a month ago, John Reece of 603 Columbian-av has discovered that it is good business to present his listings in the want-ad columns. As a direct result of utilizing these powerful little ads which carry their messages to 32,000 families each week, Reece tells us he has sold three homes within three weeks.

Selling real estate is a matter of finding the right person at the right time. People planning to buy a home more suited to their needs than the one they now occupy make a habit of checking the classified ads of their community newspaper every week.

Hilltop YMCA Mothers' Council To Sell Flowers

With "Buy Your Mothers' Day Flowers From the Mothers' Council" as its slogan, the Hilltop Y Mothers' Club will hold a Mothers' Day sale of flowers at the local YMCA office on May 7 and 8.

Proceeds will go towards financing such special events as camping for the Hilltop Y youths. Mrs. Virgil Furry, chairman of the club's ways and means committee, will be in charge of the sale. Assisting her will be Mrs. Frank Watts and Mrs. Fred Dinsch, with all the members of the council serving as salesmen.

Hilltop YMCA Board Of Directors Stands At 18 With Naming Of Three New Members

NEW DIRECTORS of the Hilltop YMCA are, left to right, John Dixon, John Roman and Jim Henery.

Three new members were named last Thursday night to the Hilltop YMCA board of directors, bringing the membership of that body to 18, the largest in the local Y's history.

Elected to a three-year term was John Dixon, supervisor of methods engineering at the Ternstedt Division of General Motors. Dixon, a native of Pittsburgh, has been a Columbus resident since 1946 and associated with General Motors here since 1948. An alumnus of Pennsylvania State College, he lives at 24 N. Powell-av with his wife and 11-year-old daughter. He has served on the program committee of the local Y for the past two years.

John Roman of 3016 Crescent-dr, works engineer at the Appliance Division of Westinghouse Corp. here, was elected to a two-year directorship Roman, who is married and has a son age 12, moved to the Hilltop from Mansfield, O., where he was also with Westinghouse in Mansfield, he was an active member of the YMCA.

Jim Henery, principal of Westgate and West Mound Schools, was elected to a one-year term on the board. Born on the Hilltop, Henery attended schools in Hilliards and obtained his bachelor and master's degrees in Ohio State University. He is also a graduate of an Army Specialized Training Program mechanical engineering course at Heidelberg College, Tiffin, O. Named principal of Avondale School in 1940, he was given the dual principalship in 1952 when the two new schools were opened.

The directors' meeting was also marked by a special report delivered by Dave Randall, chairman of the program committee, concerning events and programs for spring and summer.

It was announced that softball leagues will be organized for youths of junior high and senior high ages and for men over 30. There will be eight teams of 13-16-year-old boys in the Little Nine Baseball League.

Plans were also disclosed to send boys to the YMCA residence camp, Camp Alfred Willson, at Bellefontaine, O.

Paul Dunn, chairman of the world service committee, reported that $450 had been raised toward the $1000 goal of the local YMCA. Reports were also given by Mose Williams, financial secretary, and C. Carlton Hartley, president. Jack Imler was in charge of devotions.

Hilltop Phase Of Tuesday's Primary Election Lacking In Excitement With Few Exceptions

SCOUT SALESMEN—Hilltop Cub Scouts, Boy Scouts, and Explorer Scouts joined their counterparts all over the city in an all-out drive Saturday to sell tickets to the Scout-O-Rama, Ohio's 3-D panorama of Scouting, which will be held May 8 and 9 at the state fairgrounds. In the picture above, an enthusiastic group of canvassers surprises Mrs. Bruce Tanner, 149 S. Algonquin-av, as she works in her flower garden and sell her tickets for her family. Left to right are John Bryson, ticket chairman for Troop 161, sponsored by the Camp Chase American Legion Post; Tenderfoot Tom Timmons of 94 S. Harris-av; First Class Scout Darryl Bohl of 3471 Valleyview-dr; Mrs. Tanner; and Tenderfoot David Herriott of 225 Midland-av. Interest Centering On Contest For 11th Ward GOP Committeeman

Hilltop area residents will go to the polls on Tuesday, May 4, to decide who will be the candidates of their respective parties in the November election. With only a few exceptions, the local primary contest is lacking in excitement.

Perhaps the most interesting local race is the contest between Eddie Walker, 240 Demorest-av, and George Sinclair, 109 Powhatan-av, for 11th Ward Republican committeeman.

George Sinclair, incumbent for 12 years, who has the endorsement of the county Republican organization, describes the contest as "a friendly one, since we're really good buddies."

Walker, who was one of Columbus' youngest bidders for City Council last fall, is opposing Sinclair on grounds of "time for a change" and that the government needs experienced businessmen. Walker owns two auto laundries and has been active in Columbus real estate circles for a number of years.

Sinclair, on the other hand, claims that his experience in government is vital to the electorate. A lifelong Republican, he has held several city appointive offices, including secretary to a former mayor for three years, and is currently deputy county auditor.

Seeking the committee post on the Democratic side is Earl I. Williams, 133 N. Wheatland-av, incumbent for the past six years. He is opposed by the reorganization candidate, Clifford E. Garwick, 883 Chestershire-rd.

In the tenth ward Earl Brownlee is unopposed for the Republican committee post and on the Democratic side the incumbent Harry Burns is being opposed by Lawrence D. O'Dea.

In Franklin Township the Republican committee post is between John Robert Jones, incumbent, and Leigh B. Tom. The Democratic prize is sought by William B. Hamler and Howard Lee.

Geoffrey Horst and Grover Kaderly are seeking the position on the Democratic side in Prairie township and the Republican post is sought by Edward T. Leach.

In Norwich township there is a race in both parties with William R. McKenzie and Clarence G. Seeds opposing each other on the Democratic side with Harry Bynner and James Kirkpatrick seeking the Republican post.

Other Hilltoppers seeking political posts in the primaries include G. Arlowe Bryant, attorney at 2139 Sullivant-av, candidate for congress on the Democratic ticket; John E. Holzapfel, 44 S. Roys-av, Democrat for state representative; Harry R. Joiner, Democrats, 1168 Wilson-rd, for state representative, and Emile Reiss, 1909 Sullivant-av, Democrat for judge of common pleas court.

11TH WARD

Eleventh ward polling places include Precinct A in a Room at 3211 W. Broad-st, and the following:

B—Voting House, Wicklow-rd at S. Hague-av; C — Voting House, Harris-av and Palmetto-st; D—Vot-

Harmony Marks Formation Of Advisory Council

Unanimous approval of creation of a Columbus Metropolitan Area Study Council by leaders of anti- and pro-annexation factions at a meeting Tuesday night may have paved the way for a harmonious settlement of the entire Franklin County-Columbus annexation and incorporation issue.

New Rome Mayor D. J. Kuns, president of West Franklin Associations, Inc., described the meeting in the regional planning commission office as "most encouraging" and "the first time I've seen such willingness to agree on the part of the opposing groups."

The CMASC, evenly balanced between Columbus and Franklin County representatives, will study all annexations and incorporations and forward the results of such studies to the public, city officials, and county commissioners.

It will include a coordinating committee, operating on an executive level and composed of three members designated by trustees of all 18 townships, three members designated by the mayor and city council, and one representative each from the county board of education, Columbus board of education, and the County Mayors Association.

Serving on a second committee, the Fact Finding Committee, will be representatives from each of the following: county board of education, Columbus board of education, city council, county commissioners, Columbus mayor, County Mayors Association, Township Trustees Association, regional planning commission, city planning commission, county engineer, city engineer, county sanitary engineer, city sanitary engineer, city attorney, county prosecutor, city auditor, county auditor, and the exempted school districts.

Although most of Tuesday night's meeting was devoted to details of organization of the CMASC, representatives present agreed that they would immediately request county commissioners to hold up all action on pending annexations until the new body has an opportunity to explore the facts in the case. Formal organization meeting of CMASC will be on May 11.

Town Meeting To Air Primaries' Importance

"How important are primaries?" is the question to be discussed on Columbus Town Meeting on Sunday, May 2, just two days before the Ohio primaries on May 4.

On the panel will be Herschel Atkinson, executive vice-president of the Ohio Chamber of Commerce; Jacob Clayman, secretary-treasurer of the Ohio CIO Council; and Douglas Stanfield, vice-president of the Ohio Farm Bureau Federation.

Moderating the program, which is carried over Stations WBNS-radio and WBNS-TV from 1 to 2 p.m., will be Robert F. Ebinger, president of Columbus Town Meeting. You are invited to come to the WBNS-TV studio, 495 Olentangy-blvd, or telephone your questions to FL. 3981.

Hilltop Man Directs 2nd Annual Int'l Folk Festival

D. T. Crawshaw, 109 S. Burgess-av, director of the second annual International Folk Festival, sponsored by the Columbus Recreation Department at Memorial Hall on Friday, Apr. 30, declares that the program this year will be better than that of last year.

This program of education and entertainment will be free to the public. The Homelands Exhibit will open at 6 p. m. and the music and dance portion will begin at 8 p. m.

'Choosey Juveniles' Blamed For Double School Pillaging

Forced entry for the second time in less than a week Sunday night at the Prairie Township School on Norton-rd was attributed yesterday by Sgt. James Potts, investigator for the sheriff's office, to "extremely choosey" juvenile pillagers.

Last Friday night, following a square dance at the school, the intruders broke out a window, found themselves stymied by steel gates across the hallway leading to the office, then broke out a window leading directly to the office. They stole some change, several fountain pens, and disarranged the cupboards and filing system in the office of School Board Clerk Lawrence Kattus but searched the principal's office but found nothing to their liking. They sawed the lock off a deep freeze and removed several dozen ice cream bars.

The Sunday night visitation was marked by the careful removal of putty from another window, gentle depositing of the glass on the ground, and a search of the building again which apparently yielded nothing to their liking. Sgt. Potts theorized that had the thieves been adults they would have taken some of the school's valuable electronic equipment.

Hilltopper Drowns As Boat Capsizes

Services and burial for Raymond Henry (Jim) Martin, 40, of 2810 Elliott-av, who drowned Sunday while fishing in Lake Superior, were to be held at Loana, Wis.

Martin and a companion, Andrew Jackovac, 45, of White Pine, Mich., lost their lives when their boat was capsized by heavy waves about 1000 feet from the shore near Ontonagon, Mich. The bodies of the two men were washed ashore Monday near Union Bay.

Two other White Pine men, also passengers in the 14-foot outboard motor boat, clung to the side of the boat until convicts from nearby Porcupine Prison Camp, who witnessed the accident, rescued them.

Martin was chief warehouse clerk for the White Pine Copper Mine Co., White Pine, Mich., where he had been employed since last June.

Hilltop Shrine Club Plans Warm Welcome For Initiates

"It shouldn't happen to a dog," Loren Gallogly, president of the Hilltop Shrine Club, said yesterday in announcing only a few of the "milder details" of the reception of new candidates at the club's Spring get-together meeting at 6:45 p.m. Thursday, May 6, in the West Gate Masonic Temple.

As in past semi-annual affairs of this nature, candidates will receive a memorable foretaste of what is in store for them at the initiatory rites to be staged later at the downtown Masonic Temple.

L. E. Saunders, secretary-treasurer, has rather friendishly reminded all local Shriners that the pre-ceremonial work will begin promptly at the specified time and that they should be on hand early to prepare for the candidates' "trip across the burning sands."

Although announcement cards have been mailed to all local Shriners on record, Saunders said the meeting is open to all Shriners regardless of whether they have received notification of the pre-ceremonial rites.

W. E. Bootbe, club vice-president, heads the sales tax stamp committee and is a member of the entertainment committee.

Current committees of the Hilltop Shrine Club include the following:

Arrangements — A. E. Buchanan, chairman; and E. M. Williams, Jr., Robert Cramer, Merle Haller, J. W. Kent, Jr., and George Williams.

Reception — Dr. T. S. Fox, chairman; and Edgar G. Planck, K. M. Elder, Jack Merriman, Phil Stout, Carol Vance, and John Apel.

PO Workers' Lips Sealed On Exciting Arrest There Wed.

Employees of the Hilltop Post Office station, W. Broad-st at Harris-av, were still not free yesterday to comment on the wild battle that occurred there when federal agents arrested Fred Herman Sabero Wednesday, Apr. 21.

Superintendent Ray Anderson, who was at home at the time of the incident, said only, "the boys told me they were pretty nervous at the time."

Charles E. Maerker and Francis J. Clager, special agents of the intelligence division of the Internal Revenue service, said only that the 30-year-old OSU youth was in custody of the U.S marshal and would be tried in a U.S. district court.

OUR APOLOGIES — Miss Esther E. Jones (above) of 3379 Sullivant-av, who served as one of the precinct judges in the special election for incorporation in Franklin Twp. Tuesday, Apr. 20, was incorrectly identified in a photograph which appeared on the front page of this newspaper last week. With scarlet faces, we announce our deep regret at the error.

Helping Hands Speed New Hoge Memorial Presbyterian Church

FEEDING VOLUNTEER workers has been a major effort throughout the construction and readying of the new building. Above, left to right, are Mrs J. P. Merriman, Mrs. Sanford Dye, Mrs. William Murphy, and Mrs. C. R. Gilbert, preparing a typical meal for the volunteer workers. Faithful members of the kitchen crew also have served many meals to hired workers on Saturday.

WOMEN'S SOCIETY members at Hoge Memorial are shown above unpacking dishes and doing the hundred and one chores necessary for the first big dinner—the Brotherhood Sweetheart banquet for wives and girl friends, held Apr. 28 in the church. Left to right are Mrs. Herbert Deems, the treasurer; Mrs. Norman Line (back to camera), secretary; Mrs. C. R. Tritsch, first vice-president; Mrs. Randall Phillips, second vice-president, who has been in charge of the church's [illegible] an for the past two years; and Mrs. W. H. Jones, president. Capable of serving 1000 people, the ultra-modern kitchen is furnished with stainless steel and equipment such as electric dishwasher, steam tables, automatic garbage disposal unit, maple-topped chopping table, and huge refrigerator.

SOLEMN SPLENDOR is the impression created by the inspiringly beautiful church nave, shown above. Attractive pews, deep carpeting, and gracefully-arched support beams add to its beauty. A series of hand-leaded stained glass windows in the nave is based on the history of the Bible, tracing its development from Abraham and the early Jewish tribes to the present-day Revised Standard Version. Russell S. Heizer & Associates of Westerville, designed and installed the windows. When wholly completed, the new church will have cost $325,000. (Hilltop Record Photos)

MASSIVE OAK DOORS here receive the finishing touches before hanging from Paul M. Bernsdorf (left) and H. S. Chilcote, member of the church and carpenter foreman. Each of the two solid oak doors at the main entrance weighs 400 pounds. The doors will swing open to the entire congregation for the first services next Sunday, May 2, when church school begins at 9:15 a. m. Hoge Memorial has more than 1200 members.

FIRST WEDDING in the new church will be that of Doris Thomas (right) who will be united in marriage with Robert E. Wilson at 4:30 p. m. next Sunday by Rev. Weld. Here, Mrs Robert E. Parks, church secretary, shows the bride-to-be the dishes that will be used in the wedding reception at the church. Doris is the daughter of Herbert Thomas, who together with Randall Phillips, was supervised most of the volunteer workers.

RUBBER TILING in the narthex (above) classrooms, dining room, and part of the nave was laid almost entirely by volunteer worker members of the church. In checkered shirt at right is Richard W. Meyer, church member, who served as superintendent of construction. Some 34,000 pieces of rubber tiling were required.

PUBLIC ADDRESS SYSTEM built by members of the church is the pet of Rev. Alfred J. Weld, minister in charge of the congregation since July 12, 1939. Here, he regulates the automatic record changer which will supply some two hours of continuous music. The PA system has speakers both upstairs and downstairs.

Many of the members of Hoge Memorial Presbyterian Church have had an actual "finger in the pie" in the construction of their beautiful new building at 2930 W. Broad-st. Beginning with the digging for the footers of the building and the spreading of gravel to the painting, the laying of floor tile and the cleaning, many of them have happily volunteered their services.

The public address system is the work of Robert Herbster, who was assisted by Norman Line, C. D. Casselman, and James Cooke. This system serves not only the nave of the church for worhip services, the parlor for possible overflow seating but is also set up in the dining room, located in the basement.

Floor tiling has been laid throughout the church by groups of men supervised by Randall Phillips and Herbert Thomas. Walls and ceilings have been painted, stone pillars and arches cleaned, and numerous other rugged cleaning jobs have been handled by volunteer workers.

The Women's Society has raised the funds to pay for most of the modern equipment in the huge basement kitchen. It is the "dream come true" of the kitchen planning committee, which includes Mrs. Sheldon Pitt, chairman; and Mrs. P. B. Benton, Mrs. Harold Greene, Mrs. A. B. Lewis, Mrs. R. A. Boyer, Mrs. Herbert Thomas, Mrs. W. H. Jones, and Mrs. Randall Phillips.

An attractive church parlor has been carpeted and furnished by the parlor committee, which includes K. M. Elder, Randall Phillips, Mrs. W. Haydn Jones, and Mrs. H. G. Deems.

A Baldwin organ was selected by the organ committee, headed by H. G. Deems as chairman. Serving with him were S. T. Burkhard, Edith Pedrick, Mrs. W. H. Jones, Mrs. A. J. Weld, Mr. and Mrs. Henry Jones, Mrs. James Cooke, Mrs. R. C. Glass, Mrs. Norman Line, Mr. and Mrs. Norman Edberg, A. E. Edwards, Mrs. R. D. Tingley, James Johnstone, and Mrs. Randall Phillips.

A member of the church, Richard Mayer, served as superintendent of construction. Members of the building committee were K. B. Neff, chairman; and Harold Mielke, George Tarbutton, W. J. Abernethy, Herbert W. Thomas, A. B. Lewis, H. G. Deems, W. W. Wylie, P. B. Benton (treasurer), William H. Brown, Randall Phillips, J. P. Merriman, W. H. Jones, A. E. Daniels, Richard Nash and Rev. A. J. Weld.

Scouts Will Recanvass Neighborhoods Selling Scout-O-Rama Tickets

Final plans are being made for Central Ohio's 1954 Scout-O-Rama to be held on May 8 and 9 at the Ohio State Fairgrounds.

Some 9,000 Club, Boy and Explorer Scouts are busy putting the finishing touches on their demonstrations and exhibits for their annual "report to the community of the Scouting program in action."

Last Saturday, these same Scouts took to the field in a ticket-selling drive to offer tickets to all the residents of the nine different counties participating in this year's event.

The Scouts have hopes they will be able to sell some 50,000 tickets to the affair. During these next two weeks they will be back to each neighborhood offering tickets to those folks who were missed last Saturday.

This year an added incentive has been placed on the sale of tickets for the Scouts. Prizes are being offered to the Scout who sells certain amounts of tickets. Five tickets will bring him a free pass to the Scout-O-Rama; 10 tickets will win him a Scout-O-Rama neckerchief slide; 20 tickets will make him the owner of a fine compass; and each Cub, Scout or Explorer who sells more than 25 tickets will be presented with an official Scout knife.

The Cub, Scout or Explorer in the Central Ohio Council who sells the greatest number of tickets will receive his choice of a new bicycle an electric train, or two round-trip airplane tickets (for boy and parent) to Cleveland, Cincinnati, or Pittsburgh. Second, third and fourth place winners will receive appropriate awards.

The Unit in each District selling the greatest number of tickets will have it's choice of a list of valuable Unit equipment.

Tickets are selling at 50 cents for adults and 25 cents for children. Proceeds from the Scout-O-Rama will be used to improve camping facilities at their various Scout camps.

The show this year will be held in the new Merchants and Manufacturers building at the Ohio State Fairgrounds and will be able to accomodate in excess of 200 booth demonstrations.

Subjects presented will cover all the phases of the Scouting program, including demonstrations on basic requirements for advancements in the Scouting program to the more advanced requirements for the coveted Scouting merit badges. Some of these demonstrations will include primative fire making, communications, printing, aerology, a square dance routine using Farmall tractors and a hundred other subjects all equally absorbing.

An arena show will include such events as a tower building demonstration, whip cracking, and a fire building contest. Five local High and Junior High School bands will participate in the arena event.

The Columbus Junior Chamber of Commerce, headed by it's president R. D. Starr, is sponsoring the project this year.

An Invitation

SUNDAY, May 2 . . . is of especial significance to members of Hoge Memorial Presbyterian Church, as it will mark the opening of our new house of worship.

IT IS OUR SINCERE DESIRE that members of other denominations as well as those who have no church affiliations, accept this invitation to share our happiness at the completion of an edifice, dedicated to the glory of our Savior.

HOGE MEMORIAL PRESBYTERIAN CHURCH

West Broad Street – Near Haldy

INVITATIONAL . . . SUNDAY, MAY 2 . . . 10:30 A.M.

Services will be held in the new Hoge Memorial Presbyterian Church building this coming Sunday for the first time. Church School will meet at 9:15 a.m. and the regular worship services will be held at 10:30 a.m.

In the evening at 7:30 the Chancel Choir will present 'Handel's Messiah' under the direction of Samuel Burkhard with Edith Pedrick at the organ.

This fine new church building is indeed a tribute to a fine community.

The entire Hilltop and West Franklin County can well be proud of this fine edifice and all that has gone into the making of it. This has been a fine example of what can be accomplished through community cooperation.

The Hoge congregation and staff are prepared to render service to the community in cooperation with the other churches on the Hilltop. Strangers in the community and people without church fellowship are invited to attend services and to share in the work of the church.

Sunday Sermonette

By Rev. James F. Lorenz
Pastor of Community Christian Church

Jesus said, "Verily, verily, I say unto thee, except a man be born again, he cannot see the kingdom of God." Nicodemus, a ruler of the Jews, wanted to know how a man could be born again. Jesus answered, "Verily, verily, I say unto thee, except a man be born of water and of the spirit, he cannot enter into the kingdom of God."

Rev. James F. Lorenz

Perhaps you have been asking yourself this question, "How can I be born again?" You might be a church member without this spiritual birth. What must I do to be born of water and of the Spirit? I know I must believe in Jesus Christ as the Son of God, yet I feel my sins are not forgiven. I am still defiled from within. I know that my heart is not cleansed from sin.

Perhaps I am thinking for you, and I hope that I can help you with this message. Our Lord is speaking to you "Behold, I stand at the door and knock: If any man will hear my voice, and open the door, I will come in, and sup with him and he with Me."

You have heard His voice, and you believe that Jesus is the Christ, the Son of the Living God. You still have a responsibility—you must open the door! To open the door you must believe with all your heart, and when you do, you will humble yourself in prayer at the Cross of Christ, and ask Him to save you from sin. In order to humble yourself in this manner, you must believe that Jesus arose from dead. Don't put it off another moment. Do it now!

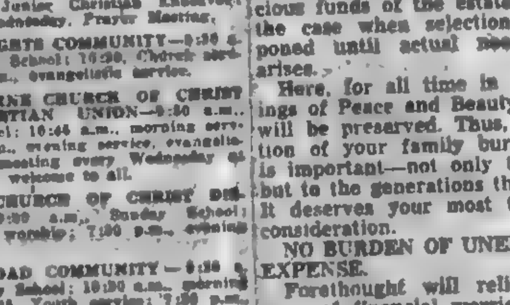
Advantages That Forethought Brings

The Deed to your family burial estate, among your valuable papers, is proof of a thoughtful act completed.

The entire family will have the supreme satisfaction of having made the selection TOGETHER.

No one will be compelled — on the most tragic day in life — to make the selection ALONE.

It will have been paid for out of income, rather than from precious funds of the estate — as is the case when selection is postponed until actual need for it arises.



Here, for all time in surroundings of Peace and Beauty Memory will be preserved. Thus, the location of your family burial estate is important—not only to you — but to the generations that follow. It deserves your most thoughtful consideration.

NO BURDEN OF UNEXPECTED EXPENSE.

Forethought will relieve loved ones of financial worries. Ownership of a burial estate in advance of need greatly reduces the funeral expense. Such an estate may be purchased on a convenient plan and with the first payment it receives thoughtful, permanent care at no additional expense to you or your family. TAKE THIS IMPORTANT STEP TODAY.

HISTORICALLY AUTHENTIC

West's Senior Dramatics Class To Give 'Hoosier Schoolmaster'

In early days, especially in the remote hamlets of the country and in the backgrounds regions, a spelling-bee was regarded as one of the most important social events of the year. Spelling-bees ranked higher in popularity, even, than the rollicking huskin' bee or the apple-pealin' contests.

What a full-dress ball is to New York's Fifth Avenue, a spellin-bee was to the social life of these isolated communities. Although spelling, of course, was the ostensible purpose of these gatherings, it was really a thin excuse for people to convene, carry on sly flirtations, make a vain display of some new finery, or exchange exciting bits of local gossip.

There were a few participants, of course, who loved spelling for its own sake and many of the old-timers would compete at these tournaments with the hope of freshening the laurels they had won in their school-days.

The local squire was generally appointed to preside over the meeting. He elected two captains who formed opposing divisions, then gave out the words; and the fun began. The schoolmaster was invariably declared in on the proceeding; and to "spell down" the master was considered the next greatest distinction to having whipped the biggest bully in the school.

An authentic reconstruction of one of these old spelling-bees, with all its sidelights and feverish excitement, is an outstanding feature of "The Hoosier Schoolmaster," a dramatic adaption of Edward Eggleston's immortal book, which is to be presented by the Senior Dramatics Class at West High School on May 7.

The cast and crew of approximately 80 West High dramatics students are busy collecting furniture and props indicative of the 19th century for the play. Cast members have had quite a task in their search for period costumes and props. They would appreciate any donations along this line. Anyone wishing to lend or donate any article should contact Nancy Hoare at West High School, RA. 4030.

Tickets for the play are on sale at the school. They are 60 cents for general admission and 80 cents for reserved seats.

Frank Watts Elected 'Big Chief' Of Hilltop Indian Guide Longhouse

Frank Watts

Frank Watts, 99 N. Ogden-av, past chief of the Cherokee Y Indian Guide Tribe, last week was elected "big chief" of the local Hilltop YMCA Indian Guide Longhouse, consisting of seven Indian Guide Tribes.

Watts, who was recently named to serve on the national executive Y Indian Guide board, has been very active in the Indian Guide movement since its inception 18 months ago. Another past chief, Stan Ruoff of the Kickapoo Tribe, was elected tally-keeper. He will have the job of keeping all local tribes abreast of developments and plans of the state and national Indian Guide movement.

At the Longhouse meeting, these chiefs planned a campfire induction and overnight camp-out at the South Side YMCA Park on May 21. At this time, two new tribes—the Delaware and Powhatan Tribes—will be officially inducted into the Hilltop YMCA Indian Guides.

A highlight of this campfire induction will be the performance of the "Spirit Dancers," composed of "little Braves" who have spent several months preparing for the occasion by studying authentic Indian dances and lore. The Braves have also made their own Indian costumes for the dances.

The Spirit Dancers and several of the Indian Guide dads have been invited to assist in the induction of new Indian Guide Tribes in Waverly, O., on May 14.

Ward Visits Part Of Mental Health Week Observance

Columbus State Hospital will hold open house Monday, May 3, through Friday, May 7, in observance of national Mental Health Week, it has been announced by Dr. M. R. Wedemeyer, superintendent. Visitors will be taken on tours of wards, various departments, and treatment rooms. A film, "Feelings of Hostility" will be shown daily in the hospital auditorium at 1 p. m. Exhibits of arts and crafts will be presented by both therapy departments of the hospital.

The need of volunteer help with the hospital family will be discussed and registration of those interested in doing volunteer work at the Columbus State Hospital will be accepted during the week by the coordinator of volunteers.

Mental Health Week is being observed throughout the country May 2-8 to bring the plight of the mentally ill to the attention of people so that they will provide the same kind of medical care for the mentally sick as they do for the physically sick. Another major objective of the week is to enlighten and give up-to-date information on mental illness and mental health so that feelings of dreaded mystery which still clings to the subject of mentally ill may be dispelled.

Hilltop Man Promoted To Claims Evaluator Post For Farm Bureau Ins. Co.

Paul E. Kiddey, 156 N. Powell-av, has been promoted to claims performance evaluator for the Farm Bureau Insurance Companies. He joined the companies in August, 1948, and has been a claims examiner for the Columbus regional office.

A native of Canton, Kiddey attended McKinley High School and served four years in the United States Army. He was graduated from Fenn College, Cleveland, with a degree in business administration and is a Mason and a member of the American Businessmen's Club.

Kiddey and his wife, the former Betty Jane Jeavons of Parma, have three children, Roger, 7, David, 4, and Brian, 1.

In 1952, 350 children were killed in traffic accidents while riding bicycles. In addition, 31,600 were injured in the same type of accident. The Safety Council of the Columbus Chamber of Commerce says that these figures indicate the importance of proper training for bicycle riders. Make them responsible drivers and help save their lives.

Shoemaker is Ohio commissioner in the National Softball Congress. He is still an active player on the Anthony Motors' Softball team in both the Franklin and Buckeye Night Leagues, and manages and plays with the Bernard Electric softball team. A member of the state central committee of the Ohio League of Young Democrats, he is also a vice-president of Franklin County Young Democrats.

SMOKE-FILLED HOUSE

Firemen quickly extinguished a smoldering bathroom linoleum in the home of Warren Houk, 308 N. Warren-av, Monday afternoon. They were summoned after Dottie Houk, a sophomore at West High, came home from school to find the house filled with smoke. Firemen said the fire apparently resulted from a cigaret which had fallen from an ash tray after Houk left for his job at the Ohio State Penitentiary earlier in the afternoon. Damage, although slight, was not estimated.

HISTORICALLY AUTHENTIC

West's Senior Dramatics Class To Give 'Hoosier Schoolmaster'

In early days, especially in the remote hamlets of the country and in the backgrounds regions, a spelling-bee was regarded as one of the most important social events of the year. Spelling-bees ranked higher in popularity, even, than the rollicking huskin' bee or the apple-pealin' contests.

What a full-dress ball is to New York's Fifth Avenue, a spellin-bee was to the social life of these isolated communities. Although spelling, of course, was the ostensible purpose of these gatherings, it was really a thin excuse for people to convene, carry on sly flirtations, make a vain display of some new finery, or exchange exciting bits of local gossip.

There were a few participants, of course, who loved spelling for its own sake and many of the old-timers would compete at these tournaments with the hope of freshening the laurels they had won in their school-days.

The local squire was generally appointed to preside over the meeting. He elected two captains who formed opposing divisions, then gave out the words; and the fun began. The schoolmaster was invariably declared in on the proceeding; and to "spell down" the master was considered the next greatest distinction to having whipped the biggest bully in the school.

An authentic reconstruction of one of these old spelling-bees, with all its sidelights and feverish excitment, is an outstanding feature of "The Hoosier Schoolmaster," a dramatic adaption of Edward Eggleston's immortal book, which is to be presented by the Senior Dramatics Class at West High School on May 7.

The cast and crew of approximately 80 West High dramatics students are busy collecting furniture and props indicative of the 19th century for the play. Cast members have had quite a task in their search for period costumes and props. They would appreciate any donations along this line. Anyone wishing to lend or donate any article should contact Nancy Hoare at West High School, RA. 4030.

Tickets for the play are on sale at the school. They are 40 cents for general admission and 60 cents for reserved seats.

Frank Watts Elected 'Big Chief' Of Hilltop Indian Guide Longhouse

Frank Watts

Frank Watts, 98 N. Ogden-av, past chief of the Cherokee Y Indian Guide Tribe, last week was elected "big chief" of the local Hilltop YMCA Indian Guide Longhouse, consisting of seven Indian Guide Tribes.

Watts, who was recently named to serve on the national executive Y Indian Guide board, has been very active in the Indian Guide movement since its inception 18 months ago. Another past chief, Stan Ruoff of the Kickapoo Tribe, was elected tally-keeper. He will have the job of keeping all local tribes abreast of developments and plans of the state and national Indian Guide movement.

At the Longhouse meeting, these chiefs planned a campfire induction and overnight camp-out at the South Side YMCA Park on May 21. At this time, two new tribes—the Delaware and Powhatan Tribes—will be officially inducted into the Hilltop YMCA Indian Guides.

A highlight of this campfire induction will be the performance of the "Spirit Dancers," composed of "little Braves" who have spent several months preparing for the occasion by studying authentic Indian dances and lore. The Braves have also made their own Indian costumes for the dances.

The Spirit Dancers and several of the Indian Guide dads have been invited to assist in the induction of new Indian Guide Tribes in Waverly, O., on May 14.

Ward Visits Part Of Mental Health Week Observance

Columbus State Hospital will hold open house Monday, May 3, through Friday, May 7, in observance of national Mental Health Week, it has been announced by Dr. M. R. Wedemeyer, superintendent. Visitors will be taken on tours of wards, various departments, and treatment rooms. A film, "Feelings of Hostility" will be shown daily in the hospital auditorium at 1 p. m. Exhibits of arts and crafts will be presented by both therapy departments of the hospital.

The need of volunteer help with the hospital family will be discussed and registration of those interested in doing volunteer work at the Columbus State Hospital will be accepted during the week by the coordinator of volunteers.

Mental Health Week is being observed throughout the country May 2-8 to bring the plight of the mentally ill to the attention of people so that they will provide the same kind of medical care for the mentally sick as they do for the physically sick. Another major objective of the week is to enlighten and give up-to-date information on mental illness and mental health so that feelings of dreaded mystery which still clings to the subject of mentally ill may be dispelled.

Hilltop Man Promoted To Claims Evaluator Post For Farm Bureau Ins. Co.

Paul E. Kiddey, 158 N. Powell-av, has been promoted to claims performance evaluator for the Farm Bureau Insurance Companies. He joined the companies in August, 1948, and has been a claims examiner for the Columbus regional office.

A native of Canton, Kiddey attended McKinley High School and served four years in the United States Army. He was graduated from Penn College, Cleveland, with a degree in business administration and is a Mason and a member of the American Businessmen's Club.

Kiddey and his wife, the former Betty Jane Jeavons of Parma, have three children, Roger, 7, David, 4, and Brian, 1.

In 1952, 350 children were killed in traffic accidents while riding bicycles. In addition, 21,000 were injured in the same type of accident. The Safety Council of the Columbus Chamber of Commerce says that these figures indicate the importance of proper training for bicycle riders. Make them responsi- drivers and help save their lives.

SMOKE-FILLED HOUSE

Firemen quickly extinguished a smoldering bathroom linoleum in the home of Warren Houk, 208 N. Warren-av, Monday afternoon. They were summoned after Dottie Houk, a sophomore at West High, came home from school to find the house filled with smoke. Firemen said the fire apparently resulted from a cigaret which had fallen from an ash tray after Houk left for his job at the Ohio State Penitentiary earlier in the afternoon. Damage, although slight, was not estimated.

H-Bomb Explosion Among Local Shattered Windshield Theories

Your Hilltop neighbors had a variety of opinions and answers to this week's question: "What do you think is behind the current wave of reports of mysterious damage to glass windshields?"

Before you make up your mind, why don't you skim through some of the thought-provoking answers below?

Mrs. Robert Clark, 642 Rachne-av: "I have no idea at all about what the cause might be and I don't believe anyone does know for sure. It certainly is something to wonder about."

Virgil Hageman, 212½ N. Sylvan-av: "Of course I don't really know, but I imagine the damage is being caused by disturbances from the recent H-bomb explosion."

Mrs. Jerry Chinn, 547 S. Terrace-av: "Personally, I believe it is caused by atomic dust from recent hydrogen and atomic bomb explosions. It just doesn't seem logical that ordinary dust could suddenly cause so much damage."

Mrs. Henry Newkirk, 72 Derror-rd: "I really haven't any idea what could be causing it and wouldn't even venture a wild guess."

Mrs. John Price, 716 S. Harris-av: "I truly believe these reports have been exaggerated a great deal. I don't actually know of anyone whose windshield has been damaged. The most logical explanation I've heard is that it is caused by the strain a car's vibration puts on the glass."

OUR OWN POET

It is our pleasure and privilege today to open the Garden Gate so that you may visit with one of our members, well known not only on the Hilltop but all over the country—Mrs. H. M. Eaton.

Her poems have inspired many and when you talk with her you catch that glimpse of greatness in the utter humility she holds toward being the creator of such beautiful thoughts and phrases.

Good Housekeeping Magazine has published all the poems sent them by Mrs. Eaton. One of Mrs. Eaton's poems, "Prayer for a New Home," published in Good Housekeeping, was illustrated from a picture of her home included when she submitted the poem.

Her work has also appeared in other leading magazines such as Unity, Columbia (Catholic) and Braille Magazine. It has also been published in most of the better anthologies, including Ted Malone's Scrap Book, and many private books of poetry by invitation. One of Mrs. Eaton's poems, "The Unknown Soldier", written the night she first visited the shrine and published the next day in the Washington Post, was read at this shrine one Memorial Day and was included in one of New York City's public school textbooks, Better English Usage.

Most of us have moods and dreams but few can express them in the beautiful way that our Mrs. Eaton has in the following poems:

DREAMS

I walked across the lifted hills
Where tall trees rugged, bold,
Flaunted their autumn loveliness
In crimson, brown and gold.

The ground was carpeted with nuts
Winds scattered tiny seeds;
A pungent odor filled the air
From scented, dying weeds.

I left each thing of beauty there
Deep in its woodland ways.
But my heart stored enough of dreams
To fill the winter days.
Virginia Eaton

MOODS

Once, fervently, she longed to climb
Alone on mountain heights;
But now she looks across the land
And yearns for valley lights.

She wanted hedges wide and high
Secluding from the throngs
Her home, so curious passers-by
Would not disturb life's song.

But now her truant heart would go
(It seems so strange a thing!)
Down streets with houses in a row,
Where little children sing.

Looking Backward Through Record Files

FIFTEEN YEARS AGO

APR. 28, 1939—Avelon Bright, 17, of 3080 Crescent-dr, was named valedictorian of the June graduating class of West High; Genieva Sheppard 18, 287 Powhatan-av, has been selected salutatorian.

Tennis courts at Westgate Park have been reconditioned and will open this afternoon for public use during the summer months.

N. C. Ault, 44 S. Eureka-av, has retired after 28 years service as caretaker of the Hoge Memorial Church.

Ray Caree, 2039 Olive-st, pharmacist for 16 years at Grant Hospital, has been elected vice-president of the Ohio Hospital Pharmacist association.

TEN YEARS AGO

Apr. 28, 1944—The no-parking ban on all cross streets on W. Broad-st, between Oakley-av and Hague-av, on both sides of Broad to the first alley; and the same distance on either side of Sullivant-av, between Midland-av and Hague-av will go into effect May 4.

At a meeting Monday of the Community Recreation Council, it was voted to change the name to Hilltop Community Council.

Sgt. Woodrow "Woody" Link, former West High School athlete and operator of a filling station at Hague and Sullivant-avs, has been "killed in action" somewhere in Italy.

A son was born to Mr. and Mrs. Eldin Rector, 2630 Eakin-rd, Apr. 24, in Mt. Carmel Hospital.

FIVE YEARS AGO

APR. 28, 1949—Lester S. Garrett, 1837½ Sullivant-av, will leave for Washington Sunday, to accept a position in the Veterans' Administration.

The Fox Food Shop, 2422 W. Broad-st, is honoring this week, Roy Millikin, who has been with the establishment continuously for the past 25 years.

Vandals Destroy Trees Valued At $50 In Year, Says Westgate Resident

Mrs. Charles Meddles reports that vandals have destroyed trees valued at more than $50 in her front yard at 507 Binns-Blvd in the past year. The latest episode, she said, took place some time between Apr. 17 and 19, when a magnolia tree, halfway up in her yard, was uprooted and the wire that had protected it was wrapped around a dogwood tree. The magnolia had been planted for only two weeks.

Mrs. Meddles said she had been informed that schoolchildren were responsible for the latest property damage. She has lost a Japanese flowering cherry tree and a dogwood tree through similar acts of vandalism.

Den mother of the largest Cub Scout pack in the city for five years, Mrs. Meddles claims she is at a loss to explain the apparent animosity of the children. "They should know that I have always been their friend," she said.

These Eyes —
How Well Do You Know Them?

COURAGE in capital letters was the key clue to the owner of the mystery eyes pictured last week in this test-your-powers-of-observation feature. The single word and the other clues pointed to Mrs. Lawrence Mack, 176 S. Algonquin-av.

Mrs. Mack

West High School's homecoming queen in 1936, Mrs. Mack was stricken with polio nine years ago. She was a patient at Children's Hospital for 14 months and at Warm Springs, Ga., for three months. Although confined to her wheel chair, she has been a leader in the polio fund appeals on the Hilltop and in Westgate for several years and has utilized her pleasant telephone personality to encourage hundreds of shut-ins and for telephone surveys and salesmanship.

Mrs. Mack was named Mother of the Year by the Hilltop Kiwanis Club on May 8, 1952.

Our mystery eyes shown above today belong to another well-known Hilltopper, who is a fisherman of note, a fine cook, and has become widely known for his clean business dealings.

THE GIFT

Today, they buried him—
The giver of gifts . . .
Each day he stood on the corner
Selling papers.
We bought his papers
Because, with the papers
He gave a free gift.
No matter how dark the day;
No matter how hard it snowed or rained,
When he gave us our papers
He always said "Nice day!"

The giver of gifts—
Nice days . . . from him to us.

Here is a poem written for this column by Mary B. Varney:

IN THE VINEYARD

A man at work in the boiling sun
Sings with the joy of work well done.
His heart is light and his song is gay.
He envies none at the close of day.
"Love for our work," the wise man say,
"Will bring us peace and a better day."
A job well done, with a kindly heart,
Cannot fail us when we do our part.

West Sr. Hi-Y Will Staff 11 City Offices

The West Senior Hi-Y Club of the Hilltop YMCA has 11 offices in the "City Day for Hi-Y Clubs," which the mayor has set for Wednesday, May 12.

The planning committee, composed of city officials, the president of the Hi-Y Council, and YMCA secretaries has already met and set up the program for City Day and for the coaching session on Monday, May 10.

Youths who are assigned City Day offices are required to spend a certain amount of time and effort to get the full benefits of this educational experience. They are required to attend all sessions of the program, and they also must prepare a proposed legislative bill for the Model Council.

At a special session of the Hi-Y Council, the offices were alloted to the clubs and chosen by the club's representatives.

Members of West Senior Hi-Y and their offices are Scott Pence, councilman; Mark Rector, city income tax; Glyndon Davis assistant director of public safety; Dave Williams, superintendent of traffic maintenance; Bob Brownlee, chief of communicable diseases of the board of health; Fred Lahob, assistant water superintendent; Ronnie Klein, chief chemist in division of sewage; Bill Cline, superintendent of street cleaning; Fred Worch, superintendent of the zoo; Victor Jett, assignment of cases in municipal court; Tom Howell, assistant chief inspector in division of building regulations.

Frank Brown, instructor at West High School, is the club advisor and will help the 11 boys draft their bills of legislation.

HILLIARDS SCHOOL NOTES

Horseshoe Diamond Theme Set For Jr.-Sr. Prom Tomorrow Night

The Junior-Senior Prom, planned for Friday, Apr. 30, will feature the theme of the Diamond Horseshoe. A varied entertainment is scheduled, with Johnny Leonard's Band furnishing the dance music.

Hilliards High School cheerleaders were host to cheerleaders from other schools in the Mid-Six League. Marysville girls were unable to attend, so only five of the six schools in the league were represented. The group had a business meeting, followed by a get-acquainted session and refreshments.

Golf practice has begun with five boys participating: Earl Porter, Art Bellisari, Joe Lombardi, Ralph Walls and Jim Hetrick. The baseball season will enter upon its summer program about May 15.

Award Recognition Day for the Hilliards High winter sports program was observed on Apr. 7. Hilliards came in second in the track meet held at Grove City, Apr. 13, when Grove City, London, and Hilliards competed. Grove City came out first with 77½ points; the Hilliards tally was 42½, and London came in third with 24.

On Apr. 22, the All-Sports Dinner meeting was held. Male members of the faculty were guests at the spaghetti dinner. The Red Birds' ball game being rained out, the planned trip to the Red Bird stadium was cancelled.

Sixteen sophomore girls tried out for cheerleading during their junior and senior years. Helen Chawner, Frances McFarland and Pat Woods were chosen out of the group.

The Hilliards eighth grade is practicing an operetta to be presented as a feature of graduation exercises. Titled, "Mulligan's Magic," the plot's main character is Mulligan, a funny man trying to sell some "magic" medicine. Directing the production are Mrs. Nash, 8th grade mathematics teacher and Mr. Yantis, 8th grade history teacher. Mrs. Shultz, 7th grade English, will be pianist.

Fifteen boys were chosen out of 38 candidates at the softball team tryouts at Hilliards Junior High, this week. Coach Yantis made the selections. The first game of the season was Friday, Apr. 23, at Hilliards. South Perry school was the visitor.

The public address system being installed in the grade school is largely the gift of the Columbus Bolt and Forging Co., which donated a complete set of speakers and microphones. There will be a speaker in each room. Two will be installed in the auditorium.

The Hilliards spelling bee team won three places at the South Mifflin contest last Friday, which included representatives from all elementary schools in the county. Martha Ann MacCarthy placed third; Stanley Robinson, seventh, and Linda Griffith wound up in 10th place. Ten students will compete against the other counties in the district of which Franklin is one. Each of the 10 who won out in the Friday contest was presented with a "51" Parker Pen, valued at $12.50. Mrs. Shultz, 7th grade English teacher, took the Hilliards team to South Mifflin in her car.

An interesting sidelight on the event is the scoring made by Hilliards youngsters in the written, or elimination test, winners in which progressed to the oral test from which the ten finalists were chosen. Fifty words were included in the written test. Martha Ann had a perfect score, Stanley had 45 out of 50 and Linda scored 46 correct.

ACKNOWLEDGEMENTS: Are due to Nancy Hankins of the High school and Sue Lare of the grade school for stories featuring activities of their respective buildings.

YOUR YOUTH

While attending the National Indian Guide Longhouse at Akron, the Indian Guide chiefs participated in an outstanding Indian Guide worship. This worship was centered around the letters contained in "Indian Guide," noting each individual letter and explaining its significance to the Indian Guide program. Here is the way it was done:

"I" is for individual — the I in the Indian Guides. Its program seeks, like other groups in the YMCA to bring out and develop the individuality of a boy as opposed to regimentation. Through association with other boys and fathers, under the watchful eye of his own father, he is aided in bringing out the desirable traits in his own individual personality. Math. 16:26 "For what is a man profited, if he shall gain the whole world and lose his own soul."

"N" is for nature. One of the aims of Y Indian Guides is to seek and preserve the beauty of the Great Spirit's work in forest, field and stream. No boy, or father either for that matter, can but marvel as the wonders and mysteries of nature and life unfold before him. Psalms 19:1-3 "The heavens declare the glory of God and the firmament sheweth his handywork. Day unto day uttereth speech, and night unto night sheweth knowledge."

"D" is for devotion. One of the aims of Y Indian Guides is to teach the little brave to love the sacred circle of his family. Devotion to his father is brought out by the purpose of the tribe which is to "foster the companionship of father and son." Nothing gives a father greater pleasure than to be able to say as in Mathew 17:5 "This is my Beloved Son in whom I am well pleased."

"I" is for inseperable. Singing "Pals Forever" as you sit with your son beside the camp fire can send a thrill up and down a man's spine and leave never forgotten memories in a young boy's heart. One of the aims of the Indian Guides is to be pals forever with father or son.

"A" is for arrow. An arrow shot from the bow of a skilled warrior will speed straight to its mark. One aim of Y Indian Guides is to teach the boy to be clean in body and pure in heart and to be attentive when others speak. These aims will keep him pressing toward the mark of good citizenship and stalwart manhood. Proverbs 22:6 "Train a child up in the way he should go and when he is old he will not depart from it."

"N" is for neighbor. Group activities and projects help teach the little brave the meaning of another aim of Y Indian Guides — to love his neighbor. In John 22:37-40, Jesus said, "Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy mind. This is the great commandment and the second is like unto it. Thou shalt love thy neighbor as thyself."

"G" is for God or Great Spirit, the G in Y Indian Guides. The American Indian lived close to nature and felt the nearness of God with his protection and leadership. Psalm 23 "The Lord is my Shepherd: I shall not want. He maketh me to lie down in green pastures. He leadeth me beside the still waters. He restoreth my soul; he leadeth be in the paths of righteousness for his names sake."

"U" is for unity. The Y Indian Guides have as one of their aims, the sanctity of the family circle. The Indian family was close because of necessity. Our complex life tends to pull the family apart. We need activities like the Indian Guides to build up and foster the unity and sacredness of the family and home.

"I" is for integrity. Honesty and straightforwardness in speech and action is another of our aims. In Philippians 4:8, Paul said, "Whatsoever things are true, whatsoever things are honest, whatsoever things are lovely, whatsoever things are of good report, whatsoever things are just, whatsoever things are pure; if there be any virtue, and if there by any praise, think of these things."

"D" stands for dada. The little brave profits from being "Pals forever" with his dad. Not only does he find companionship but also learns obedience and the meaning of the 4th commandment, "Honor thy father and thy mother."

"E" is for environment. Companionship of father and son in worthwhile and interesting activities under the sponsorship of the YMCA develops and enriches the lives of both father and son. Luke 2:52 "And Jesus increased in wisdom and stature and in favor with God and man."

"S" is for sons. Without sons there would be no Y Indian Guides. Yes, without the son there would be no Young Men's Christian Association. These owe their beginning and very existence to Jesus Christ, the Son of God.

Vehicle Safety Checks Will Be Offered Free

In an all-out attempt to reduce the number of accidents caused by the operation of unsafe motor vehicles, the Columbus police department, Columbus Chamber of Commerce and Columbus Automobile Dealers Association have joined together to sponsor a voluntary motor vehicle inspection program for Greater Columbus.

Under the joint plan it is intended to offer the motoring public free automobile inspections, beginning on May 3 with a police safety lane set up in front of Central High School. Police will be assisted by trained mechanics assigned to this work by the various members of The Columbus Automobile Assoc. However, only the police, under the supervision of Sgt. Joe Foster, will determine whether the driver will receive the safety sticker. Hours of operation of the safety lane will be from 8 a. m. to 4 p. m. daily, except Sunday, with this phase of the program ending Friday, May 14 at 4 p. m.

After May 14, members of the Columbus Automobile Dealers Association will offer free motor vehicle inspections at their various agencies as long as there is public interest and demand for this service. There will be absolutely no charge for this service and no obligation to have needed work done where the inspection is made. Each member offering free inspections will display a distinctive window poster designating his place of business as an inspection station.

Play Equipment Already Installed At Many City Recreational Centers

With the advent of good weather the Columbus recreation department has started installation of play ground equipment on playgrounds where supervision is now available.

This equipment has been installed and is ready for use at Sunshine, Beatty, Poindexter, Schiller, Glenwood and Sullivant Gardens Recreation Centers. All of these playgrounds are under supervision. Other installations will follow soon.

This being a first year of a new policy recently adopted by the recreation commission in leaving swings and teeter-totters open at all hours even when not supervised, attention is called of the parents and youngsters using the playgrounds to do so with care and caution to avoid injury.

Colo. Automobile Club To Entertain All School Safety Patrol Members

The Columbus Automobile Club will entertain all of the 2100 school safety patrol boys at the Columbus Zoo on Saturday, May 8, from 9:30 a. m. to 3:30 p. m.

The Automobile Club will furnish peanuts, milk at noon, an ice cream bar in the afternoon, and free rides in the amusement park. Transportation and lunch is being furnished by the teachers and parents. This will be one of a series of activities that the Columbus Automobile Club will sponsor in behalf of school safety patrol youth.

COULDN'T FIND TIME TO LEAVE!

2-Month Visit Here Lengthened To 26-Years For Packard Dealer

P. A. Jackson

What originally was expected to be a stay of two months in Columbus has stretched into more than 26 years for P. A. Jackson, vice-president, treasurer and sales manager of Hilltop Motors, 2357 Sullivant-av, authorized Packard dealers.

He came here from Lynchburg, Va., in 1928, when a clothing company with which he was employed there opened a factory in Columbus and sent Jackson to assist in getting it into operation. The "boy meets girl" episode intervened before his proposed two months' work was ended here with the result that he married the "gal," Lucille Fee, who altered any plans he may have had to leave Columbus.

The couple has resided on the West Side for many years, moving to their present home at 213 Powhatan-av in 1941. They have a 10-year-old son, Dennis, who is a student at Westgate School. The Jacksons are members of the Westgate Methodist Church.

Although with a clothing manufacturing company when he came to Columbus, Jackson explains that he has been associated with the automotive business in one way or another, for practically all of his adult life. He assisted his brother operate a filling station at Lynchburg and owned one himself, located across the street from his present business which he opened in 1946.

From December 1943 to October of 1945 he was with Uncle Sam's armed forces, which qualified him for his present membership in Smith Bagatt Post 249, American Legion.

Known by his associates as one of the most progressive in the local automotive field, it was not surprising that Hilltop Motors was the first agency in the city to offer to sponsor a meeting of the Foreman's Club, which will be held May 6 at the Southern Hotel.

Though his "extra-curricular" activities are limited, Jackson and his son have recently become members of Hilltop YMCA Indian Guides, Kickapoo Tribe.

* * *

Brisk used car sales were reported by most new car dealers on the West Side during the past week. New car sales also have continued heavy, they say, with the result that a number of unusually good trade-ins have been received.

One of the top "buys" of the week reported by Fred Wile at Wile Studebaker is a 1951 Ford Victoria—a two-tone job.

A remarkable "special" at Beasley Grove is a 1953 Studebaker Champion Starlight coupe, according to Carl Schwab.

Dewey Corn of Saeger Buick selects his offering of a 1952 Ford Victoria with Fordomatic transmission as one of his outstanding values this week.

The 1951 Super "8" four-door Oldsmobile available at Berlin-Wolf Oldsmobile, Inc., is the choice car of the week selected by Earl Lutz.

A 1952 Dodge four-door with radio and heater was singled out as a top value at West Side Motors by Mr. Bentley.

The nod was also given to Dodge by Rodenfels Chevrolet, where a 1950 Meadowbrook four-door — a one-owner car — is available at a very reasonable price, according to Merle Brewer, used car lot manager.

Anyone wanting a station wagon at an extremely low price can get just that in a 1948 Pontiac at Earl Sarver, Inc., according to John Orebaugh.

RACE AGAINST TIME

Mrs. Gallagher Almost Not A Candidate

Mrs. Gertrude D. Gallagher, 815 S. Terrace-av, Reorganization Democrat candidate in the May 4 primary for state central committeewoman, came within minutes of not being a candidate, she disclosed in an interview yesterday.

Here's the way she explained it:

For several weeks prior to Feb. 2, Attorney John D. Conner, Democratic state central committeeman who will run to succeed himself in the coming primary, had been attempting to coax, cajole, or convince Mrs. Gallagher that she should be his running-mate with Reorganization Democrat backing.

On that date—still undecided as to her political ambitions—Mrs. Gallagher departed Columbus in her auto with a sister to attend the funeral of a cousin, John Glynn, in Cincinnati. They stayed overnight at the home of another cousin and attended the funeral the following day, May 3—deadline for filing of candidacy for the primary.

Meanwhile, Conner attempted to contact Mrs. Gallagher to attempt to talk her into running for the office. Her husband, Capt. William J. Gallagher of the Columbus fire prevention bureau, had never met the particular relatives with whom Mrs. Gallagher was staying in Cincinnati, and, furthermore, was not certain but what she had registered at a hotel.

Conner called almost every hotel in Cincinnati, the police, and other agencies in his fruitless and frantic efforts to track her down. He finally called the Cincinnati Enquirer, where newspaper employees traced the funeral home where the deceased relatives had been taken through the obituary columns of the paper.

Mrs. Gertrude Gallaher

Just as the funeral ended on Feb. 3, Conner completed his telephone call to the funeral home and reached Mrs. Gallagher. With only a few hours remaining before the deadline for filing, Conner managed to persuade Mrs. Gallagher to drive back to Columbus immediately.

She made only one stop en route to the state capital, and that was in Washington Courthouse for lunch. At 3:15 p.m., with only 45 minutes to spare, Mrs. Gallagher completed the necessary paperwork for her candidacy filing at the county board of elections, Fulton at High-st.

Some 20 other Reorganization Democrats were awaiting her arrival anxiously in the corridor. She was their choice and the spot would have remained vacant in the primary had Conner not been successful in locating her in Cincinnati.

A newcomer to county politics, Mrs. Gallagher has been an active worker in the Democratic Party on the Hilltop and presiding judge of the election booth in Precinct U of Ward 11 for 20 years.

West High Cowboys Take Well-Earned 4-2 Win Over South

Watkins Becomes First Local Pitcher To Hurl Whole Game

By Woody Owen

Sophomore George Watkins had the honor of being the first Cowboy hurler to go the route this season. He also became first local pitcher to defeat a South baseball squad in quite a few years as the home nine took a well-played 4-2 victory Wednesday, Apr. 21, at the local lot.

The Cowboys broke the scoring ice in the second inning when Vincent was safe on an infield ball. He pilfered second and continued to third when the catcher's throw went into center field. He scored on an infield roller by Hughes.

The Bulldogs took the lead in the fourth on an infield hit, a fielder's choice, a double steal and Wardle's double counting the two base runners.

The Cowboys, however, came back in their half of the fourth to score three times to ice the contest. Vincent walked, took second on an infield out, third on a wild pitch and scored as he beat the throw to the plate on a tap to the mound by Hughes. Nebinger then singled to center field, Edwards beat out a bunt, loading the bases. Watkins then fanned, but Davis doubled to right center, scoring Hughes and Nebinger with the deciding runs.

Highland, West Mound Eliminated In Hilltop Gra-Y Softball Race

Highland and West Mound were eliminated in the Hilltop YMCA Gra-Y Softball Tournament last Saturday at John Burroughs playground. Still in the tournament are undefeated John Burroughs and West Broad, along with Westgate who has lost one game. John Burroughs meets West Broad this Saturday at John Burroughs playground at 10:30 a. m.

In the girst game last Saturday, Westgate clobbered a game but inexperienced West Mound nine to the tune of 11-3. West Mound jumped into a lead by scoring two runs in the opening inning, but when their defense collapsed, so did their offense. Glen McClure and Ronnie Friend were the battery for the losers. Terry Linson and Stuart Randall shared pitching duties for the victors as Dick Steele and Joe Ditrick handled the catching chores. Randall was credited with the victory.

West Mound	2 0 0 0 1 0
Westgate	0 3 4 4 0 0

Highland and West Broad played the best game of the tournament as the Highlanders were edged 5-4 in the second game of the morning. Both teams got four hits, but the losers made three more errors than the victors. This was the only difference between the two teams. Thurman Edmonds led the losers in hitting with a home run and single in three times at bat. Calvin English hit a home run for the West Broad nine, but Frank Grove led the hitting department with a triple and a single in three times at bat. Bob Saint was the winning pitcher and Timmy Good was charged with the loss.

West Broad	0 2 3 0 0 0
Highland	0 0 0 1 2 1

Westgate outslugged Highland 11-7 in the final game of the morning to oust the Highlanders from the tournament. The Westgater's big five-run first inning was the main difference between these two teams. The rest of the game was played on an even basis. Terry Linson was the winning pitcher and Thurman Edmonds was charged with the loss.

Grand Opening Of New Tunison Sohio Station Friday, Saturday

D. B. Tunison

With the completion of a major remodeling project, which has permitted an extensive broadening of its program of service to the motorist, the grand opening of Tunison's Sohio Super-Serviceenter, 3045 W. Broad-st, will be held Friday and Saturday of this week.

Numerous gifts await visitors during the two-day grand opening period, according to D. B. Tunison, operator of the station since it was originally established at the location in 1936.

The present establishment bears little resemblance to the original structure, Tunison said. As a matter of fact, it is the third extensive remodeling the station has undergone.

Tunison is a native of Kirkersville, Ohio, but has made his home in Columbus for the last 30 years. His operations at the W. Broad-st station has been interrupted only once—from 1942-45—when he was in the army. He spent 21 months in the Pacific theater.

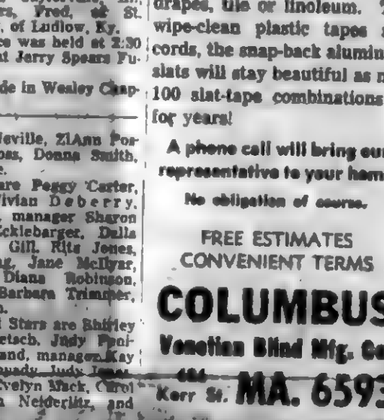
Tunison is extremely proud of the facilities afforded by his new station, he says, which will be open day and night. Representing the American Automobile Association, he has a six-wheel Jeep as well as a tow truck of major proportions to provide 24-hour wrecker service. Recently added was an "Automagic" car washer. A complete line of Sohio Atlas tires, batteries and accessories will be available at the station at all times, he said.

C. D. West, who has been with Tunison for four years, is assistant manager of the service station.

RAYMOND W. KENNEY

Raymond W. Kenney, 66, of 291 S. Warren-av, died Thursday in Mt. Carmel Hospital.

He was a supervisor for the Pelber Biscuit Co. before his retirement. He was a member of Trinity Methodist Church and of the Luther Turner Lodge of Masons.



Surviving are his wife, Marie; two daughters, Mrs. Dorothy Stutz, of Dayton, and Mrs. Evelyn Latham, Columbus; two grandchildren; two sisters, Mrs. Carrie Coward, St. Cloud, Fla., and Mrs. Nellie Spurling, Taylorville, Ill.; and two brothers, Fred, of St. Cloud, and Clint, of Ludlow, Ky.

Funeral service was held at 2:30 p. m. Saturday at Jerry Spears Funeral Home.

Burial was made in Wesley Chapel Cemetery.

Flowers of the Week

A Rosebud Floral bouquet this Thursday evening to the West Franklin County Kiwanis Club when it meets at the Old Hickory Barbecue on Broad just west of the city limits, on the occasion of the fine job they did last Thursday night when they sponsored the 4-H Public Speaking Contest. This was really "Kiwanis at Work" and we can safely predict fine things ahead for that club with such leadership so evident. Keep up the good work, boys!

C. of C. Says "City Hall Stops Progress"

Following is a portion of the current Chamber of Commerce bulletin regarding the water and sewer situation and how the C. of C. feels about the matter:

Industrial, commercial and residential development of the Columbus area has been effectively stopped by the Columbus City Council through two ill-advised resolutions that prevent any further water or sewer permits or line extensions anywhere beyond the city of Columbus corporation limits. This is concurred in by the city administration.

Nowhere inside Columbus is there space for further development except of limited character. For those who want no more industry and no more factory workers (homes for them) it is a perfect device.

What a change from a few years back when the Chamber of Commerce was unjustly accused by so many of "keeping industry out of town". Now City Hall is actually doing it!

There is no legitimate excuse for it. There is no real shortage of water. Conservation of water and its uses by all citizens will avoid the temporary low pressure periods of August and September. Water permits should be granted wherever they are needed and at once!

Sewage permits may be more complex. There are some trunk sewer lines that are overloaded. In some places, temporary use of septic tanks may be necessary—temporary until new main lines can be laid.

A fair and unbiased attitude on the part of City Hall is needed unless we are to wallow in our inability to grow while opportunity passes us by.

'FLABBERGASTED,' SHE SAYS

Hilltop Kiwanis Names Mrs. Miles Mom Of Year

Mrs. Miles

Mrs. James W. Miles, Hilltop resident for 33 years and mother of three outstanding local citizens, is slated to be feted today at noon as the "Hilltop Mother of the Year" by the Hilltop Kiwanis Club at Glenwood Methodist Church.

Mrs. Miles was humbly protesting as late as yesterday, "I'm flabbergasted" and "the real honors should go to my sons."

A native of Columbus, Hertha Miles attended Franklinton School and was graduated from Central High School in 1903. Shortly thereafter a mutual friend introduced her to her husband, Dr. James "Jim" W. Miles, well known Hilltop orthopedic appliances specialist. Five years later they were married, on Aug. 12, 1912.

Most of the more than three decades they lived on the Hilltop were spent in the same house on N. Warren-av. Seven years ago they moved to 3900 Dublin-rd.

They have three sons — Dr. Jack W. Miles, 4250 Dublin-rd; Dr. Beryl Miles, 768 Wiltshire-rd; and Robert C. Miles, 750 Chestershire-rd. The father, Dr. James; Dr. Jack, a physician; and Dr. Beryl, chiropodist, share offices at 2586 W. Broad-st and are all three active members of the Hilltop Kiwanis Club. The third son, Robert, is chief accountant and assistant treasurer of the Ranco Corp. He is to be present for the luncheon.

A grandmother of nine, Mrs. Miles enjoys sewing and working in her garden.

Past president of the Hilltop Kiwanikwe, Mrs. Miles is still very active in the organization. She is also a past president of the old 11th Ward Republican Club, a past president and charter member of Columbus Chapter of the DeMolay Mothers' Club, a past president of Twig 16 at Children's Hospital, and a member of Robert Morris Chapter, OES.

Wendell Glass, chairman of the Mothers' Day program, announced that selection of Mrs. Miles for the honor was unanimous after careful deliberation of the many names submitted "all of whom are worthy of much praise as outstanding examples of motherhood."

Selection was by the support of churches committee, composed of Rev. Kistner, chairman, Rev. Harold Dutt, W. Haydn Jones, Noble Allen, Dick McGarry, Fred Reether, Larry Scales, and Harold Fox.

The Starling Junior High School Mixed Chorus of some 80 voices is also scheduled to sing several selections on today's luncheon program.

3 Set To Protest Incorp.

The Record learned yesterday from several reliable sources that at least three individuals will file injunctions against the Franklin Township incorporation election just as soon as necessary incorporation papers are filed with the county recorder's office.

One legal authority theorized that one of the first suits to be filed against the election might be filed by a proponent of incorporation, possibly even a member of the township government. Such a suit would be a "friendly suit" and aimed at checking the validity of the incorporation election. This could not be confirmed.

Meanwhile, as of early yesterday, County Recorder Ray Schaefer said that no move had been made by Franklin Twp. authorities to file the certified election results with his office. Steps in becoming a village include filing election results with the recorder's office along with a transcript, plot of the affected area, and formal request for a charter.

Schaefer said that state law apparently conflicts with itself in that one passage says that such documents must be certified "forthwith" to the secretary of state, while another section indicates that a 10-day period should elapse before they are forwarded to the secretary of state, during which time protests against the incorporation may be filed.

The Secretary of state would then issue the charter for the Village of Franklin Heights, which may become a city only after the next federal census in 1960. The vote in favor of annexation, as certified by the county board of elections was 1138 to 675.

Mayor Ringer Of Valleyview Warns Speeders

Mayor Charles Ringer of Valleyview has issued an appeal to local motorists to observe with strictest caution the speed and safety signs in the vicinity of the Hilltop Swimming Pool, now that the swimming season is near at hand.

Ringer declared yesterday that the village marshal has issued no tickets thus far in 1954 but that he will probably do so if motorists again make a speedway out of Valleyview-dr. The marshal has orders for the time being to halt and caution offending motorists only, but this will change if the offenses continue, Ringer said.

At the Village Council meeting slated for last night instead of Tuesday because of the primary elections, only routine business was expected to come up for discussion.

The mayor disclosed that the public basketball court for neighborhood youngsters in the village park has been completed since the last council meeting.

School, were Mary Jane Tharp of the Katy-Did 4-H Club of Hilliards and Leah Chorniak of the Jolly Workers 4-H Club, respectively.

Winners of third place received a loving cup which will remain in their club's possession.

A banquet was served before the contest by members of the eighth grade classes at Prairie Twp. School and their mothers.

To Unveil Zoning Plan For Area

The general public and delegates are invited to attend a session of West Franklin County Associations, Inc., in the Prairie Township School on Norton-rd Monday, May 10, at 8 p. m., at which time a representative of the regional planning commission will present the "Master Plan for West Franklin County." Several zoning cases will be heard at the regular business meeting which follows.

30th Anniversary Party Of West's Class Of '24 Set

More than 60 reservations have already been made to the 30th anniversary party of West High School's class of 1924, which will be held at 6:30 p. m. Saturday, May 15, in the Fort Hayes Hotel. Reservations are being accepted by Mrs. Margaret Addie, 92 N. Roys-av.

Anyone having sheet music popular in 1924 is asked to call Robert Draper at MA. 2383. Popular music of the period will be sung at the party by Eldon Brown, Howard Moon, and Elva Paul.

Draper also asks for telephone calls from anyone knowing of the present location of the following members of the class:

Clyde Edwards, Mae Fisher, Jeannette Hope, Mary Meyers, Lenore Shaul, Adrianne Provens, Bertha Leffel, and Madeline Greenwood.

Teachers at West High during the four years the class was enrolled there have been invited to attend the party.

PUBLIC SQUARE DANCE sponsored by the Camp Chase Civic Association Saturday night in the Westgate Shelterhouse was short on attendance because of damp weather, but long on enjoyment as the picture of a few of the nearly 50 couples present shown below indicates. Immediately preceding the dance, officers elected on Feb. 18 were installed by Rev. George Taylor, pastor of the Westgate Methodist Church. Pictured at right during the brief ceremony are, from left, Frank Grier, vice-president; Rev. Taylor; R. E. Parrish, president; Esther E. Jones, secretary; and Mrs. Mary Penner, treasurer. 'BIGGER AND BETTER'

1954 Bean Dinner Plans Announced

Preliminary plans for the annual Hilltop Business Association-sponsored Bean Dinner were revealed yesterday by Raymond A. Dethy of the Westgate Maintenance Co., 2512 W. Broad-st, 1954 chairman.

He prefaced his disclosures with the traditional statement: "It'll be bigger and better than ever this fare." All indications point to the validity of that statement. For instance, we know that the huge tent which will house the popular event at Westgate Park on July 27 and 28 will be even larger than the 40 by 200-foot model through which some 50,000 persons filed last year.

Many of the firm details of the program, scheduled to begin at 2 p.m. both days, will have to await a meeting of the Bean Dinner committee tonight in the HBA office at 2183 W. Broad-st.

Meanwhile, from a preliminary meeting recently held, Dethy disclosed that a great deal of effort will be expended on the displays. professional wrestling will probably be presented again, various contests will be scheduled, and that amusements for kids will include a ferris wheel and pony rides.

Serving on the committee are "Chubby" Distelhorst of the Distelhorst Market, 2445 W. Broad-st, committee co-chairman, and been tent supervisor Bob Edger of Westgate Plumbing, 2490 W. Broad-st, exhibit tent chairman; Clark Biddle of Biddle's Drive-In, 3571 W. Broad-st, hot dog chairman; Ralph Clements of the Customade Cabinet Shop, 3800 Sullivant-av, rides chairman; and Mrs. Evelyn Jones of the Welcome Wagon, entertainment chairman.

Several others assigned to the committee have not been given definite jobs thus far.

Rural Zoning Lists Four Public Hearings Involving Local Property

Public hearings before the Franklin County rural zoning commission have been set for four Hilltop area rezoning petitions.

The petition of Harold F. Cunningham, 3115 Valleyview-dr, to have approximately 17 acres fronting on the south side of Valleyview-dr, one-half mile east of Wilson-rd, changed from a residential and agricultural to a general commercial or light manufacturing zoning, will be heard at 8:30 p. m. May 27 in the Franklin Twp. hall.

It will mark the second hearing by the commission of the Cunningham petition, necessitated by the recent refusal of the request by the regional planning commission, in the first hearing, the rural board okayed the reclassification. Cuningham has announced plans for a skating rink, swimming pool, and general recreational facilities on the site.

The rural commission will hear at 7:30 p. m. May 27 in the Prairie Twp. fire house and at 8:30 p. m. the same date in the Franklin Twp. hall the petition of John Tzounakis, 1292½ W. Broad-st. Tzounakis has filed for change of zoning from residential to multiple dwelling on two lots on the northeast corner of Postle and Garden Heights-rd. He has announced plans for the building of twin singles on the lots, with two planned for the near future and six eventually slated for the site. The property is in both Prairie Twp. and Franklin Twp.

Frances Hughes, 231 Mix-av, has petitioned for a change from residential district classification to local commercial of four lots in the West Columbus Park Addition on the west side of Mix-rd near Bunker-av. Her case will be heard at 7:30 p. m. May 27 in the Prairie Twp. fire hall.

The petitioner, owner of a small neighborhood confectionery and grocery store, has announced plans to erect a regular grocery building on the property.

The commission will hear at 8:30 p. m. May 27 in the Franklin Twp. hall a petition involving 33½ acres on the north side of Valleyview-dr approximately one-half mile east of Wilson-rd, which the Universal Realty & Investment Corp., 150 E. Broad-st, desires to have changed from a residential to a heavy manufacturing district.

The firm is expected to disclose what type of industry they plan for the site at the public hearing.

TIP FOR MOTHERS DAY

The Mothers' Council of the Hilltop YMCA will hold a Mothers' Day flower and baked goods sale from Friday afternoon through Saturday evening at the local YMCA, 2502 W. Broad-st.

HBA Will Hear Lecture May 11

Edward Erfurt, attorney and manager of the Columbus Store Mutual Protective Association, will be the speaker at the meeting of the Hilltop Business Association at 6:45 p.m. Tuesday, May 11, in the Westgate Methodist Church. His subject, "Protection for Business People," will deal with such subjects as shoplifting, check workers, employee dishonesty, and other criminal practices.

Reservations must be received by Monday, either by phone or card.

The safety committee will present results of its survey of local merchants to determine whether they favor installation of parking meters on the Hilltop. A discussion of the entire parking problem will follow.

Rites Held Tuesday For Mother Of Local Pastor

Mrs. Elizabeth Dean, 87, a Hilltop resident for 60 years, died Saturday at her home. She had resided at 69 N. Wayne-av for the past 50 years.

Mrs. Dean, member of Highland Avenue Friends Church, is survived by five sons, Rev. J. L. Dean of 194 N. Roys-av, local minister; C. W. Dean of 99 Clarendon-av, Charles Dean of the residence; W. J. Dean of 2037 W. Broad-st, and H. C. Dean of Portsmouth; 14 grandchildren; 20 great-grandchildren; two sisters, Mrs. Emma Flemming and Agnes Althen; and two brothers, Fred and Ellsworth of Althen.

Due to her illness Mrs. Dean had been unable to attend a service in the newly-completed Hilltop Community Church where her son is pastor, and so, at her request, the funeral service was held there at 2 p.m. Tuesday.

Interment was made at Alton cemetery by the Jerry Spears Funeral Home.

Hilliards To Give 20th Annual Spring Concert

Hilliards High School will present its 20th annual Spring Concert Friday, May 7 at 8 p. m. All music organizations will participate including the junior band which will make its debut.

Also taking part will be the Girls Chorus, Mixed Chorus, and Concert Band. Soloists will include Joan Woodin and Rita White. During the intermission awards will be presented.

Tickets, costing 50 cents for adults and 25 cents for students are now on sale in the music room or can be purchased from any music student. Proceeds will go to pay for awards and equipment for the music program.

Results Of Local Elections

Hilltop area residents trickled to the polls in extremely small numbers on Tuesday to select their party stand-bearers for the November election. The results presented below are unofficial.

What was slated to be the most interesting local race "fizzled" when Incumbent George Sinclair, 109 Powhatan-av, walked away from Eddie Walker, 240 Demorest-av, for 11th Ward Republican committeeman honors by a tally of 1208 to 504.

Democratic 11th Ward committeeman incumbent Earl I. Williams, 133 N. Wheatland-av, was apparently defeated by Clifford E. Garwick, 893 Chestershire-rd, by an official count of 598 to 579.

In the 10th Ward, Earl Brownlee, unopposed for GOP ward committeeman, packed up 831 votes. On the Democratic side of the ledger incumbent Harry Burns won by 668 to 419 over Lawrence D. O'Dea.

In the Franklin Twp. race for committeeman, incumbent John Robert Jones tallied 387 to Leigh B. Tom's 129 to capture the GOP standard and Democratic incumbent William B. Haines won by 463 over Donald H. Long's 127 votes.

Edward J. Leach, unopposed for the GOP honors as committeeman in Prairie Twp., tallied 136 votes. In the Prairie Twp. Democratic race for committeeman, Grover Kaderly tallied a winning 124 to the 107 total of Godfrey Horst.

In Norwich Twp., Clarence G. Seeds won the Democratic committeeman standard with 108 to William R. McKenzie's 58 votes and Harry Bynaer came out on top in the GOP race with 176 votes to the 46 tallied by James B. Kirkpatrick.

Other races in which Hilltoppers were involved produced the following results:

Walter Davis Joins Ad Staff Of The Record

Walter Davis

Walter Davis, 346 E. 20th-av, recently joined the advertising sales staff of the Hilltop Record. Previously he had been advertising manager of the Linden News for the past six years.

Davis' newspaper experience dates back to the time when he started in advertising work at the Record 18 years ago.

Since that time he has been business manager of the North Side Herald and also operated his own newspaper for a period in Worthington, O.

Active in community affairs in the Linden area, Davis was the originator of the Linden Community Christmas Parade and the Linden Business Association $1000 prize contest. He was a member of the Linden Business Association and the Linden Lions Club.

Business Advice

Fill your cash registers with profits from want-ad advertising. That's the advice of Jim McHugh of the Western Auto Store at 2586 W. Broad-st, who is thoroughly sold on the business-getting power of the little ads.

McHugh tried the classified ads of this paper, which reach 32,000 families weekly, for the first time not so long ago. He was amazed at the speed with which he sold all the trade-ins and other special bargains he had offered.

Want-ads are the friendliest salesmen in town and welcome visitors in every home. Simply call MA. 1125 or GA. 8262 for skilled assistance in the writing of your "business stimulators."

RELAY QUEENS—Reigning at the eighth annual Hilltop Relays, which will be held at 7 p. m. Tuesday, May 11, on Mosby Field, will be the above five West High Relay Queens. Left to right are Sandra Miller, Judy Pennmore, Judy Matson, Jonna Sue Austin and Kay Glass. As soon as individual events are concluded the queens will present the awards. Tickets to the evening event, which could draw a crowd of up to 2000 will be on sale at the gate for 25 cents each. (J. Curtis Allen Photo)

See story on page 12.

RACE PREPARATIONS—Russ Carter (left) and Harold Cunningham, repairing a flat tire in the picture above, declare that it will take more than a simple mishap of this nature to keep them from beating Noble Allen, Jr. (in sulky at right) in the contest for the fastest Kiwanian-owned mile-pacer in the West Franklin County Kiwanis Club-sponsored harness race this Saturday, May 8, at the Hilltop Raceway, Franklin County Fairgrounds. The friendly feud is heightened by the fact that A-Jon Acres has two pacers and a trotter in the race. Carter will drive for Cunningham. Benefits of the race will go to the work of the underprivileged children's committee of the club. General admission is 50 cents; reserved seats, 75 cents; and box seats, $1.25. The nine-race card is to be run rain or shine. Trophies are on display in the window of Economy Savings & Loan at Central Point. (Hilltop Record photo)

Hilltop Swim Pool Set To Open May 22

Welcome news for small fry and adults alike who've been suffering from the early summer heat was the announcement yesterday by Robert Case, operator of the Hilltop Swimming Pool at 2737 Valleyview-dr that the local pool will probably open on May 22. Membership will be available at the pool on May 15 and 16.

A sudden, prolonged cool spell or some unforeseen repairs could conceivably delay the opening. Case however, says that except for minor patchwork, necessary every year, he believes the pool will be in shape for opening on the planned date.

A new grass beach will greet the crowds of up to 2500 who can be accomodated at the pool. The beach replaces a portion of the parking lot but there will still be plenty of parking available advises Case, owner of the pool for 10 years.

Always open daily by 11 a. m., the pool will close according to the crowd and weather. The chlorinated well-water in the pool is tested twice weekly. The customary concessions such as ice cream and soft drinks, will again be available.

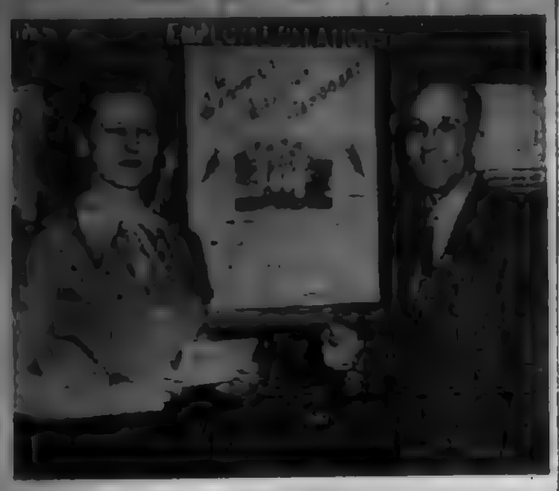
West Park Avenue Methodist Church
West Park Avenue and West State Street

West Park Avenue Methodist Church was organized as a mission on Broad Street on May 7, 1893, with 63 members. In 1895 the first building was erected on the present site. In 10 years the organization had grown so that a Sunday School addition was built in 1905.

In 1912 the old frame auditorium was removed and a fine wire cut brick building was constructed along Gothic lines and joined to the old Sunday School frame.

Rev. P. E. Chappalear was pastor at the time and until Feb. 1, 1914. He was followed by Rev. G. F. Tift for two and a half years. Up to this time the church had enjoyed a period of growth and prosperity.

Then came the flood of 1913 and the church suffered due to the extreme losses of so many West Side families. Substantial aid was given the church by other Methodist churches of the city. Numerous members of the church moved to other sections of the city following the flood but many of these same families are today still represented in the West Park congregation.



A bad fire a few years later resulted in the determination that to replace the building would cost about $20,000 or more. With not more than $10,000 in sight from insurance and gifts the church set about to rebuild and the determination of the congregation resulted in the establishment of the fine new brick building which is occupied today.

Rev. William George is pastor of the church at the present and will complete his seventh year in that capacity in June. At present the church membership stands at about 800. The church is at present being redecorated and recently more than $5000 has been spent on repairs and remodeling to the church and parsonage which is located at 177 West Park Avenue.

Sunday School services are held each Sunday at 9:20 a.m. and worship is held at 10:30 a.m. and 7:30 p.m. The public is invited to any of these services.

MAY 1954

LITTLE LEAGUE BASEBALL registration is under way at Terminal Division, General Motors Corp., as plans develop for the 1954 season of the Industrial Little League. Mrs. Mary E. McCague, an employe in the seat spring department, is shown discussing the registration of her 10-year-old son, Jack, and her 11-year-old son, Robert, with Al Bixby, a production engineer, whose son, Jim, is planning to try out for the team this year. Industrial Little League operates on the same rules as National Little League baseball, except that players must be the sons, adopted sons, or stepsons of employes in the industry sponsoring the team.

YOUR YOUTH

By Bob Schmidt and Dick Wilson

It won't be long now! Yes, we are referring to softball and baseball. The "Old men of the Hill" will be the first to get their feet wet when their Slo-Pitch League starts on Tuesday, May 18. There are nine teams entered in the league at this time and the Y is scouting for one more to make it a 10-team league.

Teams entered are Westgate EUB, West Park Methodist, Glenwood Methodist, Hillcrest Baptist, Hilltop Record, Westway VFW, New Rome, Hilltop Kiwanis, and Hilltop Lions. All games will be played at Westgate Park, starting at 6 p. m.

Next to get started will be the Intermediate Church Softball League for boys 16-19 years of age. This league will begin on Wednesday, June 16, at 6 p. m. at Westgate Park. Teams are DeMoley, Avondale EUB, West Park Methodist, and Hillcrest Baptist.

The Junior Church Softball League will start at Westgate Park on Thursday, June 17 at 6 p. m. Teams entered in this league are Westgate EUB, West Junior Hi-Y, Westgate Methodist, West Park Methodist, Junior Firemen, and Glenwood Methodist. This league is for boys 13-15 years old.

Baseball will be started on Saturday, May 22 at 2 p. m. at Westgate Park when all Little Nine players are invited to try-out for the All Star Team. This team will be entered in the Knot-Hole League and will play exhibition games away from home. The Little Nine League will be an eight team league and will be played at West High School starting June 14. This league will be for boys 9-12 years of age. Application blanks will be passed out in the schools this week.

The Hilltop Y is going to offer baseball to boys 13-15 years of age for the first time this year. The details are not all worked out as yet; so you guys in this age bracket watch this column for further details.

If you are too young or too old to play in any of these leagues, you are cordially invited to watch the games and cheer for the team of your choice.

Two new student teachers were introduced to the chapter, Shirley Smith of Millersport and Carol Smith of Hilliards, who are serving their training period in the Hilliards High School department of home economics.

West Lists Who's Who In Production Of 'Hoosier Schoolmaster'

"HOOSIER SCHOOLMASTER" players from the senior class of West High include, from left to right, Ronnie Klein (standing); the dog, Queenie, canine star; and Ted Dean, standing in door. Seated on the bench from left in the front row are Martha Merriman, Louise DeMastry, and Van Vickers; second row, Bob Fredrick, Jonna Sue Austin, and Judy Hurt. (Hilltop Record Photo)

A WINNER—Housewives filled the Hilliards High School auditorium on Monday, Apr. 19, on the occasion of the second annual Homemakers' Party sponsored by the Russell Grain Co. Appliance Division, featuring Frigidaire appliances. Following an entertaining skit by Betty Koegler, Frigidaire home economics adviser, prizes donated by Russell's were given to eldest lady present, and youngest bride, as well as numerous other gifts. The grand award, a Frigidaire clothes dryer, was drawn by Mrs. John Prince, who also was awarded an electric mixer for being the youngest bride in the audience. The "seven brave men" in the audience also received gifts. Nelson Russell, left, and John Russell, both of the Russell firm, present the grand prize to Mrs. Prince. (Photo by Bidwell's)

The curtain will rise at 8:15 p. m. Friday, May 7, in the auditorium of West High School on a scene from the rough frontier times in our neighboring state, bringing to life some of the history, customs and odd twists of phrasing in the speech of the 1870's. Featured will be the talents of the senior class in the school's dramatic department.

In "Hoosier Schoolmaster," directed by Mrs. Evelyn Hall, Ronnie Klein portrays Ralph, the young pedagogue chosen to teach in Flat Creek, Ind., for his muscular ability and power to keep his pupils from driving him out of the schoolhouse and Barbara Booth plays Hannah, the bound girl who defeats him in a spelling bee.

Many of the leading roles include such characters as the Means family including Kay Glass, Mrs. Means; Clark Rodick, Jack Means; and their two children, Miranda Means played by Mary Martindale; Bud Means portrayed by Dave Riemiller.

Characters which frequent the stage in several amusing and dramatic scenes are Dr. Small, Bob Hart; Walter Johnson, his apprentice, Jim Fondau; Betsy Short, a giggling schoolgirl, portrayed by Linda Bryant. Pete Jones is an uncooperating school trustee played by Bob Frederick; Hank Banta, an unruly schoolboy, Dave Williams; his spinster sisters, Judy Hurt and Jonna Sue Austin; Squire Hawkins, a respected member of the community is played by Scott Pence and his niece, Martha Hawkins, by Sue Redman.

Other amusing characters who add color to the scene are Granny Sanders, Carolyn Smith; Mr. and Mrs. Pearson, Paul Bucy and Linda Hardacre; "Jeems" Phillips, Van Vickers; Mrs. Perkins and her daughter, Susie, Jayne Glass and Louise DeMastry; Mrs. Lanham, Mary Davis; Mrs. Buchanan, Janet Griffith; Ruth Martin, Martha Merriman; Mr. and Mrs. Schroeder, Dave Dunn and Judy Schulz; Squire Underwood, Ted Dean; George Branson, Ronnie Kirkpatrick; a constable, Bob Delph; Mrs. Tucker, and her children, Polly and Jess, Grace Durflinger, Doris Ruffner and Glyndon Davis.

Supporting roles are handled by Carol Elliott, Judy Harvey, Jean Hessler, Janet Hill, Nancy Hoare, Jean Lehman, Judy Posey, Arlene Rose, Patty Snow, Don Smith, Virginia Clark, Audrey Eddy, Margaret Gordon, Nancie Hagans, Susie Miller, Nancy Morrow, Jerette Selple, Carol Patterson, Patty Scott, Doris Tom, Nancy Wilson, Stevie Wright, June Caton, Ralph Bowman, Dave Krebs, Patty Staton, Wanda Freeman, Marion Puppacher, and Elaine Cochrem.

Also featured in this production will be a live bull dog, Queenie, owned by Ronnie Klein, and a live hen. Appropriate music of the period will be supplied by the West High Orchestra.

In these hot-rod times, a story in which romancing consists of escorting the girl home (on foot) from a spelling bee sounds tame, but this lively presentation is a lot of show for the money — 40 cents general admission and 60 cents reserved seats. Tickets are being sold by all dramatics students and registration room business managers.

WEST HIGH NEWS

Bonnets Off To Our Drama Instructor!

By Martha Merriman

We doff our new Spring bonnets to Mrs. Evelyn Hall, dramatics and stage instructor of West, who has been working round-the-clock to whip the cast into shape for the May 7 production of "Hoosier Schoolmaster." Mrs. Hall, by the way, is well-known on the Hilltop not only for her true devotion to drama and stage and her many friends among the pupils, but also for the fact that she has traveled practically all over the world. Her two thoroughbred dogs are her pride and joy when she's not "snowed under" with one of her many activities of West High Students.

Miss Merriman

The upcoming "Western Round-Up," slated for the latter part of this month, looks like it is going to be a great success, with most of the teachers slated to take part. To show what grand sports our teachers are, we'll let you in on it that they are going to furnish their pictures as targets for baseballs. Students will pay for the privilege. All funds "rounded up" in the "Round-Up" will apply toward West's new public address system, which should make us the envy of many a less fortunate school.

PUBLIC COMMENT

Varying Opinions Expressed On Twp. Incorporation Issue

From hot to cold . . . varying answers expressing pleasure, doubts and disappointments were received to the Record's query this week, "What do you think of the plan to incorporate Franklin Twp. into a separate village?"

Comments were as follows:

Mrs. Floyd Hobson, 23 Broadlawns-av: "I could see advantages to both sides of the question—annexation and incorporation and was unable to decide which answer would really be better. So I will abide by the opinion of the majority. The majority is certain to win, and they can't all be wrong."

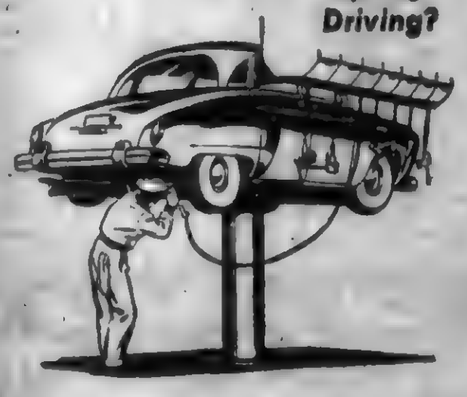
Mrs. Oakley D. Poff, 370 Josephine-av: "I believe that most of my neighbors join me in wanting to remain as we are or be annexed into the city. We are only one block from the city's corporation line and definitely do not want an incorporation. I feel that the early election date and the site of the only polling place were unfair. The new residents of Rosemary addition didn't have time to have their registration changed and so were unable to vote, and the polling place was in the center of an area that was strong for incorporation."

Mrs. Earl W. Swingle, 2478 Briggs-rd: "I certainly am in favor of incorporation. I don't believe there would be any advantage at all to being annexed to the city and there would surely be higher taxes."

Mrs. L. E. Schutz, 2210 Eakin-rd: "My husband and I are satisfied with the outcome of the election; it is as we hoped it would be."

Mrs. Dennis Jarvis, 2476 Climerd: "I objected strenuously to the area incorporating into a village. I agree that Columbus was not too tactful in its approach but I believe that these large industrial plants located here because of Columbus, and Columbus should receive its due. The city must expand and as I see it, the expansion must be to the west and southwest. It isn't right for a handful of people on the outskirts of a city to stand in the way of its progress."

CAUGHT HAND IN SAW



The emergency squad was summoned to the Big Bear Market, 2835 W. Broad-st Thursday, Apr. 29, when Harry Barton, 35, 163 S. Ogden-av, caught his hand in a power saw while working. Suffering lacerations of his left hand, he was taken to Mt. Carmel Hospital for treatment.

MOTHERS

Words can be coined, and they will ring as true
As those long grown accustomed to the ear,
But I have only simple words for you
Whose hands were gentle and whose ways were dear.
All has been said a thousand times before,
And yet I cannot ever hope to find
A better language than I learned from your
Own lips, though years ebb slowly out of mind.
This I can tell you: I have tried to build
As you would have me; I have tried to keep
Your eyes before me, clear and kindly filled;
Carried your love from waking into sleep;
Living your pattern, strong in the belief
This is a better monument than grief.

PIONEER MOTHER

She must have known that there was no returning
From drear monotony of sun-scorched plains,
From league on league of desert sands. Her yearning
Thoughts of home drowned in torrential rains,
In cold, red skies and twilight's bitter gray,
Storm-beaten trees in melancholy sway,
Across the arid waste she followed, hearing
Wild birds call beside a stream;
[illegible]
Day by day the spot that told its worth:
Where she could plant her roses in the placid earth.

Jean Comeens Long, in her book Earth Women

• • •

We think of her often, but especially on Mother's Day. The most wonderful mother nine of us ever knew was our maternal grandmother. When our two mothers died within two years of each other, leaving nine orphans between them, Grandmother, who was then in her early sixties, took us over. I doubt if she and our grandfather even talked it over. They just did it. None of us ever heard her voice raised in anger and we were never punished. We were just talked to, and loved. I'm sure there were days when grandmother could have (and maybe should have) spanked us all, but she never did. She was a tiny thing and never weighed more than 100 pounds in her life. She didn't even have a washer, but did our washing the hard way, on a washboard. Water was carried from the spring in those days, and wood was burned for cooking and heating. And what meals she used to fix without any effort at all. Grandmother was a farmer's wife and farmers' wives did not push buttons in those days. The last few years of her life were spent in her rocking chair, facing her beloved hills and listening for grandfather's footsteps coming from the barn. When we went home she would know each of us before we spoke and before she felt our faces, for she was totally blind. She worried that she might be a burden to her family. She thought that since she couldn't see and couldn't work with her hands, she wasn't doing anything. But the things she did! Everyone went to her for advice; everyone talked things over with her. Nobody ever left her home uncomforted, unfed, or feeling unloved.

TO A YOUNG MOTHER

Little mother, hold her tightly;
You would never guess how light!
Slip the years,
And your tears
Too soon shall flow.

Little mother — tired? Maybe—
But you still can clasp your baby
Closely near;
Oh, my dear,
Be glad it's so!

Little mother, time goes reeling,
Breakfast [illegible] stealing;
It will make
Your heart ache—
I know! I know!

These Eyes —
How Well Do You Know Them?

"Clean business dealings" was the give-away clue last week to the identity of the mystery eyes contained in this strictly-Hilltop guessing game last week.

Their owner, of course, is Clarence Story, owner of Story Cleaners at 2420 W. Broad-st. Story, an active Hilltop Kiwanis Club member, is a hard worker for a number of other Hilltop organizations. He lives at 186 Binns-blvd.

Clarence Story

This week's mystery eyes belong to a man who quotes more than he is quoted, yet whose words are familiar to many Hilltoppers. He's held the same job for 17 years and has three daughters.

His extra-curricular activity, perhaps, is traveling. One additional clue to throw you off the trail: he was associated with a college for a full decade.

PROMOTES CIVIC BEAUTY
By Mrs. Myron T. Seifert

Much of the Hilltop's natural beauty can be attributed to the thinking, planning and activity of 35 civic-minded, interested women who take great delight in improving flower gardens throughout the Hilltop.

A house isn't a home unless it has a garden and the task of home beautification often falls to the [illegible].

Therefore, it is not at all unusual to discover in the community a group of women whose chief aim is to make us more garden-conscious, thereby stimulating that ever-lagging element in our natures called aestheticism.

On April 8, 1938, a group of 14 garden-minded women met at the home of Mrs. W. R. Hamilton, then of 1380 N. Hague-av, and organized a garden club. Mrs. C. E. Sharp was the first president, Mrs. E. D. Myers, vice-president; Mrs. Ray Haunts, treasurer; Mrs. J. T. Nutting, secretary, and Mrs. James M. Shepard, corresponding secretary.

Because this community is situated on high land, the name, Highland Garden Club, was adopted.

The purpose in organizing was to study the growth of plants and shrubs, to beautify their own homes and gardens by attractive plantings, and to encourage others in the community to do likewise.

Special events on the club's calendar include the annual luncheon in April, a garden tour, the Christmas meeting, and the June picnic.

Community projects include planting and cleanup in local parks, flowers to the Hilltop library all year, assisting in Hilltop Community Council projects, gifts to the Red Cross and West Side Day Nursery, and Christmas decorations and gifts to the State Hospital.

Present officers of the Highland Garden Club are Mrs. W. D. Xander, 226 S. Westgate-av, president; Mrs. Ray Cave, 603 Crescent-rd, vice-president; Mrs. C. W. Rucker, 3257 Fisher-rd, second vice-president; Mrs. Paul Leighninger, 289 Powhatan-av, secretary; Mrs. Arthur Buchanan, 145 N. Chase-av, treasurer; and Mrs. R. J. Miller, 2493½ W. Broad-st, corresponding secretary.

THE CHURCH POINTS THE WAY. Attend Regularly!

Sunday Sermonette

"POWER FOR THIS AGE"

By Rev. Irvin H. Lane

Pastor of Burgess Avenue Evangelical United Brethren Church

Probably the most sought after thing in the world today is power. And we may well say that the greatest need of the Church today is power . . . "Power from on high."

Jesus had said, "Wait . . . tarry," but the disciples had started off on a tangent with this question, "Will you at this time restore again the kingdom to Israel?" After 40 days of discussing the affairs of the Kingdom of God with the disciples they had watered it down to an earthly kingdom. They were running the spiritual through an earthly mould. Its substance He answered them with a no. Not this, but that. Not what you want, but what you need.

"Ye shall receive power." The word finds its derivative in the original "dynamos", meaning dynamite. You shall receive the dynamite of God for your lives from here on out. This power will be released unto you, but you must prepare yourselves to receive it. "Tarry . . . wait . . . ye shall receive." Christ offers us the same equipment for today's living. The question is, "Have we received it?"

Rev. Irvin Lane

Nothing Like Road Test To Check Used Car, Merle Brewer Says

It is generally conceded that the gruelling Indianapolis 500-mile automobile race has been responsible for many of the mechanical improvements incorporated in today's passenger cars.

And there is at least one West Side man who goes along with the idea that there's nothing like a road test to show up any possible automotive faults. He's Merle Brewer, manager of the used car lot of Rodenfels Chevrolet, 555 W. Broad-st, who personally "road-tests" every car taken in trade by his company and orders the necessary repairs to place the car in top mechanical condition.

Merle Brewer

"We have found," Mr. Brewer asserts, "that it saves a lot of headaches later if we first road-check each car we expect to resell and issue an order for the repair of everything that's needed."

Mr. Brewer explained that often the previous owner, through his every day familiarity with his car, does not realize that everything is not functioning as it should. Here is where Merle's long experience in the field comes in handy.

A native of Ashland, Ohio, Mr. Brewer came to Columbus about five years ago and joined Rodenfels three years ago. He and a brother, now deceased, operated an automobile company in Ashland for many years. Mr. Brewer resides on the West Side with his wife and two-year-old son, Tommy.

His only hobby is his work, he says. "I like automobiles and I like people and in my job I'm in close contact with both. I couldn't ask for anything more."

8th Annual Hilltop Relays Set For Next Tuesday

Events Will Start At 7 P. M. On West High School's Magly Field

By Woody Owen

The eighth annual Hilltop Relays will get under way Tuesday evening, May 11, at 7 o'clock, on the cinder track at West High School's Magly Field.

This meet is the highlight of the local track season and is one of the outstanding events of its kind in this area.

Spectator interest has increased from year to year with upwards of 2000 viewing the 1953 proceedings and another large turnout is expected this year.

Teams participating will be East High, local relay champs in '53 and '52 and a strong favorite to repeat this season; Central, the only squad given much of a chance of dethroning the Tigers; Linden; North; South; and the host squad, West.

Several individuals who are standouts in certain events and who will hold the fans' interest include:

Clarence Pointer of South in the broad jump, high jump 120-yard high hurdles and discus event.

John Le Corte of Linden in the 100, 220 and 440 yard dashes.

Ralph Wheaton of West in the 880-yard run and one mile.

Schooley of Central in the 120-yard high hurdles, broad jump and shot put.

Oates of Central in the discus and shot put.

East has too many standouts to mention, while North is of an unknown quality.

Appropriate awards will be presented by the relay queen as soon as the event is concluded. Winners will be escorted to the victory stand promptly.

Only one contestant from each high school will be permitted in individual track events.

Junior High events are limited to the 440 and 880-yard relays. They will precede the same high school event. Trophies and ribbons will be awarded for these races also.

Scoring for individual events will be 6-4-3-2-1 for relays 12-8-6-4-2. A trophy for the individual high scorer will be awarded.

Track events will take precedence over field events when boys are entered in both simultaneously.

Cowboys Eke Out 4-3 Decision Over North High

After suffering two consecutive setbacks earlier in the week and facing possible elimination from the 1954 City League flag chase, the West High School Cowboys rebounded to take an extra inning 4-3 decision over North last Friday on the home lot.

The Cowboys thus moved into a triple tie with the Polar Bears and Central, which now trail league-leading Linden by one full game.

Again it was the alert base running of Jim Vincent that scored the decisive run. He walked with one out in the extra frame, stole second, went to third as Hughes beat out an infield roller, and on the throw to first made a break for home. The Polar Bears' first-sacker made a loss back to third but Vincent continued home to score. The relief twirling of sophomore Bob Courtney also stood out as he allowed only one safety over the last four and one-third innings.

Jerry Hergert, Polar Bear portsider, allowed only six safeties in suffering his first loss of the campaign.

Mack Pemberton and Noble L. Allen are delegates of the Hilltop Kiwanis Club to the 39th annual convention of Kiwanis International at Miami, Fla., May 9-13. Hilliards Council Will Await Court Word In Polution Case

Hilliards Village Council voted at its regular meeting on Apr. 26 to await the decision of the courts in the matter of a suit for $29,000 damages that grew out of drainage from the village sewage disposal plant running through the Weaver farm.

An offer to settle if a stated bill for expenses allegedly incurred because of stream pollution from the sewage plant were paid, was rejected on the grounds that the village is without legal authority to do so. The decision was by unanimous vote of council, with only one member, John Mere, being absent. Councilmen present and joining in the decision were Shade, Cutler, Morris, Sloss and McCormick.

Other matters considered by council included a vote to authorize Mayor Patterson and Clerk Feldspauch to accept the amended plat of the Hoffman Addition at the legal effective date; a report from Village Solicitor Shaefer that sketches are being prepared for properties at the east and west ends of Main-st which may be up for annexation in the near future.

Shaefer also reported that title clearances may be expected soon for the Tarbox property the village desires to purchase, adjoining the waterworks property, which would be used for putting down additional water wells.

Council also voted to request Norwich Twp. to submit an estimate for equipment and labor to cut weeds in the village. Chairman Cutler of the street committee reported that work of cleaning out and removing trees in bad condition had been completed.

Next council meeting will be held on May 24, because the regular meeting date falls this month on Memorial Day.

Armed Forces Day—May 15

The nation will salute its men in uniform Saturday, May 15, which will be observed as Armed Forces Day. How about it, wouldn't that be a good day to drop a line to that serviceman you've been meaning to write?

Vol. XXXVIII, No. 3 — The Hilltop, Columbus 4, Ohio, Thursday, May 13, 1954 — Total No. 2407

The Spectator

By C.C. Hartley

We Should Not Allow Central High To Be Sold

The movement to acquire Central High School, tear it down and build a state office building on the site is one that should certainly cause the people of Columbus and Ohio to stand up and shout "No!".

Regardless of what fact finding may have been done to date it appears that very few if any good reasons have been presented that would merit such a move. Certainly no good reasons have been presented that would appear to be economically sound.

What it might add to the civic center is hard to conceive. We hardly believe the present Central High School to be an eyesore in the civic center. In fact it adds to rather than detracts.

Today one of the major problems of the Columbus school system is that of providing adequate housing for all the growing school population. It hardly makes sense to tear down a building of the type of Central High and erect another in some other location in order to house state offices.

Central High School is a focal point of the Columbus school system. It is centrally located and serves a much needed purpose in providing a facility for hundreds of youngsters in the central area of our city. It has long served as a very suitable and centrally located evening school as well as a summer school. To place it elsewhere would be a mistake.

We can't believe that the people who are advocating this move are very well acquainted with the Columbus school problems. We can hardly believe the school board will be at all receptive to such a move.

Some time ago this newspaper suggested that the state would do well to investigate the possibility of use of the Columbus State School and Columbus State Hospital farm lands as a site for these office buildings.

Such a move has far more merit than one that would take millions of dollars to acquire a site down on the river bank just for the sake of the civic center.

The state already owns hundreds of acres of valuable land just west of Central Ave. The money saved on this alone would go far in the construction of the office buildings. The land would have far more value to the state of Ohio for this purpose than it has at present as farm land. As it now stands it is pretty expensive farming on land worth several thousand dollars per acre.

Incidentally these dollars the state could save belong to the people of Ohio!

Then too, building of the state offices on this land now owned by the state would serve to relieve the traffic problem in downtown Columbus and will be very easily accessible when the new belt system is developed.

Regardless of what attitude the state may take toward building new state offices on property it already owns, thus saving millions of dollars, we sincerely believe the people of Ohio should not stand by and allow Central High School to be torn down just so the state offices can be placed along the Scioto river.

Preview Hearings Not Completed

Because of an unexpected light attendance of delegates, the West Franklin County Associations, Inc., did not complete the planned preliminary hearings of several zoning cases which are slated to be heard in the near future by the rural zoning commission at its public meeting Monday night in Prairie Township School.

Rome Mayor D. J. Kunz, president of the group, said another meeting in the near future will be devoted to hearing these cases.

Following the business meeting, members of the regional planning commission presented the completed portion of the "Master Plan for West Franklin County." Making the presentation were Richard McGinnis, chief planner, and Stuart Eurman and Vernon Sawyer, planners for the commission.

Both the proposed use plan and population data were discussed concerning Franklin Twp. but population figures were the only plans complete for Prairie and the lower portion of Norwich-Twps.

Hilltop Lions Elect Dickson As Prexy For Coming Year

John Dickson, 24 N. Powell-av, was elected president of the Hilltop Lions Club last Thursday. Two other officers for the coming year, who were unopposed in the balloting, were Ron Jones, first vice-president, and John Grassie, second vice-president.

John Dickson

The new president is supervisor of methods engineering at Ternstedt Division of General Motors. A graduate of Pennsylvania State College, where he was an outstanding football player and swimmer, Dickson has been associated with GM here since 1946. He was recently named a three-year director of the Hilltop YMCA.

Other new Lions officers include the following:

Francis Higgins, third vice-president; William Steen, secretary; Morgan Craytor, assistant secretary; Charles Weaver, treasurer; William Meyers, tailtwister; William Burns, lion tamer; and David Haueison and Paul Leighninger, two-year directors.

Roy Ferguson was chairman of the nominating committee.

Al Dailey, the current president, has announced that installation of the new officers will take place at a special dinner meeting with wives on June 3 at the Colony Restaurant. Merit awards will also be passed out at this time.

Hilltoppers will have their annual opportunity to open their doors and hearts to the Hilltop Lions Club newspaper sale on behalf of the organization's programs of sight-conservation, underprivileged children, and community welfare on the evening of Thursday, May 20.

At 7 p. m., the Hilltop Lions Club and assisting organizations will begin their door-to-door canvass, asking Hilltoppers to give "as much as they can" for "The Hilltop Lions Tale," new name for the annual newspaper which will also have a new format. Instead of the tabloid size of the past, this year's paper will be full-size, printed in multi-color, and contain more stories and features of general interest to the entire community.

The tradition of the Lions and the Hilltop Kiwanis Clubs' mutual help to each other on the occasion of their respective newspaper sales will be continued, with Otto Best, president of the Kiwanians, revealing that some 75 members of his club will take part in the sale.

Also assisting will be all the Lions Clubs in the Columbus metropolitan area, including the Skidmore Lions, and other volunteers.

A kick-off banquet, with the local Lions footing the bill, will be held at 6 p.m. in the West High School cafeteria.

At noon on the day of the sale, Clarence Latham, well-known Hilliards auctioneer will conduct the club's annual newspaper auction sale, at which time a number of civic-minded guests will pay "top price" for the first editions of the newspaper. The auction will be held in the Colony Restaurant.

Hilltop's Growth Is Large

The entire Hilltop area showed an appreciable gain in housing units in the four years between the last federal census on Apr. 1, 1950, and Mar. 31 of this year, with Franklin Twp., showing a whopping 57.2 per cent increase, a study of the metropolitan area released by the Columbus Chamber of Commerce revealed this week.

In the city portion of the Hilltop, residential growth ranged generally from 10 to 24.9 per cent south of Broad-st and from 0 to 9.9 per cent north of Broad.

As might be expected, the areas closest to Columbus are the areas which showed the greatest gains, both in the actual number of dwelling units added and percentage-wise. The north, northwest, west, and south are the directions of growth.

Franklin-Twp., which tied for second position with Perry-Twp. in the number of dwelling units added—1500—was third percentage-wise with a 57.2 per cent increase. The large gain in Franklin-Twp., the report noted, was due principally to the development of large subdivisions, including multiple or apartment units.

REVEALS SUCCESS SECRETS

J. C. Penney, Guiding Genius Of 1640 Retail Stores, Visits His Outlet At Central Point Center

From a salary of $3.27 per month at 18 years of age to that of guiding genius of a chain of 1640 retail businesses located throughout the country, which last year did a record volume of $1,109,000.

That is in part a measure of the success achieved by the founder of the stores — J. C. Penney — who Tuesday morning visited the Central Point Center establishment bearing his name.

Now 78 years of age, it was Mr. Penney's first "look-see" at the W. Mound-st store, which is managed by P. C. Kirby.

Interviewed by a Hilltop Record reporter, Mr. Penney told of his early life and some of the circumstances which he believes are responsible for his business success.

Son of a Missouri Baptist minister "who farmed six days a week and preached without pay on Sunday," his first business connection was with a retail store at nearby Hamilton, Mo., at the previously mentioned salary of $3.27 per month. Mr. Penney insisted that it was not "per day" or "per week," but "per month."

"I wasn't exactly a janitor or a flunky," Mr. Penney quipped, "but before I could do any selling I had to sweep the store and the sidewalk, wash the windows, dust the merchandise and do a hundred and one other odd jobs.

"It wasn't long, however, before I was hitting the upper income brackets, as I made $200 the second year and $300 the third, increasing my knowledge of sales technique with the passing of time."

His first venture into business on his own proved unsuccessful because, he declared, "I refused to bribe a buyer by giving him a bottle of whiskey."

This occurred at Longmont, Colo., where he had gone for his health on the advice of a doctor. There he purchased a butcher shop which had as one of its principal clients a buyer for a local hotel. A butcher employed by Mr. Penney advised him that it had been customary to supply the buyer with a bottle of whiskey with each large order and the new owner went along with the idea the first time.

"However, I began to wonder what my father would think of such a thing and my conscience prevented any further bribery of this type. I lost the hotel's business and was unable to continue without it."

But for his decision against bribery he might never have met the "two greatest salesmen in the world—Callahan and Johnson."

Taking a job with them at Evanston, Wyo., Mr. Penney subsequently purchased a one-third interest in the company for $500 and started a new store at Kemmerer, Wyo., now known as the "mother" store of the Penney chain.

In 1907 he bought out his original partners and became the sole owner of a business which was to grow, prosper and later make famous his name throughout the nation. Originally known as the "Golden Rule Stores," the name was changed in 1916 to the "Penney Stores."

"Though changed, I never forget the original name," Mr. Penney declared, "because I have always believed in practicing the Golden Rule in business and attribute much of my success to that philosophy. If you treat the public right, you need have no fears of their not returning," he said.

Asked if today's opportunities for success are the equal of those present when he entered business, he answered in the affirmative.

"As a matter of fact, I am of the opinion they are greater today. But there still is no substitute for hard work," he emphatically asserted. Any young man willing to put in the time and effort will ultimately be successful."

Mr. Penney is not entirely unfamiliar with the younger generation—at least one younger than his own—as he has two sons and two daughters. A third son passed away in 1936.

He and Mrs. Penney now make their home in New York City, many a mile from Hamilton, Mo., but almost every foot of the way has been paved with success, the partial story of which has just been revealed.

NEVER TOO BUSY to talk to a customer is one of the rules observed by J. C. Penney, founder of the huge chain of stores bearing his name. Here, he takes time out while visiting the store bearing his name at the Central Point Shopping Center to sell a shirt to Mrs. Fred Marsch, 38 Somerset-rd. (Hilltop Record Photo)

Outstanding Collection Of Oils, Watercolors At Hilltop Library

By Mildred Phaler

Carolyn Bradley, professor in the department of fine arts, Ohio State University, has a wonderful display of her paintings, both in oil and watercolors, in the Hilltop Branch Library and it's well worth your effort to make a visit to see these outstanding paintings. Among the titles are "Dory Ashore," "Docked Traffic," "Floats and Nets" and "The Clown."

Books from your Hilltop Branch Library offer many fine suggestions for home improvements.

"The Complete Book of Basement Improvements" by Ralph Treves suggests ways and means of adding new rooms to your home, such as music and TV room, maker or study, and game room, which everyone in the family will enjoy.

"How To Build and Use Your Own Outdoor Kitchen" by Tom Riley suggests expansion of home facilities for gracious living and relaxation.

While picnicking in that outdoor kitchen this summer it'd be a good idea to take color movies which would add just that touch of enjoyment for next winter's parties and home gatherings. A little book by Harris B. Tuttle's "Color Movies for the Beginner," offers good "do it" suggestions.

Speaking of relaxation, Mable Seeley has that eerie style of writing. This time she writes not a mystery but a novel of suspense—"The Whistling Shadow." In the same vein of mystery, the two "Crime Club" selections for the month are "Glass on the Stairs" by Margaret Scherf and "M'Lord and I Am Not Guilty, My Lord," by Frances Wells.

After all is said and done there is nothing like reading for relaxation and lifting up our spirits, so why not make a special effort to visit your local library and see the many things it has to offer.

"LIVING UP TO PAR"
By Rev. Paul D. Dunn
Pastor of St. Paul's Evangelical Congregational Church

In the spring people's fancy turns to golf. There are all types of golfers, excellent, fair, poor and the duffers. All have one thing in

Rev. Paul Dunn

common—they are concerned about par. The caddies are amused when the duffers inevitably ask, "What's par for this hole?" However, competing against par on a golf course or in life is what makes both thrilling and challenging.

Success in golf or life doesn't come automatically. In golf you must know and practice the discipline. The left arm must be held straight, eye must be on ball, and balance must be maintained. In actual play you must avoid the rough, traps, and the many hazards. These were placed there to protect par. To win at golf you must stay on the straight and narrow fairway. Hooks, slices, shank and dub shots are costly and spoil the score.

Par living is attained by observing similar rules. "Ye shall know the truth and the truth shall make you free." "Straight is the way and narrow is the gate that leads to life." The penalties are severe when we stray into the rough, traps, and the hazards in life. "The wages of sin is death."

The thrill of golf is to "get" par. The joy of living is to attain the abundant life. "I am come that they might have life and have it more abundantly." Are you living up to par?

About Cremation

Cremated remains are not ashes, but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air, leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-5355, 6969 W. Broad Street. Adv.

"Getting to know your children"
—Mrs. Clare Savage Littledale

"To paraphrase the song . . . getting to know your children is wonderful!
"So much to do together. Questions to be thought through. Books to be read. The out-of-doors to be shared.
"When we speak and act truthfully, forgive easily, are kind, loving, eager to share . . .
"When humility washes our happiness . . .
"When together parents and children come to know the beauty and healing of scripture and hymn . . .
"Then parents communicate their belief in God to their children. And help them find a deep abiding faith of their own."
Light their life with faith . . . bring them to worship this week

Nippert Electric Products Co. In Middle Of Big Expansion

The only commutator manufacturing plant in Columbus, the Nippert Electric Products Co. at 1759 W. Mound-st is one of nine plants in the nation turning out the essential parts for electric motors used in everything from vacuum sweepers to defense aircraft.

Just recently, the firm, which has been located on the Hilltop since 1946, completed the resurfacing of its front in red Roman brick and applied a stucco finish to one whole side.

Now in progress is the building of an employees' lunchroom and a first-aid room.

The biggest expansion to date, however, is the 6000-square foot production room going up in the rear of the present plant. The new addition will enable the Nippert Co. to do its own processing of specially-shaped copper parts and heat-treating. James Holroyd is architect.

Products of the local firm are in demand all over the world and consultant engineers from this plant are on call for industrialists throughout the nation.

One of the slogans of the Nippert Co. used in its advertising is "Everyday in some department we learn a new way in which we can serve you better," according to its president, Paul Nippert. John Nippert is vice-president and treasurer and L. A. Brickner is secretary of the firm.

By early 1951, the Nippert Co. had completed installation of line production methods, with much special equipment having to be built or adapted for this work, making the firm one of the most modern of its type in the world.

WEST HIGH NOTES

Cowboys To Stage First Annual Western Spring Round-Up

By Martha Merriman

After many hard months of rough-riding, shooting, and bronco busting, the Cowboys are getting ready for their first Western Spring Round-up and it's sure to be the gayest festival that West has ever seen.

Miss Merriman

The all important date is May 14 and the festival will be held from 7:30 to 10:30 p. m.

Miss Leona Glenn, chairman of the gala Spring Round-up, assures us that there will be a great variety of entertainment to please patrons of each and every age.

All concessions, entertainment, and such may be obtained on the basis of tickets which will be five cents apiece and may be purchased before the festival or at the door on the evening of the event.

Some of the featured attractions are a boxing match in the gym, sponsored by the Hilltop Athletic Club; a variety show starring members of West's talented faculty; and dancing in the gym on the park plan from 9 to 10:30 p. m.

Each of West's clubs and organizations will also have a part in the round-up. They will have booths and concessions charging a certain number of tickets for admission.

The Art Club will sponsor an old time nickelodeon, featuring the early and humorous efforts of the motion pictures. In addition, they will have a booth with several artists on hand to make caricatures of customers.

A cakewalk is to be sponsored by the Y-Teens.

In addition, there will be many booths featuring games of skill and chance with prizes included.

Highlighting the evening's festivities will be the selection of a king and queen from the senior high and a crowned prince and crowned princess from the junior high.

Proceeds from the Western Spring Round-up, the first ever to be held at West High, will go toward the completion of the P.A. system.

On Apr. 21, Bob Schmidt was one of the many Franklin County high school students who were honored at a luncheon where they received a medal given by the Sons of the American Revolution.

Bob was chosen to represent West because of his dependability, co-operation, leadership, and patriotism. A 12B student, Bob resides at 143 N. Huron-av with his parents, Mr. and Mrs. R. F. Schmidt, and a sister, Lynn, a West Junior High student.

Besides his regular school curriculum, Bob is co-manager of the stage crew. He is also president of the Westminster Fellowship of Hoge Memorial Church. He is 17.

PUBLIC COMMENT

"Confusing But Amusing" Is McCarthy Hearings Impression

"What is your opinion of the current McCarthy hearings? drew opinions, among readers who watch them, of time wasted on trivial details or of being difficult for the average viewer to understand.

Mrs. Andrew Schiereth, 247 S. Terrace-av, "I get so impatient with the amount of time they seem to waste on 'little things', and would like to see them get to the point a little faster. I do hope they finish up soon so we can all finish our spring housecleaning."

Mrs. Wilbur Lorch, 2823 Sullivant-av, "They are quite interesting and I watch them as much as I can. I don't understand them enough to know how much good they are actually doing but I do know I'm lucky to have finished my housecleaning before they started."

Mrs. J. S. Pugh, 620 S. Warren-av, "I watch the hearings most of the time. I believe that if I understood court procedure better, it wouldn't be so confusing, but I still enjoy them."

Mrs. Harry Schepp, 292 S. Hague-av, "I have watched some of the hearings. They are a little hard to understand and I don't know just who is right, but I believe in Senator McCarthy and I'm sure that what he is doing is right."

Mrs. Marie Thompson, 2270 Safford, "I watch them for a while and then get so provoked with the way they waste time and the taxpayers' money with indefinite questions and answers, that I turn it off. I believe the hearings could be speeded up a lot."

YOU AND I

One does not lose a friend—
No, not a friend!
A friend is faithful to
The very end!

There may be reasons why
Your paths divergent lie—
We know this—you and I—
A friend stands by!

Long miles may lie between
Your friend and you;
Long years may intervene—
A friend is true!

A friendship does not die.
Why ask the reason why?
We know this—you and I—
A friend stands by!

His heart's a waiting heart;
His hand's a warming hand;
But friends must sometimes part—
Please understand!

Faye Chilcote Walker, in The Columbus Citizen.

(I'd like to dedicate Faye's lovely poem to her, and to my other friends who have stood by.)

Mail — From Texas: "Summer has really hit Texas! The flowering trees are so beautiful here—huisache, mimosa and retama and the mesquite in spring makes a feathery fairyland whenever they are in groves". . . . From my Dirt Farmer friend who lives near Buckeye Lake: "The great chorus is on again, that of the Buckeye Lake bullfrogs. Anyone who has not heard the roar of those booming frogs, has missed something. It is the fanfare of the good old summertime. Plowing is finished and corn-planting is right in front of my face. Busy days ahead". . . . From Columbus: "After watching the McCarthy vs. Army fiasco, I've come to one conclusion—If Stevens and McCarthy are both telling the truth, one of them is lying". . . . From Columbus: "You say you read a lot. I do too, but sometimes I wonder if some of us don't use books as substitutes for life."

In Passing

By

Esther Weakley

We thought the Shenandoah Valley was beautiful last October, but in April it was heavenly. That's a tame way to describe such beauty but it's the only adjective I can think of that comes even close. From Winchester on down through the valley it was like riding through a dream world. Wars and rumors of wars and feuds and bickering in high places, and even the spring-cleaning that isn't even started, seemed like things in a nightmare. We discovered that bees liked the apple blossoms too but after all, they were there first. The valley is beautiful and peaceful any time, but you should have seen it in April.

* * *

"Life can be beautiful" — AND exciting, especially the life of a verse editor. After the deluge of spring poems subsides, before the poets start waxing poetic about June and moon, there is usually a lull. But not this year, for now they are writing tributes to Liberace, which makes life for a certain verse editor — if not exciting at least diverting. It takes her mind off of spring-cleaning. So far, only one writer has attempted to rhyme another word with his name, and this one evidently believes in phonetic spelling. Here are two lines of this masterpiece:

"Liberace! Liberace!
Your playing pleases the human race."

Am sure this writer did this age with tongue in cheek, for under the poem was a penciled note: "Only kidding. I like the guy." I do too, or anyway his piano-playing.

* * *

From somewhere — American ends in I can . . . A lady-age-105 says age is nothing to get excited about . . . More people are run down by gossip than by automobiles . . . The world is full of willing people. Some are willing to work and some are willing to let them . . . A good driver is one who obeys the traffic rules and is quick enough to dodge those who don't . . . Student: "What questions will you use in our exam?" Teacher: "Your books are just full of hints."

Through The Garden Gate

By Mrs. W. D. Xander

NEIGHBORS

Granny Brown gave a groan as she straightened up. "Does beat all, how the weeds try to run my flowers out," she complained aloud. "Seems like all I have done most of my life is dig out weeds. "Good morning, Neighbor," she greeted the old man who hobbled down through the next yard.

"Still messing around with flowers," he barked. "Wonder you wouldn't plant something good to eat, instead of depending on your neighbors to fetch you in your onions and lettuce. Flowers — Bah —

"Just as sociable as ever, ain't you," chirped Granny. "Sorter nice though to stand over there and see all my pretty flowers —oh? The Lord expected us to throw a dash of beauty in for seasoning and that's what my flowers do for your onions and lettuce."

The old man turned his back — his shoulders heaving with indignation. It just seemed he never could think up the right thing to toss back to Granny. She always had the last word. For 20 years they had lived side by side. Twenty years as neighbors. Their children had grown up and left them, their mates had answered the last call — and now indeed, they were all alone with the exception of their precious gardens.

That evening the small town was abuzz with excitement. The mayor was offering a cash prize of fifty dollars for the most beautiful and well kept yard. Morning early and evening late, the industrious could be seen working in their yards. Granny Brown and her neighbor were among the busiest.

A few weeks later the mayor's garden committee looked at Granny's yard. Looked at it from every angle as she proudly pointed out the various flowers. Her heart seemed to have jumped into her mouth; now and then her voice failed her and she couldn't find the right word. How she wished the old man next door would go in and leave her alone with them and not stand there with such a sour look on his face.

"It's truly beautiful" announced the woman on the committee, as she turned around to confer with the two other members. They were gone. Yes siree! There they were hanging on the fence looking at the old man's garden.

"Never saw anything so pretty in all my life," exclaimed one of them. "Look how those beds are laid out. Not a weed in them. It is truly the work of an artist. Look at the lettuce and onions and those sturdy tomato plants and mangoes. Oh! am I ever hungry?"

"Me too" agreed the second man of the committee. "I cast my vote right now for this yard and garden."

Well, though Granny, filled with despair as she ran into her house choking back the tears, maybe she would go to the city and live. The children had been urging her for a long time now to break up and come in with them. She peered out the window. The committee was still there. The old man was taking them all over his yard and they were looking at it from different views. What was that he was saying? He seemed terribly excited and his voice carried clearly into the room where Granny was hid.

"You can't give me the prize," he argued. "Why just look — it's those flower beds in the next yard that set off my garden. What would my garden look like," he pleaded. "If that yard was just brambles and weeds. "That's the dash of beauty that puts the seasoning into my vegetable garden," he quoted.

"You're right," declared the committee in unison. "The prize will have to be divided between you and Granny."

Sally: Be careful about getting the drinking habit.

Ann: Heavens. Do they have special clothes for drinking these days?

These Eyes —

How Well Do You Know Them?

Rev. Harris B. Anthony is the owner of the mystery eyes presented last week in this guessing game concerning the identity of well-known Hilltoppers. Rev. Anthony, who lives at 675 S. Harris-av, has been pastor of the Warren Avenue Church of the Nazarene for the past 17 years.

Rev. Anthony

He and is wife have three daughters, one is college, one in high school, and a third working for the Prudential Insurance Co. For 10 years before coming to the Hilltop Rev. Anthony was a member of the board of trustees of the Olivet Nazarene College at Kankakee, Ill.

The native Hilltopper whose eyes are focused on you today belong to a man who is perhaps best known just about this time of the year. He's closely connected with wells and chemicals and has been so for the past 10 years. Our mystery man is perhaps best known to the younger set, although in a second endeavor in which he has recently become quite active, he's more likely to come in contact with parents.

If that isn't enough to confuse you, we'll tell you that he is a member of the West High class of '27.

Kiwanis Hears Lecture On Radar, Micro-Waves

Featured speaker at the noon luncheon of the Hilltop Kiwanis Club today is scheduled to be Robert C. Clark of Cleveland, public relations supervisor for the Ohio Bell Telephone Co., who is slated to explain and demonstrate the principles of radar and the use of micro-waves in transmitting television pictures.

The meeting, to be held in the Colony Restaurant, 3178 W. Broad-st, marks the first group luncheon to be served in the establishment since the recent change in management.

Let every man be occupied in the highest employment of which his nature is capable, and die with the consciousness that he has done his best.—Sidney Smith.

City Furniture at 2288 Sullivant-av. is OPEN all day Wednesday despite typographical slip in their advertisement in this paper last week to the contrary. Store hours are Monday, Thursday, and Friday, 9 a. m. to 9 p. m. and Tuesday, Wednesday and Saturday, 9 a. m. to 6 p. m.

Seeing Spots

The TV appearance of Sandy Gard and Virginia Burbridge which was scheduled for Sunday, May 9, was cancelled because Sandy came down with an attack of measles. Virginia who had just recovered from the disease, refused to appear without her partner. The dance-tap team from Hilliards will have another opportunity later on, the sponsor said.

TRACTOR SQUARE DANCE—Members of Sea Explorer Scouts, Ship 148, of Hilliards presented a "Tractor Square Dance" at the Scout-O-Rama May 8 and 9 at the State Fairgrounds. The local boys ran heavy International Harvester tractors through all the turns of a regular square dance to the accompaniment of a "caller" and folk music. Shown above practicing for the unusual number are (left to right) Explorer Scouts Carl Smith and Gene Yorn. The act proved a "show-stopper."

Measures To Enforce Stop-Streets Mayor Says He Will Adopt Stern

By Louise Pohlmann

Mayor Patterson announced this week that he intends to adopt stern measures in enforcing the stop-street ordinance of the village. If present fines do not prove sufficient deterrent, he said he will use harsher treatment for violators who now seem to think they can pay a fine and continue to run the stop-signs until caught again. The safety of the many children who will soon be out of school calls for strict enforcement of the safety ordinances, the mayor indicated.

Mrs. Harold Kaiser of Columbus, formerly a teacher in the Hilliards schools, was reported seriously ill at White Cross Hospital. Her husband, who also is ill, has been staying with his father, Frank Kaiser and sister, Ruth, on E. Center-st. The two children of the couple are being cared for by friends.

Hilliards Boy Scout Troop 148 was given the conduct of first aid demonstration at the Scout-O-Rama at the fairgrounds, Saturday and Sunday. Six uniformed scouts composed each team. On Saturday, Scoutmaster James Weaver, Sr. and Troop Chairman Neil Klefrovets were in charge. John Russell directed the demonstrations on Sunday.

Hilliards Post 614 American Legion is rapidly completing plans for its annual Memorial Day observance, Adjutant John Penfield announced Saturday. The ceremonies will begin with the parade which will form at 9 a. m. and march from Gill and Norwich-sts at the Sinclair station, down Norwich to Main and swing left on Main and proceed to the high school, where the exercises will be held, beginning at 9:30. At the conclusion of the eexrcises, about 10:30, the program will adjourn to Wesley Chapel Cemetery where veterans of all wars will be honored. Veterans of every war in which the United States has been engager are buried at Wesley Chapel, including nine from the Revolutionary War.

Mr. and Mrs. Howard Windle, 88 W. Main-st, were notified early last week of the birth of a grandson, James Allen Windle, on May 2, at Madigan Hospital, Ft. Lewis, Wash. The infant's father is Lt. Richard Windle, USA, stationed at Ft. Lewis . . . Harold Conklin, until recently employed in the office of the Russell Grain Co. has resigned his position. Carl Moore of Columbus, has [illegible] upon duty in charge of pay rolls and the certified seed records section at Russell's . . . Mr. and Mrs. Bliss Russell returned from their winter home in Florida Thursday of last week. The cold welcome accorded them by the "weatherman" was not gratefully received . . . Three young men of Hilliards High class of '54 have been employed by the Russell Grain Co. Jim Traschel has joined the staff of the appliance and hardware division; Barry Myers and Emerson Limings will be working in the grain division, currently as truck drivers. All three young men are now working on Saturdays and will start on a full time basis immediately after the close of school . . . Mr. and Mrs. John Russell attended the annual ladies' night meeting and dinner of the Columbus Feed Club, Monday evening at the Red Brick Tavern, Lafayette . . . The games party sponsored by Hilliards Post 614 American Legion on Apr. 30 was pronounced a huge success by one who was there. Twenty-six tables were filled. Delmer Weeks, father of Post Commander Clarence Weeks, was high scorer for the evening. Arch Alder held the winning ticket in the drawing for the ham presented by the Post . . . C. L. McAfee who recently sold the building on S. Franklin-st to the Legion and has been living in the second floor apartment there, has obtained an extension of tenancy while he seeks another place to move to.

Girl Scout Troup 301 met Monday vening, May 3, in regular meeting. A brief business meeting was held during which Patty Hartley, Charlotte Weldon and Sharon Hock gave a demonstration of correct telephone technique, after which, the girls made shell earrings for Mother's Day gifts.

Hot Sun Speeds Local Tracksters In Match Against London High

By Nancy Henkins

On Tuesday, Apr. 30, Hilliards track squad met the London track team. Mr. McElheny's starting gun balked and some trouble was had in starting the running events. The bright sun and temperature of 75 degrees seemed to help rather than deter our boys for they came home with a score of 74 to London's 44 points.

POEMS BY POTTS
By Louise Potts

When I have a cold,
I'm not very bold,
When the doctor comes into the house.
He looks at me close,
I'm hard to diagnose,
But I have to be still as a mouse.

For all my ills
He supplies me with pills,
And he tries to find a cure.
I am put to bed,
For a mere cold in the head,
I'm miserable, you can be sure.

My mother reads to me,
And she pleads with me,
She hopes I will go to sleep.
She reads great tales,
About snakes and snails,
And another 'bout Little Bo Peep.

It's time for my pill,
The water I'll spill,
The pill will stick in my throat.
I'll cough and gasp,
Time will elapse,
My sister will stand by and gloat.

Now I'm well,
As you can tell,
The color is back in my cheeks.
My friends I'll see,
How happy I'll be,
I'll be well for weeks and weeks (I hope).

In the track meet against Marysville held on Hilliards High track, Marysville garnered 10 records and Hilliards took four.

Hilliards events included:

The 440-yard dash, Meyers, 54:6; pole vault, Baughman, 8'8"; high jump, Hart and Hughes, 5'4"; and broad jump, Humphries, 18'11".

Faculty and students at Hilliards High were entertained and inspired on Wednesday morning, Apr. 21, by Giovani Sperandeo and his wife in a program of music and narrative of a successful life carved out of early tragedy.

Injured in a train accident at 19, losing his left arm and right hand, Mr. Sperandeo did not allow his mishap to warp his spirit or deter him from attaining an education many more fortunate young men would find difficult to achieve. He speaks and sings in 6 languages, Latin, Italian, French, Spanish German and English.

His greatest victory in life, he said, was to achieve self reliance, keep faith in God and maintain definite aims and goals and his greatest ambition to reveal to the youth of today truths that are eternal and to inspire them to appreciate the heritage of our beloved country — to instil in our youth a strong determination to make it a much better land and hold it sacred to our hearts.

Without any hands, Sperandeo taught himself to feed and groom himself, to write and be independent of outside help.

The county track meet, originally set for Saturday, May 8, at South Mifflin school, in which the Hilliards boys and girls were to have competed in the various events, was postponed until Saturday, May 15, because of the weather.

It's Repeat Sales That Are Most Important, Dewey Korn Says

Treating the public right is of the utmost importance in being successful in the sale of used cars over a long period of time, according to Dewey Korn, head of the used car department of Saeger Buick, 1395 W. Broad-st.

Dewey Korn

"Considerably more than half of our business is obtained from those who have previously purchased a used car from us," Mr. Korn declared, "and they certainly wouldn't return time after time if we were not absolutely honest and fair in our dealings with them."

Mr. Korn, who has been with Saeger Buick for four years, is a familiar figure on the automobile row of W. Broad-st. In the automotive "game" since 1926, he owned his own business at 720 W. Broad-st for nine years.

The Korn family includes Mrs. Korn and a daughter, Anne, who was graduated last June from St. Mary of the Springs and is now employed at the Farm Bureau. They are Hilltoppers, residing at 459 Guernsey.

Both Mr. and Mrs. Korn call Jackson, O., their home town, and he taught school there for four years before coming to Columbus in 1924. He has a degree from Rio Grande college, which recently made headlines because of the basketball prowess of "the Tumbos" "Bevo" Francis.

Asked if there could be any similarity between teaching and selling automobiles, Mr. Korn said: "People are much the same, regardless of age. Gain their confidence by being fair and you've gained their respect, which is so necessary, whether you are attempting to educate them or sell them an automobile."

Lincoln Village Selected As Site Of 'Electrical Living Exposition'

Lincoln Village has been chosen as the site of the 1954 "Electrical Living Exposition," May 23 through June 13, according to an announcement made by officials of the Westinghouse Electric Corp. and the Columbus and Southern Ohio Electric Co. The exposition will mark the first public showing of houses in the 1170-acre "model city" development.

Fourth of its kind to be held in the nation, the exposition will feature three new houses equipped with the latest electrical devices and appliances. The homes, now under construction in Lincoln Village, will illustrate three separate levels of electrical living.

Westinghouse officials pointed out that in recent years, similar promotions had been held in Hartford, Conn.; Indianapolis, Ind.; and Chattanooga, Tenn. The tremendous interest in building in Central Ohio and the corporation's giant new factory on Phillipi-rd are factors in the decision to hold an exposition here.

Many unusual housing features, including a home heated and cooled by the revolutionary new heat pump will be shown. A precipitron, and electronic air cleaner which cleans and freshens air, and a bathroom ceiling which pours forth artificial sunlight will be two of the many innovations to be displayed.

Interior decorations, furnished by the F. & R. Lazrus and Co., will show the casual living type of furniture and decor to be used in the new homes.

The Contemporary Home will be erected by Certified Homes, Inc., and will be located at 275 N. Murray Hill-rd. The Ideal Home will be built by the Peoples Development Co., developers of Lincoln Village, and will be located at 4800 Ameabury Way. The Home of Ideas at 400 N. Murray Hill-rd will be erected by George Byrd, builders.

Masons To Hear Canadian

All Royal Arch Masons of central Ohio are being given the opportunity of hearing a prominent Canadian industrialist speak in Columbus. Clarence M. Pitts, an active Presbyterian layman and president of the People's Gas Supply Co., Ltd., of Ottawa, is to be in Columbus on May 18.

WARN AGAINST DELAY

Several gas heating appliance firms have indicated great concern over the fact that holders of gas heating permits are not contracting now for installation of equipment. It is felt that many who received permits after the recent "untreeze" of gas for home heating purposes, will be disappointed if they wait until next fall to seek installations.

Mrs. Louise Wolfe Carries On Family Tradition As Mon-E-Bak Reporter

Mrs. Louise Wolfe

It's sort of a family tradition for the Hayslips to serve as Record correspondents for the Mon-E-Bak Addition. And just because she is married to James Wolfe, a Ternstedt GM worker, and has changed her name is no reason for Mrs. Louise Hayslip Wolfe to break with tradition.

Mrs. Wolfe, who lives at 3986 Plainview-dr, has only been serving as correspondent for the past couple of months. Her sister-in-law, Mrs. Irene Hayslip, held down the correspondent job for several years before moving out of the addition in the latter part of 1953.

A native of the Hilltop, Mrs. Wolfe is a 1944 graduate of West High School. She and her husband have two children, Gayle 6, and Jimmy, 2. Despite the press of family household chores, Mrs. Wolfe finds time to help her parents, Mr. and Mrs. George Hayslip, oprate Hayslip's Grocery at 3567 Plainview, and to bowl in the Columbus Major League at the Hillcrest Alleys.

Mon-E-Bakers with news of comings or goings of themselves or their neighbors or other news of the community are invited to call Mrs. Wolfe at JO. 6015 or to drop the items off at the grocery store.

West Broad Tops John Burroughs In Hilltop Gra-Y Softball Tourney

By Dick Wilson

West Broad knocked John Burroughs down into the losers' bracket in the Hilltop Gra-Y Softball Tournament which was continued last weekend at the John Burroughs playground after a weeks delay because of rain. The West Broaders jumped into an early lead in the first inning and continued their slugging ways throughout the game to win 16-5.

The game was never in doubt from the beginning as the John Burroughs team was outplayed both defensively and offensively from the start. Bob Richards and Jimmy Walker shared the mound duties for the losers, with Eric Marlow receiving. Richards was charged with the loss.

Tommy Hartranft hurled the complete game for the victors and gave up only three hits. Dave James was his battery mate.

Calvin English and Dave Levering led the victors in runs scored with three each. Ronnie Moder crossed the plate twice for the losers. Ray Barnes led the losers in hitting with a single in three times at bat. Levering led the victors with a single and triple in three times up.

Jimmy Smiley and Jim Ricketts looked good afield defensively for the winning nine and Jim Walker starred afield for the losers.

Young Puppy's Leg Apparently Broken Cruelly By Child

The long ordeal of a two-month-old Hilltop puppy, whose leg was apparently deliberately broken and who narrowly escaped death by hanging last Wednesday at the hands of a young girl, was near an end yesterday.

The pup, owned by Mrs. William F. Blackburn of 113 Midland-av, will have his leg out of the cast within a week, according to officials at the Humane Society's animal shelter, where he was taken after the rescue.

A resident of Clarendon-av called the society after he observed the girl attempting to hang the puppy from the second-floor window of an empty garage shortly after noon last Wednesday. The puppy's leg was broken and his owner declared that he had been in perfect condition when he strayed from home.

Humane Society officials talked with parents of the girl, but did not prefer cruelty charges because of the girl's age.

Franklin Township Incorporation Recorded, Now Being Processed

Recording of the 13-page formal request of Franklin Township for incorporation as the village of Franklin Heights should be completed and ready for forwarding to the secretary of state within the next 10 days, County Recorder Ray Schaefer said yesterday.

The document and accompanying plat map of Franklin township were filed on Friday, May 14, at the recorder's office. Because of the unusually large size of the area, the job of recording the papers will be quite difficult, Schaefer said. He stated, however, that the papers would go through his office just as rapidly as possible.

Attorney Tom Applegate and Franklin Township Trustee John Guy filed the request for incorporation, which includes a transcript of the recent incorporation election and the plat map.

Although it is common knowledge that at least four individuals or organizations have declared their intention of filing an injunction against the incorporation, as of 10 a.m. yesterday, no such injunctions had been filed with the recorder's office.

While the recorder is obliged by state law to forward the incorporation request "forthwith" to the secretary of state, the law also provides for a 10-day period after the initial filing in which injunctions may be filed.

Drainage Suit Settlement Talks Were On Mutual Basis, Attorney Says

Discussions concerning the possible settlement of a suit for $20,000 damages that grew out of drainage from the Hilliards sewage disposal plant running through the Weaver farm have been on a mutual basis, the attorney for the plaintiff declared yesterday.

Neither side made the first overture and the presentation of a bill of expenses incurred as a result of the drainage on the part of Mrs. Weaver, farm owner, and Arthur Davenport, farm tenant, at a recent special session of the village council was merely a means of getting a factual basis for a settlement discussion.

On Apr. 28 the Hilliards officials unanimously agreed not to continue negotiations, but to await the decision of the suit in court.

Kay Glass

Kay Glass and Ronnie Kirkpatrick have been chosen as class speakers to represent the 12A class at their commencement.

Kirkpatrick

Kay, who is the daughter of Mr. and Mrs. R. C. Glass of 172 Guernsey-av, is a member of National Honor Society, "L" Society, Y-Teen cabinet, and GAA.

On Wednesday night, Rev. James Van Meter of the Assemblies of God will give the invocation. Rev. R. E. Lovelle of the Church of God will give both the benediction for senior high and the invocation and benediction for junior high.

Westgate School 2-Room Addition Contract OK'd

Of special interest to local residents to the meeting of the Columbus board of education on Tuesday was the awarding of a $27,761 contract for construction of a two-classroom addition at Westgate School to be completed some time this fall. The contract was awarded to C. C. Vogel of 715 S. Wayne-av.

Other measures affecting the Hilltop were authorization of playground programs for an eight-week period beginning June 21 for such local schools as John Burroughs and West Broad Elementary Schools, approval of bids for desks, chairs and cabinets for Burroughs and West Broad, and authorization of bids on equipment for Starling Junior High.

Also of great local interest was the grant of $500 to a West High School English teacher for achievements in education." Myron T. Seifert, well-known Hilltopper, was the recipient of one of three awards. They were provided by a $5000 anonymous gift to the board last December. The money will enable the teachers to travel, study, or do work in research related to their profession.

Another such gift was awarded to Robert Nash, principal of McGuffey school, and a former Hilltopper.

Loss Of Hilltop Play Area Issue Tabled Monday By City Council

By Grace Durflinger

What started out to be quite a ruckus on the Hilltop concerning the possibility of losing a play area for local children, "fizzled" at city council meeting Monday evening, May 17, when councilman tabled the entire problem for an indefinite period.

Several weeks ago, Harold Fox, 235 S. Westgate-av, trustee of Ohio Yearly Meeting of Friends, presented a petition to city council to vacate Roys Circle, an area at Ridge and N. Powell-av within the boundaries of the 12-acre property located at 248 N. Powell-av.

This plot of ground was dedicated to the city as a street in 1923 by L. C. Haldy to provide entrance to the five lots located there and owned by Haldy. After his death, his widow, Josephine Haldy, gave the lots to the Ohio Yearly Meeting of Friends.

The request to vacate the area was made so that the Highland Avenue Friends Church might purchase a portion of the surrounding property as a site for a new church which would face Ridge-av, Fox said. This space is the most desirable location available as it provides off-street parking and also affords a space for youth recreation, which the church is desirous of developing in its new location.

A number of residents were present at the council meeting to oppose the petition when it was again presented Monday evening. Mr. Charles Chew, 2811 Ridge-av, spokesman for the group, told the service committee of council, which was reviewing the petition, that the children of the area have made use of the property as a playground for many years and residents were opposed to vacating the circle for this reason.

Because of the opposition confronting the petition, Fox requested that it be tabled.

Members of the association, planning to attend, may bring one guest and should bring their own table service as well as a covered dish. Coffee will be furnished.

DREAMS REALIZED

Rites Mark 'Turn-On' Of Columbus Water for Rome and Lincoln Village

Ceremonies at 3 p. m. yesterday marking the official turning on of city water to taps in New Rome and Lincoln Village also marked the realization of a five-year dream of the Rome Business Association.

The rites, which took place in the new pumping station on W. Broad-st west of Phillipi-rd were simple ones and consisted mainly in the deeding over of New Rome's old hard-water lines to Franklin County by New Rome Mayor D. J. Kunz and speeches commemorating the entire project as an example of city-county-township - and - other-agencies cooperation.

The new pumping station, which will serve as a booster for water that will flow to Lincoln Village and New Rome, also contains the meters on which the city will base its sale of water to the county, and the county, in turn, will base its sale of water to New Rome and Lincoln Village.

In deeding the water lines of its own well-water system to the county, New Rome entered into an agreement that water from the hard-water system would be available to the area in the event "bugs" appeared temporarily in the new city system or that a severe shortage of water at some future date might seriously curtail available water supplies. The deep wells and the lots on which they are located still remain the property of New Rome.

Those taking part in the ceremonies were, in addition to Mayor Kunz, the three county commissioners, County Sanitary Engineer Deane T. Mitchell, Columbus Water Superintendent Paul C. Laux, and a representative of the Peoples' Development Co. (developers of Lincoln Village).

Also present were Dr. William O'Harra, past president, and Knute Ritzman, current president of the Rome Business Association.

Shortly after its inception five years ago, the Rome Business Association decided to make obtaining of Columbus water and sewage

Old Magazines Reveal That Products Change Thru Years

Recently unearthed by Mrs. Hazel Roberts of 303 Belvidere-av were The Saturday Evening Post, Dec. 19, 1908 issue and The Ladies Home Journal, January, 1907 issue.

The most eye-catching items found in the magazines were the advertisements. Many of our current products appeared, advertising along the same line.

Ivory Soap had its presently familiar slogan— "99 and 44/100 per cent pure"; Old Dutch Cleanser sold at the reasonable price of 10 cents a can; Mennen's talcum powder was priced at 25 cents; Gem Safety Razor for men ranged in price from $1 to $3.50 a set.

Chocolate bars sold for 5 cents a piece and Korn Kinks, a ready to serve maltedcorn flakes cereal for 5 cents a package.

Milady's shoes were selling for $3 to $3.50 a pair.

For the very low price of $3.80 a person could buy a seamless wedding band and have 100 wedding invitations printed for $3.50. To address the invitations one could use A pen selling at $2.50 and also guaranteed for 10 years.

The sports-minded gentleman was interested in a 3½ horse power motor cycle selling at $200.

One news article gave President Theodore Roosevelt's personal views on modern education. Another article reported experiments that the government was carrying out for the public among them cheaper shopping by rural delivery, improving the turkey crop, and saving the lobster.

Other news articles of interest were "How an Apartment Burglar Works" as told by a burglar, "Seeing New York Through a Megaphone", telling about sight-seeing in New York City, and Mother-stories stories to be related to little children.

In the article "How Shall We Live: Board, Rent or Build?" the following questions were asked and answered: Should you dwell in the city or in the suburbs?; How much should a family pay for rent?; How can a family of

Forced To Stay Home By Ads

Because of want-ads placed in this newspaper every week by Mrs. George Layne of the George Layne & Co. realty firm, she finds herself forced to stay at home every Thursday and Friday.

From the number of telephone calls she receives on her home phone these two days Mrs. Layne is convinced that a large percentage of the adults in the 32,00 homes into which her ads are carried by this newspaper each week read every word of the "Real Estate For Sale" listings.

"We've had wonderful results and the classified habit is one that has really paid off," declares Mrs. Layne.

The same thing works in reverse. If you want a new home, let the classified ads look for you. The prospective home buyer can save hours of looking by putting the type of home he wants into a classified ad.

Whatever side of the fence you are on, you'll find that calling RA. 1125 or GA. 9262 for courteous assistance in the wording of your want ad will be one of the smartest moves of your life.

Christian Films Proven Popular By Attendance

Christian films have risen greatly in popularity in Central Ohio since the Drive-In Christian Film Association was founded five years ago by W. C. Rae and his son, James W. Rae. This drive-in was the first of its kind to be organized anywhere.

The drive-in, which is inter-denominational and operates on a non-profit basis, had its first beginning at a log cabin on Hyde-rd; then it was moved to its present location one block south of 1900 W. Mound-st.

The movies, which have a religious or moral building theme, will be made more visible this season because of a new 16-mm. arc projector that gives off five times more light.

There is no admission charge, but one may contribute to the free-will offering taken at the end of the movie. The money received is used for operational expenses only.

All children under 15 who attend the movie receive a free bottle of pop.

Nightly audiences range up to 5000 people. A survey taken last fall revealed that 116 churches were represented in one night.

One of the most popular attractions, a Western called "Mr. Texas," will be shown again on Saturday and Sunday, June 5 and 6. Other future attractions will be the personal appearance of Former TV Star Mel Martin and a Dale Evans movie.

The current trustees of the association, Paul W. Washburn and William Compton, handle and plan all business under the leadership of Director James W. Rae.

Society News Deadlines Set

The West Side News society department is endeavoring to provide an enlarged and improved service to its many readers. In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 8 a.m. Tuesday.

Deadline for the arrival of news of clubs and other woman's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 5x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

Bob Wery, disc-jockey for radio station WCOL is a very popular guy around Sunshine Recreation Center. Every Saturday evening from 8-10 Bob broadcasts his program "Teen Dance Date" direct from Sunshine. All records played are requests from teen-agers that attend the dance.

Bob interviews teen-agers at the dance over the air, and gives each one interviewed one of the Capital records — latest release.

Several hundred teen-agers from all parts of the city are enjoying dancing to their favorite recording artist. Last Saturday evening many people who were out riding in their cars heard the program over their radios stopped in at the Sunshine Recreation Center.

Parents are bringing their teen-age youngsters from other parts of the city to attend the dance. Some of the parents stay with the teen-agers and others return for them when the program is over. Free Cola and potato chips are available at the dance.

Two distillers of Alabama moonshine were discussing their operation.

"When I take my stuff into town," one of them explained, "Ah always drive mighty slow— 'bout 20 miles an hour."

"Skeered of the law?" the other jeered.

"Nope," retorted the first. "Ye gotta age the stuff, hain't ye?"

Three West Hi Students Tell Of School Life In Native Countries

WORLD TRAVELERS—West High School foreign students, Henry Rennie, Ursula Augustine, and Michael Perez, are showing their native homes on the globe. (Photo by Jack Howell)

By Joan Dunlap

West High School students could tell many interesting tales, not only about this country, but others as well.

No, they haven't learned it all from history or geography classes. Their knowledge of countries foreign to us has been compiled by actual experiences. Three of these students — Ursula Augustine from Germany, Henry Rennie from Scotland, and Mike Perez from Mexico—have been asked to tell us about their homelands.

Ursula, 17, lives with her mother and father, Mr. and Mrs. William Augustine at 316 Whitethorne-av. She will be graduated from high school in another semester or two, and has a number of interesting things to say about her native country, Germany. Ursula has been in America since January of this year.

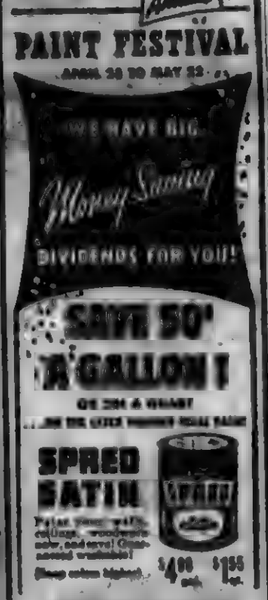
Mr. and Mrs. Augustine and Ursula joined her uncle, Fred Augustine, here in Columbus. The United States will be Ursula's home although she plans to visit her birthplace on vacation in the future.

The schools in Germany are extremely different from those with which we are familiar. The last school Ursula attended in Europe was Real-Schule in Rheinland, Germany. The pupils have no study halls, and there is no time alloted for doing homework assignments in school. School starts at 8 a. m. and lets out at 1 p. m. every day of the week except Sundays. She also mentioned that if a person wishes to attend high school in Germany, he must pay for this privilege.

When asked her views on the political situation in Germany, the pretty Ursula hesitated momentarily and then explained, "Why I know nothing about it. Politics are for men and big boys, not women!"

Henry, a boy from old Scotland, is also among those reporting to West Junior High School each day. He is 13 years of age and lives with his parents, Mr. and Mrs. Henry G. Rennie, and his two sisters, Ann and Julia, at 211 North Powell-av.

Henry has been in the United States for about a year and a half now and likes it very much. The whole family may return to Scotland in a couple of years because their stay here most likely will be temporary.



"They furnished students with notepaper in my school in Scotland," were the words of Henry. One other difference in curriculum was the fact that less importance was placed on history and geography in Henry's Scottish school.

Mike is a dark-eyed Mexican boy who is a 7A at West Junior High School this year. Mike has been in Ohio for almost three years and the Perez family plans to remain here. He is 15 years old and the son of Mr. and Mrs. F. U. Perez, 2946 W. Broad-st. He has three sisters, Jean, who is married, Maria, 13, and Linda 7.

In Pueblo, Mex., Mike, attended the Instituto Mexacno Madero in Eastern Mexico. This large school has grades from one to 12. One main difference is that all supplies needed in school are sold there. The books are sold to the students instead of just loaning them to them. Mike lived at school and went home only on weekends. This was one feature of the school that Mike enjoyed during the four years he attended the school.

May 30 Is Date Set For Dedication Of New Hoge Memorial Presbyterian Church

By Donley Wray

The new Hoge Memorial Presbyterian Church at 2930 W. Broad-st will be dedicated at 3 p. m. May 30. The dedicatory sermon will be delivered by Rev. Ganse Little of Pasadena Presbyterian Church, Pasadena, Calif. Rev. Little, formerly pastor of the E. Broad-st Presbyterian Church for many years, is the chairman of the National Board of Christian Education of Presbyterian Churches, USA. The dedication will be open to the public with a reception following.

First organized in 1908, the church is named in honor of Rev. James Hoge, the first Christian missionary in Columbus. Its first location was 29 S. Eureka-av. The construction of the new church was begun in June of 1952, the cornerstone was laid in November of 1952 and the first service was held May 2, 1954.

The building is of native limestone, trimmed in Indiana limestone and has a regular seating capacity of 650 but will seat about 900 with the use of additional facilities. It is of modified Gothic architecture and the windows are of stewardship or service depicting modern art, industry, profession and transportation. One series of windows in the nave gives the history of the Holy Bible while those in the chancel include scenes from the life of Christ. The three lancet window over the front entrance which is lighted at night is pure or geometric design. A memorial window of James Hoge and John Calvin placed in the East transept represents the founder of the Presbyterian Church and the first Christian missionary in Columbus.

You will discover that the education building is completely departmentalized with assembly and class rooms for each department and will accomodate about 800 for church school purposes.

The large hall in the basement seats about 300 people at tables and has a stage for plays. The modern kitchen, completely equipped, was furnished by the women of the church.

Rev. A. J. Wold, the present pastor of the church, has served as its minister since July of 1939.

Mrs. Dyer Shares Favorite Recipe For 'Lemon Cake Pie'

Mrs. Florinda Dyer

Mrs. Florinda Dyer, 86, the only living charter member of the Francis Willard Unit of the Women's Christian Temperance Union, shares her favorite recipe with readers this week. Formerly of W. Broad-st near N. Princeton-av, she now resides at 56 Crestview-rd.

Mrs. Dyer is one of seven founders of the Unit, organized in 1898, at West Park Methodist Church, and this year marked her 55th year of active membership. A past president of the Francis Willard Unit, she is still active in WCTU work and reports on legislative actions to the unit.

Mrs. Dyer's favorite recipe for "Lemon Cake Pie" will also be a favorite with all those who try it.

Lemon Cake Pie

1 cup sugar
1 tablespoon butter or oleo
2 eggs
½ teaspoon salt (scant)
Juice and grated rind of one-half large lemon
2 rounded tablespoons flour
1 large cup milk.

Mix sugar, butter, egg yolks and salt. Beat well. Stir flour in well. Add lemon juice and rind. Add milk slowly and, last, stir in stiffly beaten whites of eggs. Pour in unbaked pie crust. Bake in slow oven, 300 degrees, for 30 minutes.

Few Vacancies Still Remain For YMCA's Camp Alfred L. Willson

Above is a typical scene of water sports enjoyment at the YMCA's Camp Alfred L. Willson on the Miami River.

Many Hilltop boys have signed up to go to the YMCA's Camp Alfred L. Willson. They will soon be enjoying swimming, sailing, boating, canoeing and other water sports.

In addition to waterfront attractions, the camp provides an all around program of arts, crafts, Indian lore, nature interest, hiking and exploring, and all land sports, including softball, tennis, archery, riflery, volleyball, badminton, soccer and basketball.

Canoe trips on the Miami River are offered for older campers and other trips and hikes for all boys according to their ages and skills. Trips will again be made to the Ohio Caverns and to the famous Nacochek Castles.

Best of all is the fun of learning to plan, work and play together in the inspiring camp setting under qualified counselors who are able to open new horizons of knowledge and living.

Camp Willson operates for a 10-week season which is divided into five periods of two weeks each, beginning on June 18 and ending Aug. 27. A few vacancies still remain in some of the periods and are available on the basis of "first come, first served." Full information may be obtained at any YMCA branch or by calling AD. 2181.

About Cremation

Cremated remains are not ashes but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated, crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy—the withered disintegration of the casket and the clothing being light are blown away by air leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is no further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director of the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-5355, 6969 W. Broad Street. Adv.

"THE REAL REMEDY"

BY REV. C. T. LANGHOLZ
PASTOR OF ST. JOHN LUTHERAN CHURCH

Rev. C. T. Langholz

The present day world still is a sorely distressed world. On the one hand, much real suffering is still found in countries stricken by past and present wars. On the other hand, much discontent, apprehension, fear, dissatisfaction with things as they are, and distrust of the motives of others, is found in countries virtually unscathed by the great conflicts of the last four decades.

Various remedies are being prescribed for society. Some feel that revolution, radical and unsparing, must be stirred up and carried through. Others feel that an increase of material prosperity will enable society to attain to great heights. Still others clamor for the enactment of laws that will assure greater economic security. Some contend that the abolition of all traditions, religions and otherwise, will pave the way to a brighter future. But while these would-be doctors of society are expatiating about their respective remedies, society remains sick "in head and heart, in chest and limbs, from centre to circumference."

"Is there no balm in Gilead? Is there no physician there? Why, then, is not the health of the daughter of my people recovered?" Yes, a real remedy is at hand. "O earth, earth, earth, hear the word of the Lord." It is quite generally acknowledged that in the word of the Lord those truths and principles are contained that make for personal and civic righteousness. But better yet: in the word of the Lord He is presented whose blood cleanseth from all sin and who delivers in such a way that man is not only reconciled to God but lives to the Glory of God.

The great need of the hour then is that men hear the word of the Lord and in the power of that word of the Lord follow Him who truly is "the Hope of the world."

Give your children real security!
We don't mean the nicest home in the best neighborhood . . . the newest, sleekest car . . . the right schools, the right camps.
We're talking about the kind of security they can't do without . . . the kind that comes from inside.
Faith. In God, in life, in themselves.
For life is no game for spiritual stories. Only Faith . . . the armor of the spirit . . . will give them the stamina to meet it courageously, no matter what it brings.
You can show your children where to find faith . . . how to build it day by day, if you make praying a family affair.

INTRIGUING DECOR

Antiques Adorn Converted Home Of Dr. and Mrs. J. A. Park

Dr. James A. Park, a spry and alert man of 86 years, lives with his wife in a converted Quaker church at 2880 W. Broad-st.

Intrigued by the architectural possibilities of the church Dr. Park acquired it in 1914, revamping and designing it himself for his own living quarters.

The Parks' home is furnished entirely in antiques of many styles, some of which are French and Jacobian. All of these antiques were purchased singly and at many different places.

One of Dr. Park's most prized possessions is a violin which he has had for 72 years. Among the other beautiful antiques are gold clocks and ornaments, vases, chairs and pictures.

Dr. Park was born in Scotland and came to this country where he entered the medical field after having been a coal miner and a pharmacist.

A few years ago Dr. Park received an award from the Ohio Pioneer Society after having practiced medicine for 63 years.

He and Mrs. Park have traveled over the world; while in Italy they received an audiance with the pope.

The Parks have one son, Harry L. Park, an attorney in Philadelphia, and two grandchildren.

TOGA FEVER

Latin Week At Hilliards Climaxed By Student Winning Editorial Award

Climaxing the celebration of Latin Week, Apr. 20-24 at Hilliards high school, Judy Holcomb's teacher, Mary G. Duncan, received a telephone call from the Columbus Latin Club that Friday to bring Judy "right down" to Derby Hall on the OSU campus to receive an award — which Mrs. Duncan understood was an honorable mention for her entry in the editorial contest on the subject, "The Value of Latin in the World Today."

Hurrying down to the meeting, teacher and pupil were floored to find that no honorable mention awaited Judy, but first prize in the ninth grade division! This happy ending wound up one of the most interesting projects ever undertaken in the local schools, and had been followed through with such enthusiasm by students that plans have been made already to celebrate a bigger and better Latin Week next year.

Among the activities pursued were notices — all in Latin — in the school paper and on posters in the halls, all the handwork of students. Each class member made a lapel pin for faculty members, each pin symbolizing the Loman counterpart of the individual faculty field. Two students used the school's public address system, the first day of Latin Week, to announce, partly in Latin and partly in English, the "coming of the Romans."

Bulletin boards were constructed, one carrying out the theme, "Latin Lives Today" and the other, "Roman Culture," bearing illustrations representing various phases of Roman civilization.

On Wednesday, the class members appeared dressed in Roman attire, the boys in togas and tunic, the girls in palla and stole, and all conversations were held (supposedly) in Latin.

The Columbus Latin Club has gone a long way to reviving interest in the traditional "hate" of students of the "dead" language, — dead no longer up Hilliards way.

PUBLIC COMMENT—

McCarthy Hearings Still Topic Of Discussion

The question, "How do you feel about the McCarthy hearings?" is again one of foremost interest. The opinions as listed below convey the ideas that the hearings are confusing to the average viewer and small details seem to be over emphasized.

Mrs. O. C. Donohue, 180 N. Ogden-av: "I watch nearly all the hearings but don't always agree with their methods. I do think more would have been accomplished if the hearings had been private."

Mrs. Louis B. Roberts, 2911 Olive-st: "I think the hearings are a good idea but sometimes small details are over emphasized. They should concentrate their efforts on more important things. It is good to have the hearings on television so the public can see them."

Wayne C. Hughes, 592 Bleno-blvd: "I personally think the proceedings are all very childish, but maybe it is good to broadcast the hearings so people will realize what a terrible mess we have in Washington."

Mrs. William Harris, 142 S. Warren-av: "Sometimes I don't understand the purpose of the hearings or see what good they are doing. Besides that they are tiring to listen to."

Union Election Date Set At Westinghouse Plant

May 26 has been established as the date on which a general election of bargaining agents will be held at the Westinghouse Appliance plant here, according to E. L. Smith, works manager.

This date was selected in a joint meeting of union representatives with company officials and the representative of the NLRB at the Westinghouse plant. The company has agreed to this date on assumption that the company's petition now before the NLRB would not make it necessary to change the date.

Arrangements for a smooth and orderly election include plans for five polling places located throughout the plant. This has been agreed to by union officials and the NLRB. The exact locations of the polling places will be announced at a later date. The approximate number of employes who will be eligible to vote is [illegible].

Through The Garden Gate

Sponsored by
Highland Avenue Garden Club

By Kathryn Xander

The Garden Gate has swung open 24 times since last fall and the Highland Club expresses the hope that you have enjoyed visiting with us as much as we have enjoyed sharing with you—our thoughts, our dreams and favorite secrets on growing our flowers and arranging our gardens.

To be an American is wonderful—to live in Ohio is great but to have a home and garden on the Hilltop is sort of extra special.

To all of our friends and neighbors who have visited with us "Through the Garden Gate," we would like to say that if any of you have benefited or been inspired to cultivate a "green thumb," or some idea has installed in some youthful heart the desire "to grow things" we are very pleased and very happy.

As we close the Garden Gate let us oil the hinges with loving kindness, and, working together, beautify every yard of the Hilltop.

A MASTER SYMPHONY

This morning just at break of day,
There floated to my ear
The sweetest song, in perfect tune—
A song of praise and cheer.

Though the air outside was chilly,
The singer did not care,
He only sang the louder from
His lofty station there.

He had no written notes to guide Him, nor an organ grand;
If high or low, he seemed to know
Each note, and to understand.

My heart was glad as I listened
To the almost bursting throat
Of Robin Redbreast singing praise
From music that God wrote.
Ethel Titus Worthen.

Several months ago she returned from Korea. She was at Panmunjom when the prisoners were returned and was one of the first American girls they saw. Her official job: Army nurse. Her above-and-beyond-the-call-of-duty job: friend, comforter, letter-writer, counselor and pepper-upper to many tired, sick and homesick boys. She was in World War II too, and while in Korea and Japan she met several boys she had known in that war. Since she has come back to the United States she has had mail from all over the world—from GIs who do not forget. She is lovely to look at; thirty-five-ish, and not ashamed to admit it; her eyes are kind and wise and reflect some of the tragedy they have seen. But this doesn't show when she is smiling, as she usually is. After resting for several months she is becoming restless and is eager to take off again. She has received many honors but the only one she will talk about is the serenade a group of Korean children gave her the night before she left for the States. They had learned her favorite song, and played it for her on harmonicas and paper-covered combs given to them by the American soldiers. Truly, she is one of the greats. It is an honor to know her.

In Passing

My favorite shutin has a friend in Wheeling, W. Va., who sent her this poem, entitled "God Bless You." She did not know the author's name but we all think it is worth passing along. This lady in Wheeling, incidentally, is one of the most courageous gals we know. Paralyzed from the waist down, she has been told she will never walk again but she recently bought a pair of crutches, as she says "Just in case." Nobody has ever known her to whine or gripe, and I for one, am ashamed that I do often! Here is the poem.

GOD BLESS YOU

I seek in prayerful words, dear friend,
My heart's true wish to send you
That you may know that, far or near,
My loving thoughts attend you.

I cannot find a truer word
Nor fonder, to caress you,
No song nor poem I ever heard
Is sweeter than "God bless you."

God bless you. Now I've wished you all
Of brightness life possesses,
For can there any joy at all
Be yours unless God blesses?

God bless you — so I breathe a charm,
Lest grief's dark night oppress you.
For how can sorrow bring you harm
If it is God's way to bless you?

And so through all your days
May shadows touch you never,
But [illegible] alone — God bless you, dear,
Then you are safe forever.

YOUR YOUTH

By Bob Schmidt

The Hilltop Y Father and Son Indian Guides took to the warpath, outfitting their canoes, and paddling down the Scioto River to Waverly, on May 14. This induction team, headed by Big Chief Frank Watts, assisted by Stan Ruoff and Bob Phillips and the new Ghost Dancers inducted the new Indian Guide Tribes at the Waverly Indian Guide Reservation. The Ghost Dancers, who are the Little Braves, have been practicing many moons for this induction and performed in full Indian regalia.

Our mothers council conducted a successful flower and bake sale on a recent week end under the able direction of Mrs. Virgil Furry, chairman of ways and means committee, assisted by Mrs. Frank Watts and the other members of the council. They realized a satisfactory profit which will be turned over to the Hilltop YMCA to help sponsor the boys program at the Y. The Hilltop Y youth wishes to salute the mothers council for their kindness and generosity.

With warm weather in the offing the Wednesday afternoon West Broad Playground event is proving to be very popular. All boys throughout the Hilltop area are eligible to attend this event, so come on down to the ball diamond in the back of West Broad School next Wednesday afternoon right after school.

The Gradale Sorority, which is affiliated with the Hilltop YMCA, is busy planning for its annual installation of officers and induction of new members on May 27 to be held at Hoge Memorial Presbyterian Church. This will be a dinner affair and husbands and guests of the members will enjoy a delicious meal and an evening of entertainment.

It is now a known fact that all the war whooping heard throughout the Hilltop have not come from the boys alone. The Y Indian Maidens are now organized and have developed three tribes. This is a mother daughter movement and its purpose is to make mother and daughter "Helpmates Forever" and to bring about a closer feeling with the home and the YMCA. Their motto is "Love for God and one another." We thought you would also be interested in knowing the aims of the Indian Maidens which are:

1. To know the purpose of the YMCA and enjoy a program of Indian Lore.
2. To give members a chance to practice deeds of Courage, Honor, Truthfulness and Kindness.
3. To help members learn new skills.
4. To help us learn to do things in an orderly way.
5. To create good mother and daughter relationship.
6. To form a close family circle.
7. To develop friendship with other children and neighbors.

Anyone interested in belonging to this mother and daughter program is welcome to call the Hilltop Y office, JO. 4041 for additional information.

Hey fellas!! Don't forget your applications for Little "Nine" Baseball and Little Bigger League. If you have misplaced yours, you can get another application at the Y office. Remember they have to be in soon and must be signed by your parents.

Three Hilltoppers Named To State Committees Of Engineers Society

Huron-av of the Columbus City Engineers Commission of City Hall. Harvey and Lindersmith have been named to the public Utilities group and Werner has been named to the employment practices committee.

Membership in the Ohio Society of Professional Engineers is limited to those who have qualified for registration by the Ohio State Board of Registration for Professional Engineers and Surveyors.

Those Eyes —
How Well Do You Know Them?

Robert Case, owner of the Hilltop Swimming Pool, is the owner of the mystery eyes displayed in this test-your-powers-of-observation feature last week.

Bob's association with wells and chemicals, as mentioned in the clues to his identity, is simple — well water and purifying chemicals in the pool. The pool also makes him perhaps best known to the younger set. His recent association as a real estate salesman with Shank and Saunders on the Hilltop brings him more into contact with parents, as we hinted last week.

Bob Case

Owner of the pool for the past 10 years, Bob is a member of the Hilltop Business Association, West Gate Masonic Lodge, Westgate Methodist Church, and West High's Class of 1937.

Today's mystery eyes are associated with that "green folding stuff," an exceptionally cheerful disposition, a half century of living on the Hilltop, and county politics. We'll give you one more hint, probably of value only to his closest friends: he has taught college in Columbus.

Former Record Sports Writer Will Graduate From Olivet Nazarene

David B. Miller, 20, former sports writer for the Record, will be graduated May 27 from Olivet Nazarene College, Kankakee, Ill., with an A. B. Degree.

David B. Miller

Miller plans to enter Nazarene Theological Seminary of Kansas City, Mo., this fall to begin a three-year study in graduate work for the ministry and the [illegible] degree.

Miller served as sports writer for the Record from 1947 through 1951, covering all West Junior and Senior High sports, and wrote the "Hilltop Sport Shorts" column. He also was sports editor of the West High paper, the Occident, and the annual for three years. In addition, he contributed to the Ohio State Journal and Columbus Dispatch. Miller was graduated from West in June 1951, and immediately entered summer quarter to enable him to graduate in three years.

Miller plans to live at home with his parents, Mr. and Mrs. Noah Miller, 2648 Sullivant-av, this summer.

Camp Chase Of 1861 Origin Of Hilltop Area

Camp Chase, established Apr. 26, 1861, was well known as a prison camp during the Civil War days. One reason for its construction was the crowded conditions at Camp Jackson. Camp Chase was really the beginning of the Hilltop. When it was constructed, all of the neighboring land was barren except for a few farm houses. Col A. E. King was the first commander of the camp.

The camp was named in honor of Salman Portland Chase, then Secretary of the Treasury of the United States, and former governor of Ohio.

Camp Chase occupied 680 acres of land. Due to the urgent needs of war it was rapidly built up.

The Used Car Must Be 'Right' Is Motto Observed By John Orebaugh

John Orebaugh

Though he's now a resident of Grove City and in charge of the used car department, it hasn't been too many years ago that John Orebaugh was half of the enterprising construction firm of W. H. Orebaugh & Son.

Then a real Hilltopper, John and his father, who comprised the company, built over 200 homes in this area, principally on Harris, Warren and Wayne.

But even then, as a hard-working house-builder, he had his finger in the auto game, dating back to 1933.

He joined the firm of Earl Sarver, Inc., seven years ago and is "in the middle" of practically every used car transaction of the company.

As has been the case with other managers of used car departments, Mr. Orebaugh declares that it's the repeat business that's made his efforts successful. His motto is: "If I tell a man a car is 'right,' that car must be 'right.' If it isn't, I make it 'right'."

Undoubtedly that philosophy has resulted in a long list of satisfied customers—the ones who remember that they were treated right and return when a newer car is desired.

20,000 Gas Permits Issued To County Residents Recently

An increase or more than twice the number of gas heating permits for the coming year has brought a very serious problem to the minds of gas installation contractors all over the city, according to a spokesman for the Lewis Martin Co.

Permits for 20,000 gas heating installations have been issued by Ohio Fuel Gas Co. for the past year. Previously, there has been an average of 9,000 a year. This presents quite a problem because it requires a great amount of work to install a gas heat unit and the installation of 20,000 in one year will place an even greater burden on the firms.

This makes it harder and more expensive to engage a company to install a unit.e The contractors are urging that the people with permits order parts and arrange for installation now and through the summer months before the snow flies. This will save their customers and the contracting companies a great deal of trouble, unnecessary waiting, and delay in enjoying the benefits of gas heating.

2465 W. Broad St.
Columbus, Ohio
Dear Sirs:

I would like to commend you on your editorial in The Hilltop Record about Central High School. I agree with every word of it. Why tear Central down, when the city has other places to put its office building? I wish you could use your influence to start a "Save Central" campaign. I know a lot of students are grateful to you for your stand on the issue. I, for one, say thanks a million.

Sincerely,
A. [illegible]

Spring certainly does seem to bring out the sap in some drivers. Wise motorists stay alert for the careless driver and are prepared to avoid the accident he could cause. The Safety Council of the Columbus Chamber of Commerce says move over and give narrow minds a wide road! Remember, reckless driving never determines who's right—only who's left!

West Junior High Nine Earns Its First '54 Victory

Downs Indianola Buckaroos 5-2 In Thriller Tilt

By Woody Owens

West Junior High scored its initial win of the 1954 season the afternoon of May 6 on the home lot as they downed Indianola by a score of 5-2.

Larry Goodin a "Little League" graduate, made his initial start of the season and held the visitors to four scattered bingles, with both runs being of the unearned variety.

The Buckaroos loaded the sacks in each of the first three innings but could count only two scores.

In the home half of the fourth, with the score tied at two-all and the bases again full, Kenny Clapsaddle, the local's brilliant shortstop, sent a ringing single to left field to drive in what proved to be the winning runs. However, another score came in before the rally was stopped.

Clapsaddle also stood out defensively.

West High School's 1954 City League baseball title aspirations were pretty well dampened last Thursday afternoon (not by the weather) by the fifth-place Aquinas Terriers as the Irish avenged a first round trouncing at the hands of the locals by a score of 4-0. Ralph Raiser, the Terriers' all around star athlete, spun a neat four-hitter with the Powell-av nine threatening to score but once with an attempted squeeze play going awry in the top of the fifth inning and being turned into a double play to snuff out the threat.

Mike Dodd homered for the Irish for the big blow of the contest.

The Cowboys' next scheduled game is South on the home lot Friday, May 14.

South Downs Cowboys 5-3

Last Friday, on South's diamond, the South High Bulldogs dropped West High's Cowboys 5-3 behind the four-hit pitching of Frank Howard to win their second straight City League start in eight starts.

George Watkins, who beat South in the first round 4-3, didn't quite have it and had to be relieved in the second inning by Bill Spratley. Spratley was making his first appearance on the mound in over three weeks after having trouble with a sore pitching arm.

West scored in the second and sixth innings but couldn't get enough hits together at one time to cause any damage. Friday's loss left West with a 4-4 league slate and South a 2-6. Linden-McKinley visits West tomorrow at 4 p. m. Linden defeated the Cowboys 7-4 earlier in the season.

Many are showing exceptional ability in handling themselves in the basic principles of the game.

The Senior baseball team held its first practice session at Westgate Playground last Thursday afternoon and will hold regular practice sessions each Thursday at 3:45 p. m. Any boy age 16 through 18 is invited to attend these practices and join the team. Several outstanding candidates for the various positions include Bob Dixon, Larry Janes, Mike Posey, Larry Witherup, Roger Hook, Bob Delph, [illegible] Witter, Herb Brown, John Walters and John Gainnikos.

All boys, ages 14 and 18, that are interested in playing should report on the above date at Glenwood Recreation Center, 1925 W. Broad-st.

FASTEST TWO-MILE relayers in the eighth annual Hilltop Relays were the four boys pictured above from West High. Left to right, Tom Coffman, Sherwood Waltman, Jack Madden, and Ralph Wheaton. Their winning time was eight minutes, 39.5 seconds.

YOUR BRANCH LIBRARY

New Books Offer Tips On Good Eating and Vacations

By Mildred Phaler

Among the new books at the Hilltop Branch Library is an interesting triology on Lincoln's famous Army of the Potomac. The new book of the series is "A Stillness at Appomattox," the story of the cruel winter of 1864, when General Ulysess S. Grant was commander. Two earlier volumes are "Mr. Lincoln's Army" and "Glory Road." The latter is a well-written and intensely interesting Civil War series written by the capable Bruce Catton.

A timely book, "Wild Flowers of America," has beautiful flower prints as published by the Smithsonian Institution of Washington, D. C.

Before taking that trip to New York, it would prove interesting to check up on the famous Sardi restaurant. A new book called "Sardi's" tells all about it. In the same vein is the famous Duncan Hine's "Adventures in Good Eating." "Vacation Guide" will be helpful for that contemplated vacation.

Other new books now available at the Hilltop Branch Library are "The Game of Living" by Flora Van Keuren, a sensible book on the ethics of living, and "Publicity for Prestige and Profit" by Howard Stephenson, public relations specialist, presented to help save wasted motion. "Jewelry and Enameling" by Greta Pack is a book explaining processes and actual construction. "Caruso, the Man of Naples" and "the Voice of Gold," by T. R. Ybarra, is a warm biography of a great singer. "Week-End Books of Ghost Stories," edited by Hereward Carrington and "The Hadden Sisters," by Sydney Thompson, are good for mother and dad for week-end reading.

Something New In Basketball

A new type of basketball league is going to be given a trial at Glenwood during the next few weeks. This new team game is a three-man basketball team and had its origin in the different branches of the service during World War II.

Now that the volleyball season is completed there will be available time on Tuesday, Thursday and Friday nights for games. There will be leagues formed in three age classifications, including intermediate, age 14 and 15; senior, 16 through 18; and young adult, 19 through 21.

All boys who wish to enter teams in these leagues should contact Ron Cox at Glenwood Recreation Center, RA. 7416 immediately, since these leagues must be organized right away.

Each team is composed of three players and two teams play each other on one basket. A game consists of 21 baskets by one team or a 30-minute time limit. This is a good conditioning game which will allow for greater participation in a set period of time.

POC Bowling Team Wins Championship In League

By Dana Deahler

A team comprised of six Hilltoppers who are sponsored by POC Beer won the championship in the Westside Merchants Bowling League at the Old Trail Alleys in April.

Members of the team were captain, Bob Cavanaugh, Lee Koontz, Bob Davis, Ralph Wright, Gerald Roberts and Eddie Lantz.

Roberts was the leagues top individual scorer with a 171 average.

East High Wins Eighth Annual Hilltop Relays

By Dana Deahler

East's Tigers won their third consecutive Hilltop Relays crown May 11 by edging out Central 77½ to 74½ under the lights at West's Magly field before 1500 track fans.

The pole event was still going on after the final presentation of the ribbons for the other events, and the score was knotted at 69½-all between East and Central.

East's Tim Blalock tied Central's Dan Bargdill for first place which again tied the score, but East's other pole vaulter, Willie Smith, earned third place to pick up three points and put East in front.

East's fine showing in the pole vault can be credited to its coach, Harry McKnight.

South's Bulldogs took third place with a total of 60 points, West was fourth with 42½, North was fifth with 34 points and Linden placed sixth with 30½ points.

In the two junior high events, Bartlett won the 880-yard relay and Everett won the 440-yard relay.

South's Clarence Pointer was the winner of the trophy for the evening's highest individual scorer with a total of 15¼ points. Pointer placed first in the broad jump event, tied for first in the high jump, was second in the shot put, and was one of the members of the South shuttle hurdle relay team.

The only record that came close to being changed was in the first running event of the evening, the 120 high hurdles, run by Foster of Central with a time of 15.5 seconds which is one tenth of a second from a tie of the record.

For West Ralph Wheaton was top man, being part of West's first place two mile relay team and winner of the 880-yard run.

The other members of the two-mile relay team were Tom Coffman, Jack Madden and Sherwood Waltman.

Dick Furry, West's new star in the high jump event, tied South's Clarence Pointer for first point in that event.

Other West entries were Fred Jackson, fifth in 100-yard dash, Bob Thomas, fourth in discus throw; Jim Kruckeberg, fourth in the 440-yard dash, and Vic Jutt, third in the 220-yard dash.

A wet track and field due to thunderstorms earlier in the day prevented any records from being broken or tied.

Summaries, first, second, and third place only, follow:

High hurdles—Foster (C), and Nowell (E), Peake (S), 15.5 seconds; 100-yard dash — Covington (S); Threatt (C); Houpe (E) 10.3 seconds. Broad jump — Pointer (S), Peake (S), La Corte (L), 21' 8"; shot put—Oates (C), Pointer (S), Swan (N), 49' 5"; two mile relay—West (Coffman, Wheaton, Waltman, Madden), East, Central, 8 minutes 39.5 seconds; 880-yard relay — [illegible] McLaughlin (N), La Corte (L), Turner (E), 52.5 seconds.

West Broad Gra-Y Wins YMCA Tourney 6-0 Over Westgate

By Dick Wilson

West Broad Gra-Y won the Hilltop YMCA Gra-Y Softball Tournament which was held last Saturday at John Burroughs playground. The Saint-coached team won the trophy by handing Westgate their second defeat, 6-0.

Tommy Hartranft hurled the complete game for the champs and gave up only two hits. Bob Saint was his battery mate. Artie Newkirk and Terry Linson shared the mound for the runners-up and Newkirk was charged with the loss. Dick Steele and Joe Ditrick handled the catching duties.

West Broad jumped into an early lead and scored six runs the first inning as Newkirk got off to a shaky start. Newkirk and Linson only gave up one hit apiece after the opening frame.

The highlight of the game was when West Broad made a triple play to stop a Westgate rally in the fifth inning. The Westgaters had men on first and second with no outs. Ronnie Line hit a hard drive to Morris Hinton who made a nice running catch, tossed the ball to Dave Levering who caught the runner off of second and tabbed the runner coming from first. Jim Cook and Stu Randall looked good afield for the losers while Levering and Hinton starred defensively for the new champs.

Westgate earned the right to face West Broad by outslugging John Burroughs 18-10 in the first game of the morning to win the losers bracket. Jim Morris and Terry Linson handled the mound for the winners. Linson was credited with the win. Mike [illegible] started for the losers and was relieved by Bruce Harmon in the fourth. Harmon was charged with the loss.

Score By Innings

Westgate	0	0	7	4	7	0
John Burroughs	2	2	5	0	0	0

Saturday at 10 a. m. the championship team of West Broad will face an All Star aggregation made up from the other four teams taking part in the tournament. The game will be played at John Burroughs playground.

Ralph Agler Authorizes Surplus Wheat Action

Ralph J. Agler, chairman of the local ASC office, announced today that farmers who have planted too much wheat are now authorized to use a part of their wheat acreage for green manure, cover crop, hay, pasture or silage, thus avoiding marketing quota penalties or loss of price support eligibility. However, such action must be completed prior to June 10.

The Hell Cats, managed by Nancy Gaskill, and Rocket 88's, managed by Dolores Parks are practicing Wednesday, 4:30 p. m. and will play in the Intermediate League.

MASTER CRAFTSMAN

Hilliards Resident Fashions Tea Set

Putting the finishing touches to the table and chairs he fashioned from mahogany is Harry Cutler, 28 S. Norwich-st. The set is on display at the Conklin Furniture Co., Hilliards.

By Louise Pohlmann

The expression of one's self in a creative activity is said to be a rich source of happiness, whether it be in painting, a picture, writing a poem, baking a cake, or making something of enduring usefulness and beauty.

Assuming this to be true, then Harry Cutler of 28 S. Norwich-st should be a very happy man. His hobby has always been in making things, chiefly of wood, and he has just completed four months of spare time work in the creation of a juvenile table and chair set for his two small granddaughters.

A snapshot from their daughter, Mrs. John Cutler of Chula Vista, Calif., about holiday time, seems to have sparked the project. The picture showed Deana, 3, and Debby, 2, playing at tea-party on the living room floor. No table, no chairs—just the living room rug.

Grandmother Cutler, back in Hilliards, thought this an awful shame. Harry was always making things. Why not make a set to send out to the children so they'd have a proper way to use their dishes and things?

At the Hilliards Lumber Co., where he works, Cutler obtained a piece of fine mahogany. If he was going to make something for the little girls it wasn't going to be less than the best material and workmanship he could provide.

Patterned after a traditional design, he cut, framed and put together and then finished in the glowing natural sheen of the beautiful wood a dropleaf table and four chairs—just right for tiny tots' tea parties.

It has been a labor of love, both for the far-away grandchildren and for the sheer joy of creation, in a medium he loves and which responds to his skillful hands, and out of which came grace and beauty and lasting worth.

She is a member of the Excelsior, L, and National Honor Societies, she placed high in district and state English scholarship tests in the ninth, tenth, and eleventh grades.

In "Unnecessary Blindness," Helen Keller stated that blindness could have been prevented in two-fifths of all cases if there had been proper treatment.

The editorials and short-stories were essentially the same as those of modern magazines.

facilities one of its major projects.

In order to accomplish this, it was first necessary to have the land on both sides of Broad-st in Rome zoned as general commercial and the areas behind this center strip and east of Rome zoned for light and heavy industry. The cooperation of officials of Columbus, county, township, and other agencies achieved this goal, a spokesman for the association said yesterday.

Sewer lines have already been laid to New Rome and are expected to be finished and in operation sometime this summer.

The new pumping station has cost the county $155,000, according to Sanitary Engineer Mitchell, with water mains extending west from Georgesville-rd and Phillipi-rd to Rome costing another $133,000. Eventually, this system will service 1500 to 2000 customers.

Three Columbus lines hook into the system at Georgesville-rd and W. Broad-st. They are the 20-inch line coming up Sullivant-av and Georgesville-rd, feeding in from the west; the new 36-inch line the city is constructing, and the old 12-inch line under W. Broad-st.

A lot of wrinkles in a business man's face are trademarks.

She was a member of Glenwood Methodist Church, the Virginia Wright Mothers' Guild and the Ohio State University Mothers' Club.

She is survived by her husband, Clifford; a son, Richard; a sister, Mrs. Laura Elcess and a brother, George D. Kendall.

Service was held at 10 a. m. Monday at Jerry Spears Funeral Home. Burial was made at Waverly, O.

Transfer of about half of the Norwich Special Local School District was upheld by Common Pleas Judge Joseph M. Clifford Monday.

This district operates one elementary school on Dublin-rd in the Norwich Local School District, which includes Hilliards.

The action which took place on July 7, 1953, was ruled "neither arbitrary nor unreasonable" by the judge.

Judge Clifford also refused to grant a court order halting the transfer which had been requested by the Norwich Local School Board.

The county board of education received a petition from the residents of the district for the transfer because they had been dissatisfied with present facilities. Opposition was on the grounds that tax evaluation would not be decreased and therefore would not support a bond issue for modernizing the Norwich special elementary building.

WASN'T HOLLOW

Then there was the new bride coming into the dining room bearing a large platter and proudly exclaiming, "My first turkey."

"Why it looks wonderful darling," responded her spouse, "and you've stuffed it so beautifully."

"Stuffed it?" echoed the bride. This one wasn't hollow when I bought it.'

HONORED—"Growing things is a very important part of living and Evans must have a special satisfaction in that he has been growing beautiful things for more than 40 years," Dr. Wedemeyer said in congratulating Evan Evans on his long service to the State Hospital. Snapdragons and carnations from the greenhouses, and fragrant lilies of the valley from the lawns, which have been under Evans' care for almost half a century, were used in profusion at the reception at which his associate employes honored the greenhouse superintendent on May 6. As a token of appreciation Evans was presented a television set from the employees of the institution. Above, left to right, are Dr. Wedemeyer, Evans and Mrs. Evans.
